PROJECT NO: S0661-00 DATE: October 8, 2024

I. OBJECTIVE

The objective of this project is to renovate the bathroom and shower areas by providing ligature resistant fixtures and stalls to meet Prison Rape Elimination Act (PREA) compliance at the Juvenile Justice Commission (JJC) Voorhees Residential Community Home (RCH) located in Hunterdon County.

II. CONSULTANT QUALIFICATIONS

A. CONSULTANT & SUB-CONSULTANT PRE-QUALIFICATIONS

The Consultant shall be a firm pre-qualified with the Division of Property Management & Construction (DPMC) in the following discipline(s):

• P001 Architecture

The Consultant shall also have in-house capabilities or Sub-Consultants pre-qualified with DPMC in:

- P002 Electrical Engineering
- P003 HVAC Engineering
- P004 Plumbing Engineering
- P010 Fire Protection Engineering
- P037 Asbestos Design
- P038 Asbestos Safety Control Monitoring
- P065 Lead Paint Evaluation

As well as, <u>any and all</u> other Architectural, Engineering and Specialty Disciplines necessary to complete the project as described in this Scope of Work (SOW).

III. PROJECT BUDGET

A. CONSTRUCTION COST ESTIMATE (CCE)

The initial Construction Cost Estimate (CCE) for this project is \$326,000.00

The Consultant shall review this Scope of Work and provide a narrative evaluation and analysis

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

of the accuracy of the proposed project CCE in its technical proposal based on its professional experience and opinion.

B. CURRENT WORKING ESTIMATE (CWE)

The Current Working Estimate (CWE) for this project is \$609,570.00

The CWE includes the construction cost estimate and all consulting, permitting and administrative fees.

The CWE is the client agency's financial budget based on this project Scope of Work and shall not be exceeded during the design and construction phases of the project unless DPMC approves the change in Scope of Work through a Contract amendment.

C. CONSULTANT'S FEES

The construction cost estimate for this project *shall not* be used as a basis for the Consultant's design and construction administration fees. The Consultant's fees shall be based on the information contained in this Scope of Work document and the observations made and/or the additional information received during the pre-proposal meeting.

IV. PROJECT SCHEDULE

A. SCOPE OF WORK DESIGN & CONSTRUCTION SCHEDULE

The following schedule identifies the estimated design and construction phases for this project and the estimated durations.

PROJECT PHASE **ESTIMATED DURATION (Calendar Days)** 1. Site Access Approvals & Schedule Design Kick-off Meeting 14 2. Schematic Design Phase 21 Project Team & DPMC Plan/Code Unit Review & Comment 14 3. Design Development Phase 42 Project Team & DPMC Plan/Code Unit Review & Comment 14 4. Final Design Phase 42 14 Project Team & DPMC Plan/Code Unit Review & Approval

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

5.	Final Design Re-Submission to Address Comments	7
	Project Team & DPMC Plan/Code Unit Review & Approval	14
6.	DCA Submission Plan Review	30
7.	Permit Application Phase	7
	Issue Plan Release	
8.	Bid Phase	42
9.	Award Phase	28
10.	Construction Phase	210
11	Project Close Out Phase	30

B. CONSULTANT'S PROPOSED DESIGN & CONSTRUCTION SCHEDULE

The Consultant shall submit a project design and construction schedule with its technical proposal that is similar in format and detail to the schedule depicted in **Exhibit 'A'**. The schedule developed by the Consultant shall reflect its recommended project phases, phase activities, activity durations.

A written narrative shall also be included with the technical proposal explaining the schedule submitted and the reasons why and how it can be completed in the time frame proposed by the Consultant.

This schedule and narrative will be reviewed by the Consultant Selection Committee as part of the evaluation process and will be assigned a score commensurate with clarity and comprehensiveness of the submission.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

V. PROJECT SITE LOCATION & TEAM MEMBERS

A. PROJECT SITE ADDRESS

The location of the project site is:

Voorhees Residential Community Home 201 Route 513 Glen Gardner, Hunterdon County, NJ 08826

GPS Coordinates: 40.6816651° N, -74.0728654° W

See Exhibit 'B' for the project site location map.

B. PROJECT TEAM MEMBER DIRECTORY

The following are the names, addresses, and phone numbers of the Project Team members.

