I-80 daytime lane closures for retaining wall field investigation continue next week in Knowlton Expect possible congestion during the morning commute

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced intermittent single lane closures on I-80 eastbound and westbound near the S-curve will continue next week.

Beginning Monday, July 18, and continuing daily through Friday, July 22 from 10 a.m. until 3 p.m., NJDOT is scheduled to close one lane on I-80 eastbound just before the S-curve near mile post 0.8 through mile post 1.4. One lane will remain open. In addition, I-80 westbound is scheduled to have a single lane closed on Monday, July 18, from 10 a.m. until 3 p.m. in the same area. The closures are necessary to continue field investigations as part of the Preliminary Engineering phase for an upcoming retaining wall project. Motorists are advised to slow down and use caution when driving through the work zone.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information.
