The agency proposal follows:

**Summary**

N.J.A.C. 17:16-19 permits the Director to invest in collateralized notes and mortgages on behalf of any eligible fund. N.J.A.C. 17:16-19.2(b) provides that up to five percent of the combined assets of all of the Pension and Annuity Funds may be invested in corporate obligations, international corporate obligations, collateralized notes and mortgages, bank loans, non-convertible preferred stock, and mortgage backed passthrough securities that do not meet the minimum credit ratings set forth in N.J.A.C. 17:16-12.2, 16.2, 19.2, 23.2, 40.2, and 58.2, respectively. The proposed amendment to N.J.A.C. 17:16-19.2(b), concurrent with the proposed amendments to the other subchapters published elsewhere in this issue of the New Jersey Register, will raise the five percent cap to eight percent and expand the high yield category to include global diversified credit investments to provide the opportunity for increased risk-adjusted returns. The proposed amendment also clarifies that corporate obligations means corporate obligations of U.S. based corporations.

Because the Division is providing a 60-day comment period on this notice of proposal, this notice is exempted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

**Social Impact**

The proposed amendments shall have a positive social impact because the opportunity for increased overall risk-adjusted returns for the State-administered funds will benefit the funds' beneficiaries and will lessen the long-term burden on the State's taxpayers.

**Economic Impact**

The proposed amendments shall have a positive economic impact by providing an opportunity for increased risk-adjusted returns of the State-administered funds.

**Federal Standards Statement**

A Federal standards analysis is not required because the investment policy rules of the State Investment Council are not subject to any Federal requirements or standards.

**Jobs Impact**

The State Investment Council and the Division of Investment do not anticipate that any jobs will be generated or lost by virtue of the proposed amendments.

**Agriculture Industry Impact**

The proposed amendments will have no impact on the agriculture industry.

**Regulatory Flexibility Statement**

A regulatory flexibility analysis is not required since the proposed amendments will have no effect on small businesses as the term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq., but regulate only the Director of the Division of Investment.

**Housing Affordability Impact Analysis**

The proposed amendments will have no impact on the affordability of housing in the State of New Jersey. The proposed amendments will modify the investment in collateralized notes and mortgages thereby providing an opportunity for increased risk-adjusted returns of the State-administered funds.

**Smart Growth Development Impact Analysis**

The proposed amendments are not anticipated to have an impact on the availability of affordable housing or housing production within Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey. The proposed amendments will modify the investment in collateralized notes and mortgages thereby providing an opportunity for increased risk-adjusted returns of the State-administered funds.

The agency proposal follows:

**Summary**

N.J.A.C. 17:16-20 permits the Director to invest in international government and agency obligations on behalf of any eligible fund. N.J.A.C. 17:16-20.2(c)1 requires that all securities purchased for Common Pension Fund B must be denominated in United States dollars. This requirement is proposed to be deleted, thereby allowing investment in international government and agency obligations denominated in foreign currency to provide for expanded investment opportunities and the opportunity for increased risk-adjusted returns.

The proposed amendments to N.J.A.C. 17:16-20.3 will delete Police and Firemen’s Retirement System, Public Employees’ Retirement System, State Police Retirement System, Teachers’ Pension and Annuity Fund, Judicial Retirement System of New Jersey, and Common Pension

Fund D as eligible funds. All pension and annuity fund investments in international government and agency obligations are proposed to be made through Common Pension Fund B. In addition, eligible funds will continue to include the State of New Jersey Cash Management Fund.

N.J.A.C. 17:16-20.4(a)1 provides that not more than one percent of the market value of the assets of any eligible fund shall be invested in obligations, whether direct or guaranteed, of any one issuer. The proposed amendment will revise the limitation to not more than five percent, in addition to having the language reflect the concurrently proposed amendment to eligible funds. The increased limit will provide the opportunity for increased risk adjusted returns.

N.J.A.C. 17:16-20.4(a)3 provides that the market value of international debt and equity securities held by any fund, other than Common Pension Fund D, shall not exceed 30 percent of the market value of such fund. The proposed amendment will provide that not more than five percent of the combined assets of all the Pension and Annuity Funds shall be invested in international government and agency obligations.

N.J.A.C. 17:16-20.4(a)4 provides a limitation on the investment in the debt and equity of companies based in emerging market countries; this paragraph, and the definition of “emerging market country” in N.J.A.C. 17:16-20.1, are proposed to be deleted. The proposed deletions, along with the separation of investment limits for debt and equity investments being proposed concurrently for N.J.A.C. 17:16-16, 44, and 46 elsewhere in this issue of the New Jersey Register, will provide investment flexibility and the opportunity for increased risk-adjusted returns and will express the limitations in a manner which is consistent with the asset allocation plan.

Because the Division is providing a 60-day comment period on this notice of proposal, this notice is exempted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

**Social Impact**

The proposed amendments shall have a positive social impact because the opportunity for increased overall risk-adjusted returns for the State-administered funds will benefit the funds’ beneficiaries and will lessen the long-term burden on the State’s taxpayers.

**Economic Impact**

The proposed amendments shall have a positive economic impact by providing an opportunity for increased risk-adjusted returns of the State-administered funds.

**Federal Standards Statement**

A Federal standards analysis is not required because the investment policy rules of the State Investment Council are not subject to any Federal requirements or standards.

**Jobs Impact**

The State Investment Council and the Division of Investment do not anticipate that any jobs will be generated or lost by virtue of the proposed amendments.

**Agriculture Industry Impact**

The proposed amendments will have no impact on the agriculture industry.

**Regulatory Flexibility Statement**

A regulatory flexibility analysis is not required since the proposed amendments will have no effect on small businesses as the term is defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq., but regulate only the Director of the Division of Investment.

**Housing Affordability Impact Analysis**

The proposed amendments will have no impact on the affordability of housing in the State of New Jersey. The proposed amendments will modify investment in international government and agency obligations thereby providing an opportunity for increased risk-adjusted returns of the State-administered funds.

**Smart Growth Development Impact Analysis**

The proposed amendments are not anticipated to have an impact on the availability of affordable housing or housing production within Planning Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan in New Jersey. The proposed amendments will
