

**NOTICE OF AWARD
FOR
10 PRINT LIVE SCAN SYSTEMS
MAY 11, 2007**

Please be advised that contracts to provide 10 Print Live Scan Systems have been issued to:

Cross Match Technologies, Inc.
Suite 6001, 3960 RCA Blvd.
Palm Beach Garden, FL 33410
Contract #68462

Sagem Morpho, Inc.
Suite 200, 1145 Broadway Plaza
Tacoma, WA 98402
Contract #68461

This contract allows for the purchase of 10 print live scan fingerprint systems, palm capture capability, mug photo capability, training and maintenance. Cross Match Technologies has been awarded eight (8) lines and Sagem Morpho has been awarded ten (10) lines. The lines are specified on the document under the "By Vendor" tab on this contracts home page at: <http://www.state.nj.us/treasury/purchase/noa/contracts/t1985.shtml>.

The RFP, RFP Addendum language including questions and answers are attached below and should be reviewed by all using agencies.

1.0 INFORMATION FOR BIDDERS

1.1 PURPOSE AND INTENT

This Request for Proposal (RFP) is issued by the Purchase Bureau, Division of Purchase and Property, Department of the Treasury (the "Division"), on behalf of the State of New Jersey, Department of Law and Public Safety. The purpose of this RFP is to solicit bid proposals to engage a contractor to procure and install live scan systems, mug photo systems, and cabinets capable of holding the live scan system for New Jersey State agencies and members of Cooperative Purchasing. The live scan systems shall be capable of integrating, as options, the mug photo system and palm capture technology.

The intent of this RFP is to award a contract to that responsible bidder whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered. However, the State reserves the right to separately procure individual requirements that are the subject of the contract during the contract term, when deemed by the Director to be in the State's best interest.

The NJ Standard Terms and Conditions version 05-09-06, will apply to all contracts or purchase agreements made with the State of New Jersey. These terms are in addition to the terms and conditions set forth in this RFP and should be read in conjunction with same unless the RFP specifically indicates otherwise.

The State intends to extend the contract[s] awarded to the Purchase Bureau's cooperative purchasing partners. These partners include quasi-state agencies, counties, municipalities, school districts, volunteer fire departments, first aid squads, independent institutions of higher learning, County colleges and State colleges.

Although the State, with the assent of the vendor(s), is making the use of any contract resulting from this RFP available to non-State Agencies, the State makes no representation as to the acceptability of any State RFP terms and conditions under the Local Public Contracts Law or any other enabling statute or regulation.

1.2 BACKGROUND

The Fully Integrated Fingerprint Identification System (FIFIS) provides for the electronic transmission of criminal fingerprint cards 24 hours a day from the location of arrest processing, using live scan systems, to the New Jersey State Police (NJSP) providing rapid identification of the person fingerprinted. Once final and positive identification is made through the NJSP Automated Fingerprint Identification System (AFIS), the New Jersey Computerized Criminal History (NJCCH) is updated. The applicable ten-print transactions are then electronically forwarded to the Federal Bureau of Investigation's (FBI) Integrated Automated Fingerprint Identification System (IAFIS).

Currently, the State of New Jersey has more than 250 live scan sites, representing various law enforcement agencies, transmitting criminal fingerprint cards to the SBI. Approximately 65% of all criminal fingerprint cards generated in NJ are being electronically forwarded to the NJSP at

this time. The State is hopeful that the existing live scan systems will be updatable, if desired, with mug photo systems and/or palm capture capability without having to purchase a new live scan system.

This is a reprocurement of the 10 Print Live Scan term contract presently due to expire on November 14, 2006. Bidders who are interested in the current contract specifications and pricing information may review the current contract T1985 at <http://www.state.nj.us/treasury/purchase/contracts.htm>.

1.3 KEY EVENTS

1.3.1 ELECTRONIC QUESTION AND ANSWER PERIOD

The Purchase Bureau will accept questions and inquiries from all potential bidders electronically via web form. To submit a question, please go to Current Bid Opportunities webpage or to <http://ebid.nj.gov/QA.aspx>

Questions should be directly tied to the RFP and asked in consecutive order, from beginning to end, following the organization of the RFP. Each question should begin by referencing the RFP page number and section number to which it relates.