1. **DPMC Representative:**

Name: Youstina A. Mansy, Project Manager

Address: Division of Property Management & Construction

20 West State Street, 3rd Floor

Trenton, NJ 08608-1206

Phone No: (609) 633-2077

E-Mail: Youstina.Mansy@treas.nj.gov

2. Juvenile Justice Commission:

Name: Peter Ciarrocca, Construction Manager

Address: Department of Law and Public Safety

Juvenile Justice Commission

1001 Spruce Street, Suite 202

Phone No: (609) 376-0682

E-Mail: Peter.Ciarrocca@jjc.nj.gov

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

VI. PROJECT DEFINITION

A. BACKGROUND

The Juvenile Justice Commission (JJC) operates 11 Residential Community Homes (RCH) in the State. These facilities offer a less restrictive environment, but maintain security by trained staff. The JJC program at the Voorhees Residential Community Home helps juvenile residents prepare for their return to their communities. The Voorhees facility is located on 9-acres in Hunterdon County adjacent to Voorhees State Park. The residential dormitory building at the site was previously owned by Governor Foster M. Voorhees who served as New Jersey's Governor from 1899-1902. The dormitory involved in this project is eligible for the New Jersey Register of Historic Places.

B. FUNCTIONAL DESCRIPTION OF THE BUILDING

The JJC Voorhees Residential Community Home includes a maximum of 27 males between the ages 15 and 20 and provides year-round dormitory, academic, and vocational programs for the residents. The building is occupied 24/7 with JJC staff and residents.

The Voorhees Residential Community Home dormitory building is a 2-story wood frame building and is approximately 5,275 sq.ft. The building has a stone masonry basement and roof dormers. The building is set into the side of a hill. There is a medical office and classrooms on the first floor. The second floor includes the juvenile residents' bedrooms, bathroom and a shower room. There is an additional single toilet room with a wash basin on the second floor. The building does not house an elevator. Recent building modifications included electrical, fire suppression, and fire alarm upgrades. Drawings will be made available to the Consultant. The building will be occupied during construction. (See Exhibit 'C' Photos)

VII. CONSULTANT DESIGN RESPONSIBILITIES

A. BATHROOM AND SHOWER RENOVATION REQUIREMENTS

The Consultant shall provide the design, specifications, bid/award and construction management services for the demolition and replacement of the existing bathroom and shower areas at the Voorhees Residential Community Home. The Consultant shall provide a design and layout for a new bathroom and shower room to meet Prison Rape Elimination Act compliance.

The Consultant shall evaluate the existing bathroom and shower room. The evaluation shall include and identify, but not be limited to: room dimensions, door and window openings, room

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

finishes, all bath and toilet fixtures, waste, drain, vent and water supply piping, floor drains, heating and/or cooling outlets, emergency and area light fixtures and electrical devices.

The Consultant shall locate and identify the building's mechanical, plumbing and electrical sources required for the project renovations. Design documents shall include site work access routes during renovation demolition and construction including material delivery and equipment.

The required number of toilets, shower stalls, and sinks in these spaces shall be evaluated by the Consultant. However, the design shall not be less than the current quantity.

All floor, wall and ceiling penetrations shall include all required safing, sleeves, fire stops, flashing, etc. as required to make a complete and code compliant installation.

All new pipe materials, floor drains, hangers, pipe fastening materials and all other components of the new work shall be adequately sized and suitable for facilities of this type.

All new installations shall comply with ligature resistant regulations and all applicable building codes and regulations.

• Demolition:

The Consultant shall provide the demolition design and debris removal criteria required for the project. This shall include but not be limited to the demolition and removal and disposal of all tile walls and floors, fixtures, exhaust fans and lighting fixtures, electrical receptacles, etc.

• Electric/Lighting:

The Consultant shall design all electrical requirements for the project to include but not limited to: replacement of the existing light fixtures, addition of new fixtures to provide an appropriate level of lighting, all required emergency and egress lighting, replacement of existing switches and receptacles including any required ground fault devices, addition of new devices as deemed necessary or appropriate by the proposed electrical design, any required disconnects, any required grounding, and any and all components necessary for a complete and code compliant system. The new light fixtures are to be sealed LED light fixtures with ligature resistant covers and, as necessary, have polycarbonate lenses. The Consultant shall determine if the existing circuitry and electrical service is sufficient for the proposed design. If not, provide necessary design elements to upgrade the service and provide sufficient circuits.

