TO THE HONORABLE

Dear Governor Christie:

The Commission for the

CONSOLIDATED POLICE AND FIREMEN'S PENSION FUND

is pleased to present the Fiscal Year 2011 Annual Report in accordance with the provisions of N.J.S.A. 43:16-6.2.

SIGNIFICANT LEGISLATION

Chapter 78, P.L. 2011

Effective Date: June 28, 2011.

Description: This law makes various changes to pension and health care benefits for public employees.

Provisions of this law that are applicable to the Consolidated Police and Firemen's Pension Fund are as follows:

Section 25: COLA Suspension

Suspends the payment of automatic cost-of-living adjustment to current and future retirees and beneficiaries until reactivated as permitted by this law.

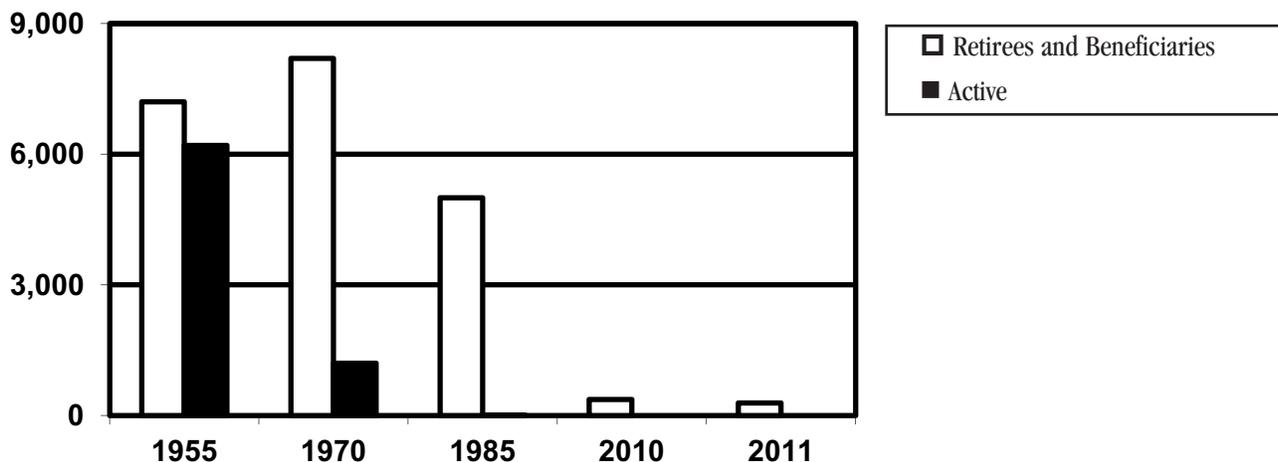

Section 26: Contractual Rights to Employer Pension Contributions

Provides that each member of the TPAF, JRS, Prison Officers' Pension Fund, PERS, Consolidated Police and Firemen's Pension Fund, PFRS, and SPRS will have a contractual right to the annual required contribution made by the employer or by any other public entity. The contractual right to the annual required contribution means that the employer or other public entity must make the annual required contribution on a timely basis to help ensure that the retirement system is securely funded and that the retirement benefits to which the members are entitled by statute and in consideration for their public service and in compensation for their work will be paid upon retirement. The failure of the State or any other public employer to make the annually required contribution will be deemed to be an impairment of the contractual right of each employee. The Superior Court, Law Division will have jurisdiction over any action brought by a member of any system or fund or any board of trustees to enforce the contractual right set forth in this law. The State and other public employers will submit to the jurisdiction of the Superior Court, Law Division and will not assert sovereign immunity in such an action. If a member or board prevails in litigation to enforce the contractual right set forth in this law, the court may award that party their reasonable attorney's fees.

This section also provides that the rights reserved to the State in current law to alter, modify, or amend such retirement systems and funds, or to create in any member a right in the corpus or management of a retirement system or pension fund, cannot diminish the contractual right of employees established by this law.

MEMBERSHIP

- As of June 30, 2011, the active membership of the fund totaled zero. There were 288 retirees and beneficiaries receiving annual pensions totaling \$6,308,585.
- The fund's assets totaled \$7,382,458 at the close of the fiscal year 2011.