Bidders are not to contact the Using Agency directly, in person, by telephone or by email, concerning this RFP.

The cut-off date for electronic questions and inquiries relating to this RFP is indicated on the cover sheet. Addenda to this RFP, if any, will be posted on the Purchase Bureau website after the cut-off date (see Section 1.4.1. of this RFP for further information.)

1.3.2 SUBMISSION OF BID PROPOSAL

In order to be considered for award, the bid proposal must be received by the Purchase Bureau of the Division of Purchase and Property at the appropriate location by the required time. **ANY BID PROPOSAL NOT RECEIVED ON TIME AT THE LOCATION INDICATED BELOW WILL BE REJECTED. THE DATE AND TIME IS INDICATED ON THE COVER SHEET. THE LOCATION IS AS FOLLOWS:**

**BID RECEIVING ROOM - 9TH FLOOR
PURCHASE BUREAU
DIVISION OF PURCHASE AND PROPERTY
DEPARTMENT OF THE TREASURY
33 WEST STATE STREET, P.O. BOX 230
TRENTON, NJ 08625-0230**

Directions to the Purchase Bureau can be found at the following web address:
<http://www.state.nj.us/treasury/purchase/directions.shtml>

Note: Bidders using USPS Regular or Express mail services should allow additional time since USPS mail deliveries are not delivered directly to the Purchase Bureau.

Procedural inquiries on this RFP may be directed to (609) 292-4751. The Purchase Bureau will not respond to substantive questions related to the RFP or any contract.

To submit an RFP or contract related question, go to the Current Bidding Opportunities webpage or to <http://ebid.nj.gov/QA.aspx>.

1.4 ADDITIONAL INFORMATION

1.4.1 ADDENDA: REVISIONS TO THIS RFP

In the event that it becomes necessary to clarify or revise this RFP, such clarification or revision will be by addendum. Any addendum to this RFP will become part of this RFP and part of any contract awarded as a result of this RFP.

ALL RFP ADDENDA WILL BE ISSUED ON THE DIVISION OF PURCHASE AND PROPERTY WEB SITE. TO ACCESS ADDENDA, SELECT THE BID NUMBER ON THE BIDDING OPPORTUNITIES WEB PAGE AT THE FOLLOWING ADDRESS:

<HTTP://WWW.STATE.NJ.US/TREASURY/PURCHASE/BID/SUMMARY/BID.SHTML>.

There are no designated dates for release of addenda. Therefore interested bidders should check the Purchase Bureau "Bidding Opportunities" website on a daily basis from time of RFP issuance through bid opening.

It is the sole responsibility of the bidder to be knowledgeable of all addenda related to this procurement.

1.4.2 BIDDER RESPONSIBILITY

The bidder assumes sole responsibility for the complete effort required in submitting a bid proposal in response to this RFP. No special consideration will be given after bid proposals are opened because of a bidder's failure to be knowledgeable as to all of the requirements of this RFP.

1.4.3 COST LIABILITY

The State assumes no responsibility and bears no liability for costs incurred by a bidder in the preparation and submittal of a bid proposal in response to this RFP.

1.4.4 CONTENTS OF BID PROPOSAL

Subsequent to bid opening, all information submitted by bidders in response to the bid solicitation is considered public information, except as may be exempted from public disclosure by the Open Public Records Act, N.J.S.A. 47:1A-1 et seq., and the common law. If the State proposes to negotiate and/or pursue a Best and Final Offer, bid proposals will not be made public until the Letter of Intent to Award is issued.

A bidder may designate specific information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. The State reserves the right to make the

determination and will advise the bidder accordingly. The location in the bid proposal of any such designation should be clearly stated in a cover letter. **The State will not honor any attempt by a bidder either to designate its entire bid proposal as proprietary and/or to claim copyright protection for its entire proposal.**

All bid proposals, with the exception of information determined by the State to be proprietary, are available for public inspection after the Letter of Intent to Award is issued. At such time, interested parties can make an appointment with the Purchase Bureau to inspect bid proposals received in response to this RFP.