• Plumbing & Piping:

The Consultant shall design the supply piping to meet the supply demands of the showers, water closets, urinals and sinks. The system design shall also consider but not be limited to: all pipe

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

joint connection methods, installation of appropriate valves, water temperature tempering devices, shock absorbing devices, pipe anchoring and bracing, change in direction fittings, and all other items necessary to provide a complete water supply system.

• Sanitary Waste & Vent Piping:

The Consultant shall provide design criteria for the sanitary waste and vent piping to meet the demands of the new plumbing fixtures. This is to include any new under the floor waste and vent piping to the new fixtures and floor drain locations. Any vents and covers shall be Agency approved and be ligature resistant.

• Disinfection of a Potable Water System:

Upon completion of the supply piping and installation of all faucets, flush valves and shower diverters, the Contractor shall perform or have performed under their direction, the disinfection of the potable water system. The Contractor or sub-contractor shall design all parameters of the process to include but not limited to: listing of any and all chemical additives, duration of process, frequency of tests after disinfection, provide water test criteria, and directions for retest if required. All test results shall be submitted to the Consultant and Project Manager in report form. Additional reports shall be distributed as deemed necessary by the Contractor and Project Manager.

• HVAC:

The Consulting firm is to perform a heat load calculation to evaluate that the existing heating and cooling equipment is sufficient for the space and should remain. The specifications shall describe the preferred new systems if necessary or equipment if needed and shall list the names of three equal manufactures for each. The exhaust registers are to be installed in the ceilings and not in any of the walls. Any vents and covers shall be Agency approved and be ligature resistant.

• Carpentry:

The Consultant shall provide all design requirements for any and all carpentry items, whether exposed or concealed, necessary for attachment and or support of other work. Provide design requirements for countertops that shall be fully anchored with hidden supports. All rough plumbing for fixtures must be concealed by standard and compliant methods of carpentry. Provide an appropriate secure ceiling design for this facility in each room.

Flooring & Finishes:

The Consultant shall provide the flooring design for the bathrooms and curbless shower areas with non-penetrable flooring. There shall not be any shower pan thresholds allowing water to

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

drain directly from the shower onto the bathroom floor. For proper floor drainage, shower flooring must be sloped correctly. All floors shall have a code compliant, positive drain slope to floor drains.

The Consultant shall provide the design for the installation of all flooring finish as epoxy type. It shall be noted the Agency does not prefer any tile flooring in any of the spaces. All floor finishes shall be of a slip resistant finish. The bathroom and shower walls shall be of paint finish and shall extend up to or above the finished ceiling height.

• Insulation:

All supply piping shall be insulated with an appropriate material sufficient to maintain desired water temperatures and prevent condensation build-up. The insulation design criteria shall consider all components to include but not be limited to: insulation thickness, insulation jacket material, insulating of all fittings and valves, butt-joint fastening, and all other items necessary to provide a completely insulated water supply system.

• Fixtures:

Agency approved fixtures for both newly created rooms shall be ligature resistant. Fixtures include, but are not limited to, doors, hinges, shower stalls, windows, urinals, all sink and toilet fixtures, dispensers, waste, vent and water supply piping, floor drains, heating and/or cooling outlets, emergency and area light fixtures and electrical devices. All fixtures and their controls shall be suitable for facilities of this type and shall meet all requirements relative to local building codes.

The Consultant shall determine if the existing water pressure is sufficient for the proper operation of the new fixtures. If not, provide a system design that will satisfy water pressure demand of the new fixtures. All furnishings and fixtures which the residents may have access to must be approved for their security and ligature resistant safety properties. All fixtures are to be provided with manual flush valves. Showers are to be provided with mixing valves with the Diverter. Sink traps shall be provided with lavatory guards.

• Partitions:

Provide a design to install a maximum number of partitions in the shower room that meet code. Partition design shall consider all material types, blocking, and any applicable hardware. Safety and resident protection shall be considered.

