Since your retirement allowance is based in part on the amount of service credit posted to your account at the time of retirement, it may be beneficial for you to purchase additional service credit if you are eligible to do so. Only active members of the retirement system are permitted to purchase service credit; an active member is one who has made contributions to the retirement system within two years of his or her purchase request, and who has not retired or withdrawn his or her contributions.

Any service credit purchased will be added to your total service credit; however, purchasing service credit does not change your date of enrollment in the pension system or your membership tier. Partial purchases are permitted; you may purchase all or part of any eligible service.

**TYPES OF PURCHASE**

If a type of service is not listed below, it is not eligible for purchase.

**Temporary Service**

Public Employees’ Retirement System (PERS) and Teachers’ Pension and Annuity Fund (TPAF) members are eligible to purchase service credit for temporary, provisional, certain intermittent, or substitute employment, if the employment was continuous and immediately preceded a permanent or regular appointment, and meets eligibility requirements for the tier in which the member is enrolled.

Police and Firemen’s Retirement System (PFRS) members are eligible to purchase temporary employment provided the service rendered was in a title eligible for participation in the PFRS, was continuous, immediately preceded a permanent or regular appointment, and meets eligibility requirements for the tier in which the member is enrolled.

- PERS and TPAF members are allowed to purchase Temporary Service rendered under a former account provided the service was continuous, immediately preceded a permanent or regular appointment and met eligibility requirements for the tier in which the member was enrolled.

- PFRS members are allowed to purchase Temporary Service rendered under a former PERS or TPAF account provided the service was continuous, immediately preceded a permanent or regular appointment in the PERS or TPAF, and met eligibility requirements for the tier in which the member was enrolled.

- SPRS members must request to purchase a leave of absence without pay under a former membership within one year following the member’s return to service.

**Leave of Absence without Pay**

PERS, TPAF, and PFRS members are eligible to purchase service credit for official leaves of absence without pay (maximum of two years for personal illness; maximum of three months for personal reasons).

- Maternity leave is considered personal illness.

- Child-care leave is considered personal reasons.

- A leave of absence without pay under a former membership may be eligible for purchase.

- SPRS members must request to purchase a leave of absence without pay within one year following the member’s return to service.

---

*A certification from a physician that a member was disabled due to pregnancy for a period in excess of three months is required. Otherwise, three months is the maximum period of purchase for maternity.*
Leaves of absence for union representation may also be available for purchase. This type of leave must be purchased quarterly and within 30 days of the end of each fiscal quarter. See the Application to Purchase Service Credit for Union Representation for additional information and instructions.

**Former Membership Service**

PERS, TPAF, PFRS, and SPRS members are eligible to purchase service credited under a previous membership in any of the defined benefit retirement plans administered by the New Jersey Division of Pensions & Benefits (NJDPB). To be eligible for this type of purchase, the previous membership must have been terminated, either because the member withdrew the contributions in the account, or no contributions were made to the account for more than two years and the account is considered expired.

You may also be eligible for a Tier-to-Tier Transfer of your former membership. For more information see your employer or your retirement system’s Member Guidebook.

**For SPRS Members only:** Former Membership under the SPRS is given the same consideration in the computation of retirement benefits as current SPRS service. Under P.L. 2019, c. 251, and N.J.A.C. 17:5-4.2, Former Membership under the PERS, TPAF, or PFRS is considered equivalent to SPRS service, upon payment of any required rate differential between the former pension system and the SPRS, for SPRS members who retire effective November 1, 2019, or thereafter.

**Out-of-State Service**

PERS, TPAF, and PFRS members are eligible to purchase up to 10 years, and SPRS members up to five years, of public employment rendered with any state, county, municipality, school district, or public agency outside the State of New Jersey but within the United States (including U.S. territories or possessions), provided the service rendered would have been eligible for membership in a New Jersey State-administered defined benefit retirement system. This service is only eligible for purchase if the member is not receiving or eligible to receive retirement benefits from the out-of-state public pension fund.

Leaves of absence from out-of-state employment are not eligible for purchase.

**Note:** Effective November 1, 2008, Out-of-State service credit cannot be used to qualify for employer-paid health benefits in retirement for members of the PERS and TPAF. However, the purchase may be used to increase a member’s monthly retirement allowance.

**U.S. Government Service**

PERS, TPAF, and PFRS members are eligible to purchase up to 10 years, and SPRS members up to five years, of credit for civilian service rendered with the U.S. Government provided the service rendered would have been eligible for membership in a New Jersey State-administered retirement system. This service is only eligible for purchase if the member is not receiving or eligible to receive retirement benefits from the federal government based in whole or in part on this service. Unpaid leave of absence from U.S. Government employment is not eligible for purchase.