1.4.5 BID OPENING

On the date and time bid proposals are due under the RFP, only the names of the bidders submitting bid proposals will be publicly announced. The contents of the bid proposals shall remain confidential until the Notice of Intent to Award is issued by the Director.

1.4.6 PRICE ALTERATION

Bid prices must be typed or written in ink. Any price change (including "white-outs") must be initialed. Failure to initial price changes shall preclude a contract award from being made to the bidder.

1.4.7 JOINT VENTURE

If a joint venture is submitting a bid proposal, the agreement between the parties relating to such joint venture should be submitted with the joint venture's bid proposal. Authorized signatories from each party comprising the joint venture must sign the bid proposal. A separate Ownership Disclosure Form, Disclosure of Investigations and Actions Involving Bidder, Affirmative Action Employee Information Report, MacBride Principles Certification, and Business Registration or Interim Registration must be supplied for each party to a joint venture.

2.0 DEFINITIONS

2.1 GENERAL DEFINITIONS

The following definitions will be part of any contract awarded or order placed as result of this RFP.

Addendum – Written clarification or revision to this RFP issued by the Purchase Bureau.

All-Inclusive Hourly Rate – An hourly rate comprised of all direct and indirect costs including, but not limited to: overhead, fee or profit, clerical support, travel expenses, per diem, safety equipment, materials, supplies, managerial support and all documents, forms, and reproductions thereof. This rate also includes portal-to-portal expenses as well as per diem expenses such as food.

Amendment – A change in the scope of work to be performed by the contractor. An amendment is not effective until it is signed by the Director, Division of Purchase and Property.

Bidder – An individual or business entity submitting a bid proposal in response to this RFP.

Contract – This RFP, any addendum to this RFP, and the bidder's proposal submitted in response to this RFP, as accepted by the State.

Contractor – The bidder awarded a contract resulting from this RFP. Also referred to as the Implementation Contractor.

Director – Director, Division of Purchase and Property, Department of the Treasury. By statutory authority, the Director is the chief contracting officer for the State of New Jersey.

Division – The Division of Purchase and Property

Evaluation Committee – A committee established by the Director to review and evaluate bid proposals submitted in response to this RFP and to recommend a contract award to the Director.

Firm Fixed Price – A price that is all-inclusive of direct cost and indirect costs, including, but not limited to, direct labor costs, overhead, fee or profit, clerical support, equipment, materials, supplies, managerial (administrative) support, all documents, reports, forms, travel, reproduction and any other costs. No additional fees or costs shall be paid by the State unless there is a change in the scope of work.

Joint Venture – A business undertaking by two or more entities to share risk and responsibility for a specific project.

May – Denotes that which is permissible, not mandatory.

Project – The undertaking or services that are the subject of this RFP.

Request for Proposal (RFP) – This document which establishes the bidding and contract requirements and solicits bid proposals to meet the purchase needs of the using Agencies as identified herein.

Shall or Must – Denotes that which is a mandatory requirement. Failure to meet a mandatory requirement will result in the rejection of a bid proposal as materially non-responsive.

Should – Denotes that which is recommended, not mandatory.

State Contract Manager – The individual responsible for the approval of all deliverables, i.e., tasks, sub-tasks or other work elements in the Scope of Work as set forth in Sections 8.1, 8.1.1 and 8.1.2.

Subtasks – Detailed activities that comprise the actual performance of a task.

State – State of New Jersey.

Subcontractor – An entity having an arrangement with a State contractor, where the State contractor uses the products and/or services of that entity to fulfill some of its obligations under its State contract, while retaining full responsibility for the performance of all of its [the contractor's] obligations under the contract, including payment to the subcontractor. The subcontractor has no legal relationship with the State, only with the contractor.

Task – A discrete unit of work to be performed.

Using Agency[ies] – The entity[ies] for which the Division has issued this RFP and will enter into a contract.