• Windows and Window Treatment:

The Consultant shall include window openings to be of a non-breakable composite shatter

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

resistant glass or with wire mesh in glass. All window covering treatments must be designed to be ligature resistant

• Life Safety/ Fire Protection:

The Consultant shall evaluate the existing fire protection / sprinklers system and ensure that the new design complies with all applicable codes and regulations as they relate to fire protection. The Consultant shall provide design criteria for a fire protection system in the bathroom and shower areas. Fire protection sprinkler system heads shall be ligature resistant and agency approved.

• Phasing:

The Consultant shall determine and provide the design for any phasing required for temporary shower and bathroom needs during construction.

B. DESIGN MEETINGS & PRESENTATIONS

1. Design Meetings:

Conduct the appropriate number of review meetings with the Project Team members during each design phase of the project so they may determine if the project meets their requirements, question any aspect of the contract deliverables, and make changes where appropriate. The Consultant shall describe the philosophy and process used in the development of the design criteria and the various alternatives considered to meet the project objectives. Selected studies, sketches, cost estimates, schedules, and other relevant information shall be presented to support the design solutions proposed. Special considerations shall also be addressed such as: Contractor site access limitations, utility shutdowns and switchover coordination, phased construction and schedule requirements, security restrictions, available swing space, material and equipment delivery dates, etc.

It shall also be the responsibility of the Consultant to arrange and require all critical Sub-Consultants to be in attendance at the design review meetings.

Record the minutes of each design meeting and distribute within three (3) calendar days to all attendees and those persons specified to be on the distribution list by the Project Manager.

2. Design Presentations:

The minimum number of design presentations required for each phase of this project is identified below for reference:

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

Schematic Phase: One (1) oral presentation at phase completion.

Design Development Phase: One (1) oral presentation at phase completion.

Final Design Phase: One (1) oral presentation at phase completion.

C. EXISTING DOCUMENTATION

Copies of the following documents will be provided to each Consulting firm at the pre-proposal meeting to assist in the bidding process.

- DPMC Project: S0522-00 New Fire Suppression & Fire Alarm System at The Voorhees Residential Community Home Record Drawings, 1/25/12 As-Built, LAN Associates
- DPMC Project: S0411-00 Voorhees Residential Group Center Electrical Service Upgrade, 3/24/03 As-Built, Omdex Incorporated Consulting Engineers
- DPMC Project: S0476-00 Voorhees RCH Roof Replacement and Building Repair Record Drawings,

Review these documents and any additional information that may be provided at a later date such as reports, studies, surveys, equipment manuals, as-built drawings, etc. The State does not attest to the accuracy of the information provided and accepts no responsibility for the consequences of errors by the use of any information and material contained in the documentation provided. It shall be the responsibility of the Consultant to verify the contents and assume full responsibility for any determination or conclusion drawn from the material used. If the information provided is insufficient, the Consultant shall take the appropriate actions necessary to obtain the additional information required.

All original documentation shall be returned to the provider at the completion of the project.

D. HAZARDOUS BUILDING MATERIALS

Consultant shall survey the building(s) and, if deemed necessary, collect samples of materials

that will be impacted by the construction/demolition activities and analyze them for the presence of hazardous materials including:

- 1. Asbestos in accordance with N.J.A.C. 5:23-8, Asbestos Hazard Abatement Subcode.
- 2. Lead in accordance with N.J.A.C. 5:17, Lead Hazard Evaluation and Abatement Code.
- 3. PCB's in accordance with 40 CFR 761, Polychlorinated Biphenyls (PCBs) Manufacturing, Processing, Distribution in Commerce, and Use Prohibitions. Consultant shall engage a firm certified in the testing and analysis of materials containing PCB's.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

Consultant shall document their procedure, process and findings and prepare a "Hazardous Materials Survey Report" identifying building components impacted by construction activities requiring hazardous materials abatement. Consultant shall provide three copies of the "Hazardous Materials Survey Report" to the Project Manager.

Consultant shall estimate the cost of hazardous materials sample collection, destructive testing as necessary, tests and analysis and preparation of the Hazardous Materials Survey Report and include that amount in their fee proposal line item entitled "Hazardous Materials Testing and Report Allowance", refer to paragraph **X.B**.

