From the list, select the reason you cannot log into your myNewJersey account.

Based on the selection you have made, myNewJersey may ask a series of questions to help you rectify the problem.

Let's take a look at one of the scenarios: If you are unable to log in to your myNewJersey account because you forgot your login ID or it wasn't accepted, you would select the first option and click next.

The first question you will be asked is if you have tried the "Forgot Your Login ID?" link on the myNewJersey login page.

If you did not, select "No" and follow the prompts. You may want to see our "MBOS Login Issues Part 1" video or user guide for assistance.

Assuming you tried the link and it was unsuccessful, click "Yes."

Once you have gained access to your myNewJersey account, you may need to update your account information like your password and/or the answer to your security question.

To do so, click the "my account" link at the top of the page.

What information do you need to update?

Is your email address outdated? If so, provide your current email address in the appropriate field.

Was your password reset? If it was, you will need to create a new one that you will be able to remember. To begin, enter your current password EXACTLY as it appears in the email you received in the "Current Password" field. Remember, it is case-sensitive. Next, create a new password in the "New Password" field. Then, in the next field, reenter the new password to confirm.

Does your challenge question and answer need to be changed? Your security question and answer should be something only you can answer like "What was the make of my first car?" or "Who was my favorite teacher?" It is a good idea to refrain from using questions where the answer can change or can be easily answered by someone other than you. For example, "What is my favorite color?" or "What is the name of my pet?" Enter the new security question in the "Challenge Question" field and your answer in the "Response" field.

When you are finished, click "Update" to save your changes.

You should now be able to access your MBOS account. Remember to keep your login ID and password safe.

If you have additional questions, you can reach out to the Division of Pensions & Benefits by telephone, email, or postal mail.