2.2 CONTRACT SPECIFIC DEFINITIONS

Live Scan System – An automated fingerprint recording system consisting of an integrated central processing unit (CPU), color monitor, keyboard, mouse, optical block, electronic signature capture device, duplex printer, and uninterruptible power supply (UPS). The system is be capable of integrating a mug photo system and/or palm capture capability.

Live Scan Site – The physical facility where one or more live scan systems are located.

3.0 SCOPE OF WORK

3.1 DESCRIPTION OF LIVE SCAN PROCESS

The live scan fingerprinting process begins at a live scan system where a subject is fingerprinted and the alphanumeric descriptive data is entered and stored in the live scan system. A fingerprint card (or cards) in a format specified by the Using Agency, is printed on the attached printer. The descriptive data, fingerprint images, transaction type, and the process control number (unique identifier assigned by the live scan system) are electronically transmitted to the central site AFIS server where they are stored in a temporary database in a store and forward mode until transferred to the AFIS database for fingerprint comparison.

3.2 LIVE SCAN REQUIREMENTS

- A. The live scan system must be IAFIS IQS (EFTS) Appendix F (IAFIS-DOC-01078-7.1) certified. Requirements for this certification can be found at: <http://www.fbi.gov/hq/cjisd/iafis/efts71/efts71.pdf>.
- B. Fingerprint images shall be compressed using the FBI certified WSQ compression algorithm at the FBI required maximum average compression ratio of 15:1, and shall be fully compliant with FBI WSQ Gray-Scale Fingerprint Image Compression Specifications IAFIS-IC-0010v3. These specifications can be found at: <http://www.itl.nist.gov/iad/894.03/fing/fing.html>.
- C. Electronic fingerprint images shall be captured and transmitted to the NJSP in accordance with the standard for electronic interchange of fingerprint information, "ANSI/NIST-ITL 1-2000. These specifications can be found at: www.fbi.gov/hq/cjisd/iafis.htm.
- D. The live scan system must contain quality assurance software that provides the user with a selectable threshold for image quality control and error checking to ensure capturing of quality images in the correct sequence.
- E. During the image-capture process, the live scan system shall have preview capability so the live image can be displayed during image capture.
- F. The live scan system shall use a multi-tasking operating system with application software providing simultaneous image capture, image printing, transmission, and record creation editing.
- G. The live scan system shall be capable of storing, at a minimum, 1000 fingerprint records in a queue for possible retransmission or printing.
- H. The live scan system shall allow for the integration of any mug photo interface that meets the NJSP Standards for the Electronic Capture of Mug shots, Version 2.1, 4/20/06 (Attachment A).
- I. The interface connection between the live scan system and a mug photo system will be determined by the available port configuration on the live scan system. Under all circumstances, the live scan system must have the ability to make this connection in accordance with "H" above.
- J. User access to the system shall be controlled by a logon ID and password for, at a minimum, "user-only" and "supervisory" access.

- K. The live scan system shall support TCP/IP protocol and an Ethernet environment.
- L. The live scan system shall assure delivery of electronic fingerprint records across the network. If a record fails to successfully transmit across the network to the NJSP, the system shall continue to transmit until delivery of the record to the NJSP Store and Forward Unit (SFU) is successful. When the SFU receives the record, the SFU will acknowledge receipt of the record by sending an acknowledgement response to the live scan system.
- M. The live scan system shall be capable of printing double sided ten-print cards in accordance with the IAFIS IQS Appendix F Certification (see "A" above). The live scan system shall print the selected fingerprint card form on blank paper stock at the same time it is printing data on the card being created. The duplex printer shall contain at least one paper feed tray and a manual paper feed.
- N. Data captured at the live scan system shall be used to electronically create and update NJCCH records. This data requires standardization, therefore, each live scan system shall contain built-in edit tables that are easily to accessed and utilized by the live scan operator. Data entered at the live scan system that conflicts with the correct standardized data in the edit tables shall prohibit transmission of the fingerprint card data until it is corrected (Attachment B).
- O. Data to be transmitted to the SFU via the telecommunications network must be formatted in accordance with the NJSP FIFIS ANSI-NIST Live Scan Workstation ICD Release 1.13.3 (Attachment C).