Based on the Hazardous Materials Survey Report, Consultant shall provide construction documents for abatement of the hazardous materials impacted by the work in accordance with the applicable code, subcode and Federal regulations.

Consultant shall estimate the cost to prepare construction documents for hazardous materials abatement and include that amount in their fee proposal line item entitled "Hazardous Materials Abatement Design Allowance", refer to paragraph X.C.

Consultant shall estimate the cost to provide "Construction Monitoring and Administration Services" for hazardous materials abatement activities and include that amount in their fee proposal line item entitled "Hazardous Materials Construction Administration Allowance", refer to paragraph X.D.

There shall be no "mark-up" of subconsultant or subcontractor fees if subconsultants or subcontractors are engaged to perform any of the work defined in paragraph VII.D "Hazardous Building Materials". All costs associated with managing, coordinating, observing and administrating subconsultants and subcontractors performing hazardous materials sampling, testing, analysis, report preparation, hazardous materials construction administration services shall be included in the consultant's lump sum fee proposal

VIII. PERMITS & APPROVALS

A. NJ UNIFORM CONSTRUCTION CODE PLAN REVIEW AND PERMIT

The project construction documents must comply with the latest adopted edition of the NJ Uniform Construction Code (NJUCC).

The latest NJUCC Adopted Codes and Standards can be found at:

http://www.state.nj.us/dca/divisions/codes/codreg/

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

1. NJ Uniform Construction Code (NJUCC) Plan Review

Consultant shall estimate the cost of the NJUCC Plan Review by DCA and include that amount in their fee proposal line item entitled "Plan Review and Permit Fee Allowance", refer to paragraph X.A.

Upon approval of the Final Design Phase Submission by DPMC, the Consultant shall submit the construction documents to the Department of Community Affairs (DCA), Bureau of Construction Project Review to secure a complete plan release.

As of July 25, 2022, the Department of Community Affairs (DCA) is only accepting digital signatures and seals issued from a third party certificate authority.

Procedures for submission to the DCA Plan Review Unit can be found at:

https://www.state.nj.us/dca/divisions/codes/forms/pdf_bcpr/pr_app_guide.pdf

Consultant shall complete the "Project Review Application" and include the following on Block 5 as the "Owner's Designated Agent Name":

Trevor M. Dittmar, DPMC PO Box 235 Trenton, NJ 08625-0235 Trevor.Dittmar@treas.nj.gov 609-984-5529

The Consultant shall complete the NJUCC "Plan Review Fee Schedule", determine the fee due and pay the NJUCC Plan Review fees, refer to Paragraph X.A. The NJUCC "Plan Review Fee Schedule" can be found at:

http://www.state.nj.us/dca/divisions/codes/forms/pdf_bcpr/pr_fees.pdf

2. NJ Uniform Construction Code Permit

Upon receipt of a complete plan release from the DCA Bureau of Construction Project Review, the Consultant shall complete the NJUCC permit application and all applicable technical subcode sections. The "Agent Section" of the application and certification section of the building sub-code section shall be signed. These documents, with six (6) sets of DCA approved, signed and sealed construction documents shall be forwarded to the DPMC Project Manager.

The Consultant may obtain copies of all NJUCC permit applications at the following website:

https://www.nj.gov/dca/divisions/codes/resources/constructionpermitforms.html

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

All other required project permits shall be obtained and paid for by the Consultant in accordance with the procedures described in Paragraph VIII.B.

3. Prior Approval Certification Letters:

The issuance of a construction permit for this project may be contingent upon acquiring various "prior approvals" as defined by N.J.A.C. 5:23-1.4. It is the Consultant's responsibility to determine which prior approvals, if any, are required. The Consultant shall submit a general certification letter to the DPMC Plan & Code Review Unit Manager during the Permit Phase of this project that certifies all required prior approvals have been obtained.

