## **Nicholson Road westbound daytime closure and detour required over the next several months in Gloucester City Closure necessary for utility relocation**

**(Trenton)** – Nicholson Road westbound is scheduled to be closed and detoured daily over the next several months between Oxford Avenue and University Avenue in Gloucester City, Camden County.

From 7 a.m. until 5 p.m. Monday, May 8, and continuing daily Monday through Friday at the same times over the next several months, Nicholson Road westbound is scheduled to be closed and detoured underneath I-76. The closure is necessary for utility relocation. The following detour will be in place:

### **Nicholson Road westbound detour:**

- Motorists on Nicholson Road westbound will be directed to Route 130/Crescent Boulevard southbound
- Turn right onto Market Street/CR 634 westbound
- Turn right onto Baynes Avenue
- Turn left onto South Johnson Boulevard, back to Nicholson Road

The \$1.9 million federally funded project will relocate utilities near the I-76 Bridge over Nicholson Road in Gloucester City, Camden County. Construction is expected to be completed in winter 2023. This utility relocation work is in preparation for the larger I-76/I-676 Bridges and Pavement project that is still in design, which will replace the bridge deck and superstructure of the I-76 Bridge over Nicholson Road, as well as rehabilitate and pave the I-76/I-676 northbound and the I-676 southbound bridges over the Main Branch of Newton Creek.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for real-time travel information and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and on the [NJDOT Facebook page](#).
