The New Jersey Department of the Treasury’s, Office of Management and Budget (OMB) seeks to hire State Budget Specialists. OMB’s primary mission is to advise the Governor and Treasurer in preparing the multi-billion dollar State Budget and to supervise its administration among various State agencies. OMB operates in a fast-paced environment investigating issues that are complex, politically sensitive, and frequently involve millions of dollars in resources. OMB State Budget Specialists use their professional experience and academic training to assess programmatic costs and benefits, effectiveness, alternative service-delivery strategies, and relative funding priorities. They also develop recommendations for specific planning and budgeting actions. State Budget Specialists responsibilities include:

- Help prepare the State Budget by reviewing agency budget submissions for technical and conceptual accuracy, including budget format and completeness;
- Identify opportunities for future budget savings, including management efficiencies;
- Monitor and project agency spending to identify potential surplus funding as well as programs where budgeted funding may fall short of actual need;
- Evaluate policy initiatives of one or more State agencies;
- Provide program analyses to senior OMB management and Treasury officials on specific, high-profile issues.

Working in sections of 4 to 5 professionals, State Budget Specialists interact with senior staff from OMB and various State agencies. Such interactions provide a unique glimpse of the critical issues facing State government and the forces that shape public policy.

OMB provides formal, in-house training on technical budgeting, OMB data systems, revenue analysis, and other key tasks. Section managers conduct regular performance evaluations to identify areas for staff growth. While work demands are extensive, especially during preparation of the Governor’s proposed Budget and the Appropriations Act, high-performing candidates can look forward to a well-defined career ladder with opportunities for advancement.

Standard workweek is Monday through Friday. This position may be eligible to participate in the Department’s pilot telework program, which offers eligible employees the opportunity to work remotely for up to two (2) days per week, as approved by management. Details will be made available throughout the interview process. Position offers a comprehensive benefits package including medical, prescription drug and dental coverage, benefit leave, Pension, supplemental pension plan, tax saving programs, and paid holidays.