In addition to the general certification letter discussed above, the following specific prior approval certification letters, where applicable, shall be submitted by the Consultant to the DPMC Plan & Code Review Unit Manager: Soil Erosion & Sediment Control, Water & Sewer Treatment Works Approval, Coastal Areas Facilities Review, Compliance of Underground Storage Tank Systems with N.J.A.C. 7:14B, Pinelands Commission, Highlands Council, Well Construction and Maintenance; Sealing of Abandoned Wells with N.J.A.C. 7:9D, Certification that all utilities have been disconnected from structures to be demolished, Board of Health Approval for Potable Water Wells, Health Department Approval for Septic Systems. It shall be noted that in accordance with N.J.A.C. 5:23-2.15(a)5, a permit cannot be issued until the letter(s) of certification is received.

4. Multi-building or Multi-site Permits:

A project that involves many buildings and/or sites requires that a separate permit shall be issued for each building or site. The Consultant must determine the construction cost estimate for *each* building and/or site location and submit that amount where indicated on the permit application.

5. Special Inspections:

In accordance with the requirements of the New Jersey Uniform Construction Code N.J.A.C. 5:23-2.20(b), Bulletin 03-5 and Chapter 17 of the International Building Code, the Consultant shall be responsible for the coordination of all special inspections during the construction phase of the project.

Bulletin 03-5 can be found at:

http://www.state.nj.us/dca/divisions/codes/publications/pdf_bulletins/b_03_5.pdf

a. Definition:

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

Special inspections are defined as an independent verification by a certified special inspector for **Class I buildings and smoke control systems in any class building**. The special inspector is to be independent from the Contractor and responsible to the Consultant so that there is no possible conflict of interest.

Special inspectors shall be certified in accordance with the requirements in the New Jersey Uniform Construction Code.

b. Responsibilities:

The Consultant shall submit with the permit application, a list of special inspections and the agencies or special inspectors that will be responsible to carry out the inspections required for the project. The list shall be a separate document, on letter head, signed and sealed.

B. OTHER REGULATORY AGENCY PERMITS, CERTIFICATES AND APPROVALS

The Consultant shall identify and obtain all other State Regulatory Agency permits, certificates, and approvals that will govern and affect the work described in this Scope of Work. An itemized list of these permits, certificates, and approvals shall be included with the Consultant's Technical Proposal and the total amount of the application fees should be entered in the Fee Proposal line item entitled, "Plan Review and Permit Fee Allowance."

The Consultant may refer to the Division of Property Management and Construction "Procedures for Architects and Engineers Manual", Paragraph "9. REGULATORY AGENCY APPROVALS" which presents a compendium of State permits, certificates, and approvals that may be required for this project.

The Consultant shall determine the appropriate phase of the project to submit the permit application(s) in order to meet the approved project milestone dates.

Where reference to an established industry standard is made, it shall be understood to mean the most recent edition of the standard unless otherwise noted. If an industry standard is found to be revoked, or should the standard have undergone substantial change or revision from the time that the Scope of Work was developed, the Consultant shall comply with the most recent edition of the standard.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

IX. ENERGY REBATE AND INCENTIVE PROGRAMS

The Consultant shall review any and all programs on the State and Federal level to determine if any proposed upgrades to the mechanical and/or electrical equipment and systems for this project qualify for approved rebates and incentives.

The Consultant shall review the programs available on the "New Jersey's Clean Energy Program" website at: http://www.njcleanenergy.com as well as federal websites and New Jersey electric and gas utility websites to determine if and how they can be applied to this project.

The Consultant shall identify all applicable rebates and incentives in their technical proposal and throughout the design phase.

The Consultant shall be responsible to complete the appropriate registration forms and applications, provide any applicable worksheets, manufacturer's specification sheets, calculations, attend meetings, and participate in all activities with designated representatives of the programs and utility companies to obtain the entitled financial incentives and rebates for this project.

All costs associated with this work shall be estimated by the Consultant and the amount included in the base bid of its fee proposal.

X. ALLOWANCES

A. PLAN REVIEW AND PERMIT FEE ALLOWANCE

The Consultant shall obtain and pay for all of the project permits in accordance with the guidelines identified below.

1. Permits:

The Consultant shall determine the various permits, certificates, and approvals required to complete this project.

2. Permit Costs:

The Consultant shall estimate the application fee costs for all of the required project permits, certificates, and approvals (excluding the NJ Uniform Construction Code permit) and include that amount in its fee proposal line item entitled "Plan Review and Permit Fee Allowance". A breakdown of each permit and application fee shall be attached to the fee proposal for reference.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

NOTE: The NJ Uniform Construction Code permit is excluded since it will be paid for by the State.