Independent Auditor's Report

The Board of Trustees
State of New Jersey
Consolidated Police and Firemen's Pension Fund

We have audited the accompanying statement of fiduciary net assets of the State of New Jersey Consolidated Police and Firemen's Pension Fund (the Fund) as of June 30, 2011, and the related statement of changes in fiduciary net assets for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits. The financial statements of the Fund as of June 30, 2010 were audited by other auditors whose report dated October 27, 2010 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of State of New Jersey Consolidated Police and Firemen's Pension Fund as of June 30, 2011, and changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis and the supplementary information included in the schedule of funding progress and schedule of employer contributions (schedules 1 and 2) are not a required part of the basic financial statements but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The 2011 schedule of changes in fiduciary net assets by fund (schedule 3) is presented for purposes of additional analysis and is not a required part of the basic financial statements of the Fund. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is presented fairly, in all material respects, in relation to the basic financial statements taken as a whole.

The Statements of Fiduciary Net Assets and the Statements of Changes in Fiduciary Net Assets

This annual report consists of two financial statements: *The Statements of Fiduciary Net Assets* and *The Statements of Changes in Fiduciary Net Assets*. These financial statements report information about the Fund and about its activities to help you assess whether the Fund, as a whole, has improved or declined as a result of the year's activities. The financial statements were prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the period they are earned, and expenses are recorded in the year they are incurred, regardless of when cash is received or paid.

The Statements of Fiduciary Net Assets show the balances of all of the assets and liabilities of the Fund at the end of the fiscal year. The difference between assets and liabilities represents the Fund's fiduciary net assets. Over time, increases or decreases in the Fund's fiduciary net assets provide one indication of whether the financial health of the Fund is improving or declining. *The Statements of Changes in Fiduciary Net Assets* show the results of financial operations for the year. The statements provide an explanation for the change in the Fund's fiduciary net assets since the prior year. These two financial statements should be reviewed along with the information contained in the financial statement footnotes, including the required supplementary schedules, to determine whether the Fund is becoming financially stronger or weaker.

Financial Analysis

Summary of Schedule of Fiduciary Net Assets

2011 – 2010

	2011	2010	Increase (Decrease)
Assets	\$ 7,382,458	9,421,284	(2,038,826)
Liabilities	890,779	660,549	230,230
Net assets	\$ 6,491,679	8,760,735	(2,269,056)

The Fund's assets mainly consist of cash, investments, and contributions due from other funds. Between fiscal years 2010 and 2011, total assets decreased by \$2.0 million or 21.6% primarily due to a decrease in the amount invested in the Cash Management Fund (CMF) and mortgages and in accounts receivable.

Liabilities mainly consist of pension benefit payments owed to retirees and beneficiaries. Total liabilities increased by \$230.2 thousand or 34.9% due to an increase in various payables of \$351.5 thousand and a decrease of pension payroll payable of \$121.3 thousand as a result of the declining number of retirees and beneficiaries in the fund.

Net assets held in trust for pension benefits decreased by \$2.3 million or 25.9% primarily because benefit payments exceeded the State contribution, which was zero for this fiscal year, and investment revenues as employer contributions to the fund are being reduced as the number of retirees and beneficiaries decline in this closed fund.

Summary of Schedule of Fiduciary Net Assets

2010 – 2009

Net assets	\$ 8,760,735	11,385,083	(2,624,348)

The Fund's assets mainly consist of cash, investments, and contributions due from other funds. Between fiscal years 2009 and 2010, total assets decreased by \$2.7 million or 22.3% primarily due to a decrease in the amount invested in the Cash Management Fund (CMF) and no employer receivable from the State of New Jersey in 2010.

Liabilities mainly consist of pension benefit payments owed to retirees and beneficiaries. Total liabilities decreased by \$85 thousand or 11.4% as a result of the declining number of retirees and beneficiaries in the fund.

Contributions are also received from the Pension Adjustment Fund to cover the cost-of-living adjustments included in benefit payments. The State did not make a contribution for fiscal year 2011. Local employers contributed \$8.2 thousand representing administrative fees billed to various locations in fiscal year 2011.

Net investment income decreased by 51.0% due to the decline in the net appreciation in the fair value of investments and less income earned on these investments.

Deductions are mainly comprised of pension benefit payments to retirees and beneficiaries and administrative costs incurred by the Fund. Benefit payments decreased by \$1.2 million or 15.8% due to fewer retirees and beneficiaries. Notes to Financial Statements

June 30, 2011 and 2010

(1) Description of the Fund

The State of New Jersey Consolidated Police and Firemen's Pension Fund (the Fund; CPFPPF) is a cost-sharing contributory defined benefit plan with a special funding situation which was established as of January 1, 1952, under the provisions of N.J.S.A. 43:16. The Fund is included along with other state-administered pension trust and agency funds in the basic financial statements of the State of New Jersey.