Note: The NJSP is in the process of replacing its existing AFIS. This will have an impact on certain fields/tags listed in the NJSP FIFIS ANSI-NIST Live Scan Workstation ICD Release 1.13.3 (Attachment C). The upgrade to the new AFIS is expected to be complete during the fourth quarter of 2006. Once completed, contractors shall comply with the new ICD release and any costs incurred to comply shall not be passed onto the Using Agencies.

- P. The edit tables must be revised when the standardized data changes. The live scan system shall be capable of accepting table updates via a central server, which will be maintained by the NJSP. Various electronic fingerprint transmission specification (EFTS) attributes will be available for direct import into the live scan system via an internet connection. The edit table codes will be updated at regular intervals. For each set of codes, the "last update date" will be listed so that the live scan system can determine if the tables need to be updated. Attachment C contains a list of the tables available for automated updates from the NJSP server.
- Q. Anti-virus and operating system updates (patches and service packs) shall be provided by the contractor via a separate server. This server shall provide current records regarding the patch and update status of each of the contractor live scan systems and these records must be accessible by members of the NJSP Information Security Unit for auditing purposes. Live scan systems **must not** be permitted access to the internet for any anti-virus or operating system updates.
- R. The contractor-provided system shall transmit data for transport of the wide area network using a non-proprietary, open source, 128 bit encryption methodology.
- S. The UPS supplied with the live scan system shall give support in accordance with the manufacturer specifications for the system equipment provided. The UPS shall be

capable of supporting the live scan system for 15 minutes after a loss of electrical power. The live scan printer shall not be connected to the UPS.

3.3 LIVE SCAN DATA ENTRY

The information below describes the necessary data fields to be captured by the live scan system to generate the appropriate fingerprint cards. The accuracy and standardization of this data are of paramount importance and shall be insured through quality control edits built into the live scan system.

3.3.1 PROCESS CONTROL NUMBER (PCN)

The PCN shall be assigned by the live scan system. It shall consist of 12 characters and will be used to track the transaction throughout the entire electronic process. The PCN will consist of:

- The first four characters shall be numbers identifying the municipality;
- The next two characters shall be numbers identifying the live scan system;
- The last six characters shall be numbers assigned sequentially by the live scan system.

3.3.2 CARD TYPE

Card type will determine how data is handled by and through AFIS and NJCCH, and what data will be printed on the card. The card types are:

- Criminal
- Criminal Inquiry
- Applicant
- Sex Offender
- Custody Receipt
- Domestic Violence Order (Final Order)
- Non-Criteria Arrest
- Juvenile (Criminal)
- Applicant Query (Criminal Justice Employment Only)

Further codes for each card type are provided in Attachment C.

3.3.3 DATA FIELDS

Data fields shall be captured for state and federal fingerprint cards in accordance with state and federal specifications as defined in Attachment C.

3.4 FINGERPRINT CARD TEMPLATES

The following fingerprint card templates shall be designed and utilized:

- a) State Criminal Arrest Fingerprint Card
- b) Federal Criminal Arrest Fingerprint Card
- c) State Applicant Fingerprint Card
- d) Federal Applicant Fingerprint Card
- e) State Sex Offender Registration Card
- f) State Criminal Inquiry Fingerprint Card
- g) Domestic Violence Order Fingerprint Card
- h) State Non-Criteria Arrest Fingerprint Card

i) Custody Receipt Fingerprint Card

Examples of all fingerprint card templates may be found in Attachment D.

3.5 TELECOMMUNICATIONS NETWORK

The Using Agency shall provide the necessary communication line between the live scan site and the AFIS server. The communications line will be a T1 frame relay circuit ending at a router installed at the live scan site. The Using Agency shall provide the router for the live scan site and the router will be installed and maintained by the State's Office of Information Technology (OIT). Wide area communications will utilize the TCP/IP protocol. The contractor shall provide connectivity from the router installed at the live scan site to the live scan system and shall ensure that portion of the system is maintained in proper working order.