3. Applications:

The Consultant shall complete and submit all permit applications to the appropriate permitting authorities and the costs shall be paid from the Consultant's permit fee allowance. A copy of the application(s) and the original permit(s) obtained by the Consultant shall be given to the DPMC Project Manager for distribution during construction.

4. Consultant Fee:

The Consultant shall determine what is required to complete and submit the permit applications, obtain supporting documentation, attend meetings, etc., and include the total cost in the base bid of its fee proposal under the "Permit Phase" column.

Any funds remaining in the permit allowance will be returned to the State at the close of the project.

B. HAZARDOUS MATERIALS TESTING AND REPORT ALLOWANCE

Consultant shall estimate the costs to complete the hazardous materials survey, sample collection, testing and analysis and preparation of a "Hazardous Materials Survey Report" noted in paragraph VII.B.1 and enter that amount on their fee proposal line item entitled "Hazardous Materials Testing and Report Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations. The cost breakdown sheet shall include, but not be limited to, the following information:

- Description of tasks and estimated cost for the following:
 - Sample collection
 - Sample testing
 - Preparation of an Hazardous Materials Survey Report

Any funds remaining in the Hazardous Materials Testing and Report Allowance will be returned to the State at the close of the project.

C. HAZARDOUS MATERIALS ABATEMENT DESIGN ALLOWANCE

Consultant shall estimate the costs to prepare construction documents for hazardous materials abatement noted in paragraph VII.B and enter that amount on their fee proposal line item entitled "Hazardous Materials Abatement Design Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

The cost breakdown sheet shall include a description of the tasks to be performed and the estimated cost of each task.

Any funds remaining in the Hazardous Materials Abatement Design Allowance will be returned to the State at the close of the project.

D. HAZARDOUS MATERIALS CONSTRUCTION ADMINISTRATION ALLOWANCE

Consultant shall estimate the cost to provide Construction Monitoring and Administration Services for hazardous materials abatement as noted in paragraph VII.B and enter that amount on their fee proposal line item entitled "Hazardous Materials Construction Administration Allowance". Consultant shall attach a detailed cost breakdown sheet for use by DPMC during the proposal review and potential fee negotiations. The cost breakdown sheet shall include a description of the tasks to be performed and the estimated cost of each task.

Any funds remaining in the Hazardous Materials Construction Administration Allowance will be returned to the State at the close of the project.

PROJECT LOCATION: Voorhees RCH, Hunterdon County

PROJECT NO: S0661-00 DATE: October 8, 2024

XI. SOW SIGNATURE APPROVAL SHEET

This Scope of Work shall not be considered a valid document unless all signatures appear in each designated area below.

The client agency approval signature on this page indicates that they have reviewed the design criteria and construction schedule described in this project Scope of Work (including the subsequent contract deliverables and exhibits) and verifies that the work will not conflict with the existing or future construction activities of other projects at the site.

PROJECT NO: S0661-00 DATE: October 8, 2024

XII. CONTRACT DELIVERABLES

The following are checklists listing the Contract Deliverables that are required at the completion of each phase of this project. The Consultant shall refer to the DPMC publication entitled "Procedures for Architects and Engineers," 3.0 Edition, dated September 2022 available at https://www.nj.gov/treasury/dpmc/Assets/Files/ProceduresforArchitectsandEngineers.pdf for a detailed description of the deliverables required for each submission item listed. References to the applicable paragraphs of the "Procedures for Architects and Engineers" are provided.

Note that the Deliverables Checklist may include submission items that are "S.O.W. Specific Requirements". These requirements will be defined in the project specific scope of work and included on the deliverables checklist.

This project includes the following phases with the deliverables noted as "Required by S.O.W" on the Deliverables Checklist:

- SCHEMATIC DESIGN PHASE
- DESIGN DEVELOPMENT PHASE
- FINAL DESIGN PHASE
- PERMIT APPLICATION PHASE
- BIDDING AND CONTRACT AWARD
- CONSTRUCTION PHASE
- PROJECT CLOSE-OUT PHASE

Responsible Group Code Table

The codes below are used in the schedule field "GRP" that identifies the group responsible for the activity. The table consists of groups in the Division of Property Management & Construction (DPMC), as well as groups outside of the DPMC that have responsibility for specific activities on a project that could delay the project if not completed in the time specified. For reporting purposes, the groups within the DPMC have been defined to the supervisory level of management (i.e., third level of management, the level below the Associate Director) to identify the "functional group" responsible for the activity.