The Fund's designated purpose is to provide retirement, death and disability benefits to its members. Membership in the Fund is limited to county and municipal police and firemen who were appointed prior to July 1, 1944. The Fund's Board of Trustees is primarily responsible for its administration.

According to State of New Jersey Administrative Code, all obligations of the Fund will be assumed by the State of New Jersey should the Fund terminate.

Vesting and Benefit Provisions

The vesting and benefit provisions are set by N.J.S.A. 43:16. The CPFPPF provides retirement as well as death and disability benefits to any active member after 25 years of service. A member may retire at age 60 after 25 years of service. Retirement is mandatory at age 65, except for chiefs of police, who may retire at age 70. Benefits are generally determined to be 60% of final salary, as defined, plus 1% for each creditable year of service, as defined, in excess of 25 years, but not to exceed 30 years.

Chapter 4, P.L. 2001 provided increased benefits to certain members who retired prior to December 29, 1989 with at least 25 years of creditable service. The maximum amount of the increase was 5% of the retiree's final compensation. For those with 30 or more years of service, the total pension benefit increased from 65% to 70% of final compensation.

Membership and Contributing Employers

Membership in the Fund at July 1, 2010 and 2009, the dates of the most recent actuarial valuations, consisted of 396 and 446 retirees and beneficiaries, respectively, receiving benefits currently. Additionally, there were 78 and 82 local employers and the State of New Jersey contributing to the Fund in fiscal year 2011 and 2010, respectively.

(2) Summary of Significant Accounting Policies

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Fund is accounted for using an economic resources measurement focus.

The accrual basis of accounting is used for measuring financial position and changes in fiduciary net assets of the Fund. Under this method, revenues are recorded in the accounting period in which they are earned, and deductions are recorded at the time the liabilities are incurred. The financial statements of the Fund conform to the provisions of Governmental Accounting Standards Board (GASB) Statement No. 25, *Financial Reporting for Defined Benefit Plans and Note Disclosures for Defined Contributions Plans*. Employer contributions are recognized when payable to the Fund. Benefits and refunds are recognized when due and payable in accordance with the terms of the Fund.

Investments

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of seven of the defined benefit plans (PERS, TPAF, JRS, PFRS, CPFPF, SPRS and POPF). The Division of Investment separately reports the assets, liabilities and net assets of the underlying investment portfolio of the seven defined benefit plans in its Pension Fund report.

Investments are reported at fair value as follows:

- Cash Management Fund – closing bid price on the last day of trading during the period as determined by the Transfer Agent.
- Mortgages – priced by a major dealer in such securities and reviewed by management for reasonableness.

Investment transactions are accounted for on a trade or investment date basis. Gains and losses from investment transactions are determined by the average cost method. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date.

The Cash Management Fund is not evidenced by securities that exist in physical or book entry form held by the Fund, and it is unrated.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Funds. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

The State of New Jersey, Department of the Treasury, Division of Investment, under the jurisdiction of the State Investment Council, has the investment responsibility for all funds administered by the State of New Jersey, Division of Pensions and Benefits. All investments must conform to standards set by state law.

Notes to Financial Statements

June 30, 2011 and 2010

The purchase, sale, receipt of income, and other transactions affecting investments are governed by custodial agreements between the Fund, through the State Treasurer, and custodian banks as agents for the Fund. State laws and policies set forth the requirements of such agreements and other particulars as to the size of the custodial institutions, amount of the portfolio to be covered by the agreements, and other pertinent matters.

Administrative Expenses

The Fund is administered by the State of New Jersey Division of Pensions and Benefits. Administrative expenses are paid by the Fund to the State of New Jersey, Department of the Treasury, and are included in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Funded Status and Funding Progress

The required supplementary information regarding the funded status and funding progress is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

The required schedule of funding progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under State statutes in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

- (2) Differences between the amounts in the employer contribution column in this schedule and the amounts recorded in the financial statements and footnotes are attributed to timing differences between the 2010 actuarial valuations and the actual amounts received in fiscal year 2011. Employer contributions per this schedule represent anticipated contribution amounts determined at the time the actuarial valuations were prepared and finalized prior to the end of fiscal year 2011. The financial statements and footnotes reflect the actual amounts received in 2011.