**Note:** Effective November 1, 2008, U.S. Government service credit cannot be used to qualify for employer-paid health benefits in retirement for members of the PERS and TPAF. However, the purchase may be used to increase a member’s monthly retirement allowance.

**Military Service Before Enrollment**

PERS, TPAF, PFRS, and SPRS members are eligible to purchase credit for up to 10 years of active military service rendered prior to enrollment, provided the member is not receiving or eligible to receive a military pension or a pension from any other state or local source for such military service. A member receiving or eligible to receive a military pension, based in whole or in part on service in the reserves, may purchase credit for active Military Service.

Active Military Service eligible for purchase means full-time duty in the active military service of the United States and includes full-time training duty, annual training duty, and attendance, while in the active military service, at a school designated as a service school by law or by the Secretary of the military department concerned. It cannot include periods of service of less than 30 days. See the Veteran Status Fact Sheet for more information. It does not include basic training, weekend drills, or annual summer training of a National Guard or reserve unit.

If you qualify as a veteran, you may be eligible to purchase up to an additional five years of active duty Military Service provided that a DD Form 214 (DD-214) - Certificate of Active Duty Service identifies such service as active duty.

**Note:** All members must provide the NJDPB with a DD-214, which includes the member’s character of service, active/entry dates of service, and discharge/ending dates of service.

**Military Service After Enrollment**

Under the requirements of the federal Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), members may receive credit for Military Service rendered after October 13, 1994. The member must be enrolled in a New Jersey State-administered retirement system when entering the peacetime military service and, when discharged from or otherwise ending military service, must return to employment within the time periods prescribed by federal law in a position covered by a New Jersey State-administered retirement system.

USERRA-eligible service will only be used to determine eligibility for benefits. The calculation of retire-
All purchase requests must be submitted using the Purchase Application program of MBOS.

In order to obtain a quotation of the cost for the service credit, you must be a registered MBOS user and submit the Purchase Application to the NJDPB. Once your application has been submitted through MBOS, you can track the status of your purchase request. Additional information on using MBOS can be found in the MBOS Users’ Guide on our website.

If the NJDPB determines that service credit is eligible for purchase, a letter quoting the cost to purchase service and an authorization form will be mailed to you. For more information about authorizing a purchase, see the “Paying For A Purchase Of Service Credit” section.

Exceptions to the MBOS Purchase Application

While most purchase requests are required to be processed through MBOS, you will not be able to use the MBOS purchase application for the following types of purchase:

- If applying for the purchase of Military Service after Enrollment under the provisions USERRA. To purchase this service, the employer must submit the Request for USERRA-Eligible Service form within the time frames required under the law.
- If a PERS or TPAF member applies for a purchase of Leave of Absence for Union Representation. This type of leave must be purchased quarterly and within 30 days of the end of each fiscal quarter. See the Application to Purchase Service Credit for Union Representation for additional information and instructions.

Please note that these are the only circumstances where paper purchase requests are permitted. Any other paper Application to Purchase Service Credit form will not be processed.

PROCEDURES FOR PURCHASING SERVICE CREDIT

This fact sheet is a summary and not intended to provide all information. Although every attempt at accuracy is made, it cannot be guaranteed.
Purchasing Service Credit

PAYING FOR A PURCHASE OF SERVICE CREDIT

You may pay for a purchase of service credit:

- With one lump-sum payment;
- By having extra payroll deductions withheld from your pay. The minimum deduction is equal to 50 percent of the full rate of contribution to the pension system over a maximum period of 10 years and includes interest at the assumed rate of return of the retirement system;
- By making an initial down payment and having the remainder paid through payroll deductions; or
- With a direct rollover or trustee-to-trustee transfer of tax-deferred funds from a qualified retirement plan. These include:
  - 401(a) qualified plan (including 401(k) plan) and 403(a) qualified annuity;
  - 403(b) Tax-Sheltered Annuity Plan;
  - 457(b) State and Local Government Deferred Compensation Plan; or
  - IRA with tax-deferred funds:
    - Traditional IRA;
    - SIMPLE IRA (must be over two years old);
    - Simplified Employee Pension (SEP) Plan;
    - Conduit IRA; or
    - Rollover IRA.

Note: The NJDPB cannot accept rollovers from a Roth IRA or a Coverdell Education Savings Account (formerly known as an Education IRA).

In order to complete this process, you must authorize your purchase within 90 days from the date of the quotation letter.

Payroll Deductions Authorization

All members may authorize payroll deductions by returning a completed paper Purchase Authorization form to the NJDPB. PERS, TPAF, and PFRS members can also use the Purchase Authorization online application accessible through MBOS. With the MBOS Purchase Authorization application, you can increase the amount of payroll deductions towards the purchase of service credit, or decrease the amount of service credit you wish to purchase.

