INTRODUCTION
Under negotiated agreements between the State of New Jersey and the Communications Workers of America (CWA) representing State employees, certain Intermittent employees working at the Department of Labor and the Department of the Treasury are eligible for enrollment in the SHBP. Under the agreement, eligible Intermittent employees can enroll for health coverage through any plan and/or prescription drug coverage through the Employee Prescription Drug Plan. These plans are described at the end of this fact sheet.

The plan benefits, as well as the rules and procedures of the plans, are the same for Intermittent enrollees as they are for all other enrollees, except for those areas listed below. If a specific topic is not outlined in this publication, please refer to the information provided on our website at: www.nj.gov/treasury/pensions

ELIGIBILITY AND ENROLLMENT

Eligibility
Eligibility for coverage is determined by the human resources office at the department at which the employee works. Enrollments, terminations, changes to contracts, etc. must be processed through your employer first, then the SHBP. If you have any questions concerning eligibility provisions, you should see your employer. You may call the New Jersey Division of Pensions and Benefits (NJDPB) Office of Client Services at (609) 292-7524 for general eligibility questions.

To be eligible for coverage, an Intermittent employee must be:

- An employee of the State of New Jersey who is hired in an Intermittent position and has a minimum of 750 regular pay status hours within the previous fiscal year (July 1 to June 30); and
- Covered under the labor contract between the CWA and the State of New Jersey that committed the State to provide SHBP coverage to Intermittent employees.

Eligible Dependents
Your eligible dependents are:

- Your spouse, civil union partner, or eligible same-sex domestic partner;* and

Enrollment
If you meet the eligibility requirements outlined above, your employer will provide you with the Health Benefits Enrollment and/or Change Form. You must complete the application, providing all of the information requested, and submit it to your employer.

Enrollees are required to contribute toward the cost of their health benefits. The contribution is determined as a specified percentage of the health benefits/prescription drug premiums for a salary range, but not less than one and a half percent of salary. If an employee receives a salary increase or decrease, the amount of contribution will be adjusted accordingly. The contribution percentages can be found on our website.

If you do not enroll all eligible members of your family within 60 days of the time you or they first become eligible for coverage, you must wait until the next annual Open Enrollment period to enroll them if you are still eligible for coverage (for more information visit our website).

Effective Dates of Coverage
Coverage will be effective as of the first day of the first coverage period that includes January 1 of a given year, provided the Intermittent employee had a minimum of 750 regular pay status hours in the prior fiscal year.

The effective date of coverage for an eligible dependent is effective the same date as the employee’s, provided they are listed on the enrollment application when first submitted to the SHBP.

*For more information about health benefits for civil union or domestic partners, including eligibility requirements, see the Civil Union and Domestic Partnership.
Coverage changes involving the addition of dependents are effective retroactive to the date of the event (marriage, civil union, birth, adoption, etc.) provided the application is filed within 60 days of the event. Deletion of a dependent is effective on a timely or prospective basis, depending upon receipt of the application by the SHBP. Dependent children are automatically terminated as of the end of the year they attain age 26.

**Annual Recertification of Eligibility**

Your employer will recertify eligibility of every Intermittent employee with SHBP coverage each year. To qualify for coverage in subsequent years, your employer must certify that you have at least 750 regular pay status hours in the prior fiscal year.

**Leave of Absence, Furlough, and Workers’ Compensation**

Because of the arrangement for coverage under the labor contract, absence from work without pay does not affect the continuation of your existing coverage. It may impact coverage in the next year, as such time will not count towards the 750 required regular pay status hours.

**Termination of Coverage**

Your coverage will end if you terminate employment with the State; i.e., resignation, layoff, or death. You should consult your payroll clerk for your exact termination date.

Your coverage will also end if you do not have the 750 regular pay status hours in a fiscal year required by the labor contract. The termination date of your coverage in this case will be at the end of that calendar year or the first payroll period after December 31 of that calendar year. For Example: If you fail to meet the 750 hours in Fiscal Year 2018, your coverage will end the first biweekly payroll date after December 31, 2018.

**Coverage after Retirement**

Since Intermittent employees are not members of a public pension fund, there will not be any retirement from State employment on the basis of the Intermittent position. Therefore, there can be no provision for continuation of coverage in retirement.

**COBRA Coverage**

Upon termination of SHBP coverage, continued coverage in the health plan and the Employee Prescription Drug Plan is available under federal COBRA legislation. See our website for more information on COBRA coverage.

For a summary of benefits provided by the SHBP, see the Plan Comparison Summary for State employees.

Detailed information about the plans can be found online at: www.nj.gov/treasury/pensions/

**Employee Prescription Drug Plan**

The Employee Prescription Drug Plan is a separate drug plan for active employees. The plan is currently administered by OptumRx Pharmacy Benefits.

Prescription drugs can be obtained at a retail pharmacy or by mail order. Copayment amounts for generic prescription drugs, brand name prescription drugs without generic equivalents, or brand name prescription drugs where a generic equivalent is available, can be found on the NJDPB website listed below and are subject to change.

For more information about the Employee Prescription Drug Plan, see the Prescription Drug Plans Member Guidebook which is available online at: www.nj.gov/treasury/pensions
