Green Street ramp to Route 46 westbound to be closed Monday in Teterboro Closures required for digging and PVC conduit installation

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the Green Street ramp to Route 46 westbound will be closed Monday for utility work in Teterboro, Bergen County.

Beginning at 9 p.m. Monday, August 1, until 3 p.m., NJDOT's contractor, Joseph M. Sanzari, Inc., is scheduled to close and detour the Green Street ramp to Route 46 westbound. The closure is necessary to dig a trench and install a PVC conduit for utility relocation. This is a continuation of work that began last month. The following detours will be in place:

Green Street northbound to Route 46 westbound detour:

- Motorists on Green Street northbound wishing to take the ramp to Route 46 westbound will be directed to continue on Green Street northbound
- Turn right onto North Street
- Turn right onto Huyler Street
- Turn right onto Route 46 westbound

Green Street southbound to Route 46 westbound detour:

- Motorists on Green Street southbound wishing to take the ramp to Route 46 westbound will be directed to turn left onto North Street, *which is before the ramp*
- Turn right onto Huyler Street
- Turn right onto Route 46 westbound

The \$8.8 million federally-funded Route 46, Bergen Boulevard to Main Street roadway improvement project will resurface approximately two miles of Route 46 in Lodi, Hasbrouck Heights, and Teterboro, Bergen County. The project also includes the installation of ADA-compliant curbs and ramps, as well as traffic signal upgrades. The project is expected to be complete in summer 2022.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and on the [NJDOT Facebook page](#).