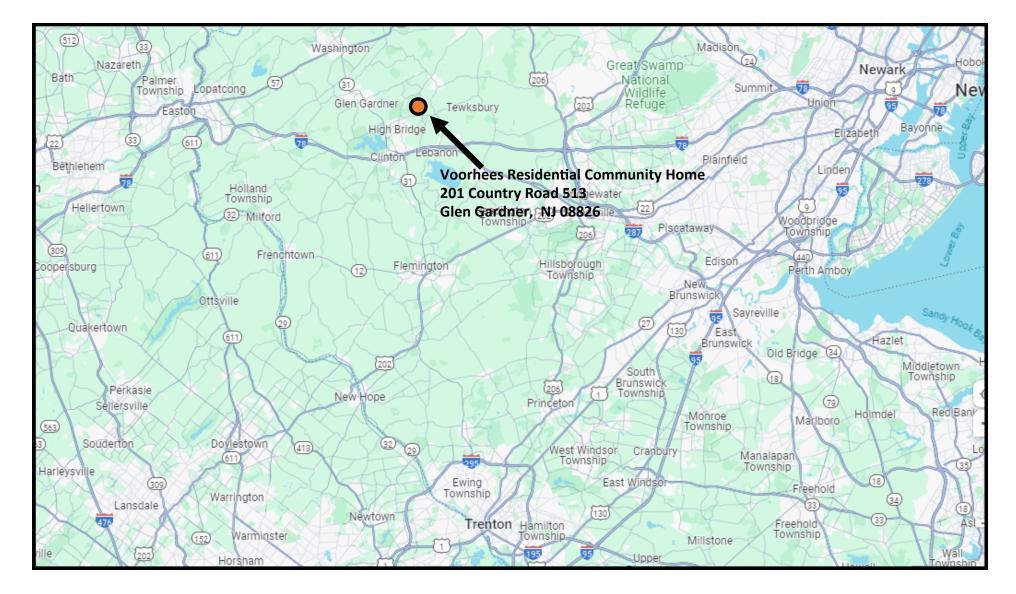

CODE	DESCRIPTION	REPORTS TO ASSOCIATE DIRECTOR OF:
CM	Contract Management Group	Contract Management
CA	Client Agency	N/A
CSP	Consultant Selection and Prequalification Group	Technical Services
A/E	Architect/Engineer	N/A

New Jersey Juvenile Justice Commission

Policy 13ED:01.02, <u>Prison Rape Elimination Act (PREA)</u>

CONTRACTOR ACKNOWLEDGMENT

This Acknowledgment of Receipt form has been prepared to document that each Commission contractor and their personnel ("Contractor") is aware of their obligations under Commission Policy 13ED:01.02, *Prison Rape Elimination Act (PREA)*, (the "Policy"). By signing the acknowledgment below you affirm that you understand the Policy as explained in this Acknowledgment.

The purpose of the Policy is to provide a safe, humane and secure environment, free from the threat of sexual abuse and sexual harassment, for all Juveniles assigned to Commission facilities, by ensuring that Staff and Contractors conform to the Commission's Zero-Tolerance Policy toward all forms of sexual abuse and sexual harassment involving those Juveniles.

As a Contractor, you have an obligation to maintain clear boundaries with Juveniles and to maintain at all times a relationship of authority, objectivity and professionalism. You must not allow the development of a personal, unduly familiar, emotional or sexual relationship to occur between you and any Juvenile. Any and all sexual contact between a Juvenile, including Juveniles age 18 and older, and a Contractor is sexual abuse under the Policy, and will be disciplined as such.

Please sign below to confirm that you understand the Policy as explained in this Acknowledgement. Failure to sign this Acknowledgement does not relieve a Contractor of the responsibility to understand and adhere to the Policy, explained herein.

A copy of the signed form will be placed in the applicable Contractor file.
