You also have the option of scheduling an appointment at a Quest Patient Service Center at: my.questforhealth.com

For Direct Primary Care Members who are eligible for NJWELL, two DPCMH visits and a treatment plan will be equivalent to a Biometric Screening. These members will be required to complete the required 100-point Health Assessment (before or after the DPCMH Health Screening). The Health Assessment is a private and secure online questionnaire about medical history and lifestyle habits. Responses to the questionnaire, combined with the screening results, help measure a member's current health status, determine health risks, and offer a plan of action on how the member's health can be improved.

The Health Assessment is located on Horizon's online portal.

Horizon members can register at:

Any Personal Health Information (PHI) gathered during the screening or assessment is protected by federal and state privacy laws including the Health Insurance Portability and Accountability Act (HIPAA).
