Route 1&9 Truck southbound ramp to Route 1&9 southbound overnight lane closures this week in Newark Closures necessary on remove shielding from under Pulaski Skyway

(Trenton) – The Route 1&9 Truck southbound ramp to Route 1&9 southbound in Newark is scheduled to have overnight lane closures this week as the Pulaski Skyway Contract 9A advances.

Beginning at 10 p.m. tonight, Wednesday, January 10 until 5 a.m. tomorrow, Thursday, January 11, and continuing Thursday and Friday nights at the same time, one lane on the ramp from Route 1&9 Truck southbound to Route 1&9 southbound is scheduled to be closed. At least one lane will be maintained overnight, except during several temporary, 15-minute traffic stoppages that are expected to occur each night. The closures are necessary to remove shielding from underneath the Pulaski Skyway in Newark.

The work is part of the Pulaski Skyway rehabilitation project Contract 9A. The Department is carefully coordinating the Pulaski Skyway project with other regional transportation infrastructure projects to minimize traffic congestion.

The Department has a project hotline telephone number, 973-776-7400, and email, Pulaski.Skyway@dot.nj.gov. Anyone who has questions, concerns, or suggestions is encouraged to contact the Project Outreach Team as work progresses.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on X (Twitter) [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](https://www.facebook.com/njdot).
