A municipality shall be deemed to be eligible for transitional aid if it is identified by the Director of the Division of Local Government Services as experiencing serious fiscal distress where the director determines that, despite local officials having implemented substantive cost reduction strategies, there continue to exist conditions of serious fiscal distress, which may include but shall not be limited to: substantial structural or accumulated deficits; ongoing reliance on non-recurring revenues; limited ability to raise supplemental non-property tax revenues; extraordinary demands for public safety appropriations; and other factors indicating a constrained ability to raise sufficient revenues to meet budgetary requirements that substantially jeopardizes the fiscal integrity of the municipality. 	Notwithstanding the provisions of any law or regulation to the contrary, as a condition of the

	Hospitals (PTRF) (\$135,711,000)
10	The unexpended balance at the end of the preceding fiscal year in the Support of Patients in
	County Psychiatric Hospitals account is appropriated for the same purpose.
12	Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, the
	State share of payments from the Support of Patients in County Psychiatric Hospitals
14	account to the several county psychiatric facilities on behalf of the reasonable cost of
	maintenance of patients deemed to be county indigents shall be at the rate of 125 percent of
16	the rate established by the Commissioner of Human Services, in consultation with the
18	Commissioner of Health, for the period July 1 to December 31 and at the rate of 45 percent of the rate established by the Commissioner of Human Services, in consultation with the
10	Commissioner of Health, for the period January 1 to June 30 such that the total amount to
20	be paid by the State on behalf of county indigent patients for the calendar year shall not
	exceed 85 percent of the total reasonable per capita cost; and further provided that the rate
22	at which the State will reimburse the county psychiatric hospitals shall not exceed 100
	percent of the per capita rate at which each county pays to the State for the reasonable cost
24	of maintenance and clothing of each patient residing in a State psychiatric facility, excluding
	the depreciation, interest, and carry-forward adjustment components of this rate, and
26	including the depreciation, interest, and carry-forward adjustment components of each
	individual county psychiatric hospital's rate established for the period January 1 to
28	December 31 by the Commissioner of Human Services in consultation with the
20	Commissioner of Health. The initial determination of whether a county hospital rate exceeds the per capita rate that counties pay to the State on behalf of applicable patients residing in
30	a State psychiatric facility will be based on a comparison of estimated cost used to set
32	reimbursement rates for the upcoming calendar year. A second comparison of the actual per
	diem costs of the county psychiatric hospital and State psychiatric hospitals will be
34	completed after actual cost reports for the period are available including an inflationary
	adjustment for the six-month difference in fiscal reporting periods between State and county
36	hospitals. The county hospital carry-forward adjustment to be included in rates paid by the
	State will exclude costs found to exceed 100 percent of the actual cost rate of the State
38	psychiatric facilities.
	Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove
40	appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provision: payments to county psychiatric hospitals will only be made after
42	receipt of their claims by the Division of Mental Health and Addiction Services. County
42	psychiatric hospitals shall submit such claims no less frequently than quarterly and within
44	15 days of the close of each quarter.
	With the exception of all past, present, and future revenues representing federal financial
46	participation received by the State from the United States that is based on payments to
	hospitals that serve a disproportionate share of low-income patients, which shall be retained
48	by the State, the sharing of revenues received to defray the State Aid appropriation for the
	costs of maintaining patients in State and county psychiatric hospitals shall be based on the
50	same percent as costs are shared between the State and counties.
	The amount hereinabove appropriated for State Aid reimbursement payments for maintenance
52	of patients in county psychiatric facilities shall be limited to inpatient services only, except
5 4	that such reimbursement shall be paid to a county for outpatient and partial hospitalization
54	services as defined by the Department of Human Services, if outpatient and/or partial hospitalization services had been previously provided at the county psychiatric facility prior
56	to January 1, 1998. These outpatient and partial hospitalization payments shall not exceed
50	to summing 1, 1990. These outputient and partial hospitalization payments shall not exceed

117

the amount of State Aid funds paid to reimburse outpatient and partial hospitalization services provided during calendar year 1997. In addition, any revision or expansion to the number of inpatient beds or inpatient services provided at such hospitals which will have a material impact on the amount of State Aid payments made for such services, must first be approved by the Department of Human Services before such change is implemented.

 - In addition to the amounts hereinabove appropriated for the Support of Patients in County Psychiatric Hospitals, in the event that the Assistant Commissioner of the Division of Mental Health and Addiction Services determines that, in order to provide the least restrictive setting appropriate, a patient should be admitted to a county psychiatric hospital in a county other than the one in which the patient is domiciled rather than to a State psychiatric hospital, there are hereby appropriated such additional amounts as may be required, as determined by the Assistant Commissioner to reimburse a county for the extra costs, if any, which were incurred in connection with the care of such patient in a county psychiatric hospital which exceeded the cost of care which would have been incurred had the patient been placed in a State psychiatric hospital, subject to the approval of the Director of the Division of Budget and Accounting.
- The amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provisions: County psychiatric hospitals shall: (1) enroll and continue to maintain enrollment as providers in the State's NJ FamilyCare program; (2) complete or pursue in good faith the completion of eligibility applications for patients who could be NJ FamilyCare eligible; (3) bill the NJ FamilyCare program for all applicable services; and (4) neither admit nor discharge patients based upon NJ FamilyCare eligibility.

Such rates will be fixed 50 no later than October 1 of each calendar year. Notice of such rates shall be provided by the Commissioner of Human Services to the clerk of the respective boards of chosen 52 freeholders.
- In the event that the Division of Mental Health and Addiction Services is notified that a county psychiatric hospital will cease operations for the current fiscal year, or any portion thereof,
 in order to assure continuity of care for patients who otherwise would have been served by the county hospital, as well as to preserve patient and public safety, the Division shall have
 the authority to transfer funds from the Support of Patients in County Psychiatric Hospitals account to Direct State Services and Grants-In-Aid accounts in the Division of Mental
 Health and Addiction Services, for the fiscal year, subject to a plan approved by the Director of the Division of Budget and Accounting.

22 a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission 24 to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an 26 organization code, appropriation source, and program code, unique to the item. If the director consents to the transfer, the amount transferred shall be credited by the director to the designated 28 item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the director, after consenting 30 thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act: 32

(1) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$300,000, to or from any item of appropriation;

(2) Requests for the transfer of State and other nonfederal funds, in amounts greater than
 \$50,000, to or from any Special Purpose account, as defined by major object 5, or Grant account, as defined by major object 6, within an item of appropriation, from or to a different item of appropriation;

(3) Requests for the transfer of State and other nonfederal funds, in amounts greater than
 \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would
 effect a change in the legislative intent of the appropriations;

(4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;

(5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;

(6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.

b. The Joint Budget Oversight Committee or its successor may review all transfer requests
 submitted for legislative approval and may direct the Legislative Budget and Finance Officer to
 approve or disapprove any such transfer request. Transfers submitted for legislative approval
 pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the
 Legislative Budget and Finance Officer at the direction of the committee.

c. The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt
 thereof and shall return them to the Director of the Division of Budget and Accounting. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer

to approve or disapprove requests for the transfer of funds, the request shall be deemed to be
 approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, the officer has not disapproved the request and so notified the requesting
 officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the director.

d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance, subject to the approval of the Director of the Division of Budget and Accounting.