If you elect to have payroll deductions (including partial payments), you will receive a Certification of Payroll Deductions after your authorization has been processed.

Lump-Sum or Partial Payments Authorization

If you want to submit a personal check or a rollover as payment for the purchase of service credit, you must submit a paper Purchase Authorization along with the payment to the NJDPB. Lump-sum and partial payments cannot be refunded for any reason. Partial payments are not permitted after deductions begin; however, you may pay off the entire purchase in one lump-sum payment at any time after deductions have been scheduled, or you may request a cancellation of your remaining payroll deductions and receive only a portion of the service.

Canceling and Prorating Your Purchase

If you decide to cancel a purchase and future payroll deductions and have the service credit prorated for the amount you have paid toward the purchase, a request must be made in writing to the New Jersey Division of Pensions & Benefits, Adjustment Section, P.O. Box 295, Trenton, NJ 08625-0295. Your cancellation and proration will automatically be projected into the next payroll certification date (approximately one month for employees whose contributions are reported monthly to the NJDPB or three pay periods for employees whose contributions are reported on a biweekly basis to the NJDPB).

Members who have applied for retirement can request a proration for a future date. Otherwise, if you retire before completing all of the scheduled payments, you will automatically receive prorated credit for the amount of service you have paid or you can pay the remaining balance in a lump sum and receive full credit.

IMPORTANT NOTES

Out-of-State Service and U.S. Government Service

Out-of-State Service, U.S. Government Service, or service with a bi-state or multi-state agency requested for purchase after November 1, 2008, cannot be used by PERS or TPAF members to qualify for any State-paid or employer-paid health benefits in retirement.

The purchase of Out-of-State and/or U.S. Government Service may be used to increase a member’s monthly retirement allowance.

Ordinary Disability Retirement

The purchase of Out-of-State, U.S. Government, or Military Service Before Enrollment cannot be used to qualify for an Ordinary Disability Retirement.

Military Veterans and Non-Veterans

If you are a non-veteran, you are eligible to purchase an aggregate of 10 years of service credit for work outside New Jersey (Out-of-State, Military, and U.S. Government Service).

If you qualify as a veteran, you may be eligible to purchase an additional five years of Military Service rendered during periods of war for an aggregate of 15 years of service outside New Jersey (Out-of-State, Military, and U.S. Government Service).
See the Veteran Status Fact Sheet for additional information.

Military Service after Enrollment may qualify for purchase under the Uniformed Services Employment and Reenrollment Rights Act (USERRA). For more information, see the USERRA – Military Service after Enrollment Fact Sheet.

Shared- and Full-Cost Purchase
For most types of purchase, the cost is shared between the employee and the employers who participate in the pension plan. When statute specifically provides that the employer shall not be liable for any costs of the purchase, you as the member must pay the full cost. If you purchase Local Retirement System Service (PERS and PFRS only), U.S. Government Service, Military Service before Enrollment, Layoff (PFRS only), or Employment in Other Agencies (PFRS only) you are responsible for the full cost. Therefore, the cost to you for purchasing these types of service will be twice the cost for other types of purchase.

Concurrent Service
A member cannot purchase periods of concurrent service. For example, you have service credit in the PERS from 1995 to 1999 due to part-time PERS employment and were also employed full-time as a teacher and a member of the TPAF. If you terminated the PERS employment and withdrew your contributions, you cannot purchase the PERS former membership, as you already have service credit in the TPAF for the same period of time.

Leave of Absence
If you are on a leave of absence for two or more years, additional interest will be assessed on any outstanding balance of your purchase. However, if you separate from employment for two or more years (other than on a leave of absence), the purchase will be canceled and the service credit prorated. SPRS members must apply to purchase service within one year of return from the leave of absence.

Workers’ Compensation
Workers’ Compensation is designed to compensate employees who suffer work-related injuries or illnesses. If you’re on an unpaid leave of absence due to a Workers’ Compensation claim, you should have your employer forward pension contributions on your behalf to the NJDPB. If necessary, you may submit a written request directly to the Audit Section of the NJDPB to determine if your employer may be responsible for remitting normal pension contributions. If you are receiving Workers’ Compensation, you are not entitled to purchase service credit for that same covered period. See the Workers’ Compensation Fact Sheet for additional information.

Taxation of Purchase Payments
Except when funded by a rollover from another tax-deferred plan, the contributions you make to purchase service credit are not federally tax-deferred like your normal pension contributions. These contributions will not be included as taxable income when you start receiving benefits at retirement.