3.6 OPTIONAL INTEGRATED MUG PHOTO SYSTEM

The integration of the live scan system with a mug photo system will allow a law enforcement agency to capture two mug photos upon completing the fingerprint capture process. The combined fingerprint/mug photo record must be electronically transmitted to the NJSP simultaneously (see Attachment C). Upon verification of the criminal fingerprint card, the mug photo must be routed to the NJSP mug photo server.

The live scan system must be customized to:

- Give an operator the option to capture photo(s) when card types 'C', 'J', 'S', 'N' or "R" are input.
- Transmit photo(s) only when accompanied by transmission of fingerprint card.
- Capture frontal pose (required) and profile (optional).
- Generate optional mug photo card to print at capture site.

The mug photo system shall be comprised of all the necessary components to meet the NJSP Standards for the Electronic Capture of Mugshots Version 2.1, April 20, 2006 (Attachment A). The mug photo system shall provide an automated means to determine mug photo compliance with the NJSP Standards for the Electronic Capture of Mug shots Version 2.1 and provide electronic feedback to the operator. If mug photos are determined to be of insufficient quality, the system shall allow the operator to employ an override mechanism to delete the mug photo. The mug photo system and necessary software may be included with any live scan system purchase by a Using Agency, or it may be purchased separately and installed on pre-existing live scan systems.

A pre-installation site analysis must be performed as part of any mug photo system purchase. The Using Agency shall provide floor plan dimensions, photographs of the site, and a description of the light sources and output. The Using Agency will be responsible for any modifications or updates to the site that are needed to accommodate the mug photo system.

3.7 OPTIONAL PALM CAPTURE TECHNOLOGY

The NJSP's new AFIS will be able to integrate fingerprints and palmprints. Using a live scan system with the capability of capturing palmprints allows a law enforcement agency to electronically transmit the palmprints to the NJSP as an additional way to positively identify suspects.

Any live scan system purchased from the contract issued through this RFP shall be capable of being customized to:

- Give a system user the option to capture palmprints when card type 'C', 'J', 'S', 'N, or "R" is generated.
- Transmit palmprints only when accompanied by transmission of fingerprint card.
- Capture and transmit both palm and writer's palm (hypothenar) prints.
- Examine palmprint images and ensure that palms are captured in the proper order (right palm, then left).
- Check quality of palmprint based on the number of minutiae extracted.
- Automatically analyze the palm images to prevent capture of palmprints that are too light or dark.
- Allow post-capture review and, if desired, re-capture the palm and writer's palm images.
- Print double-sided palmprint cards.

The live scan system shall handle the capture, storage, printing, and transmission of palmprints in accordance with all requirements of fingerprints contained in this document and its attachments.

Palmprint data and images transmitted to the NJSP AFIS via the communications network must be in accordance with the NJSP FIFIS ANSI-NIST Live Scan Workstation Release 1.13.3 (Attachment C).

Palmprints shall be recorded on a NJ State Palm Card (see Attachment D).

3.8 INTRODUCTION TO ADDITIONAL REQUIREMENTS

The following sections outline the Training, Site Plan, Delivery, Installation and Startup, Acceptance, Warranty, and Maintenance requirements for a live scan system that contains mug shot and palmprint capture technology.

All hardware and software needed to upgrade an existing live scan system to a palm capture capable system shall have the same warranty and maintenance packages of any other hardware and software purchases made under the contract resulting from this RFP.

3.9 TRAINING

The contractor shall provide training to Using Agency personnel to ensure proficient utilization of the live scan system. The contractor shall provide a training plan to the State Contract Manager. The training plan shall be updated, as needed, throughout the term of the contract.

The training shall be contractor-provided, instructor led courses utilizing the train the trainer methodology. The training shall be conducted at the Using Agency facility for up to 10 trainees per Using Agency. A comprehensive training program must be designed incorporating the needs of the Using Agency. The contractor's training curriculum shall encompass all live scan, mug photo, and palm capture system functions and any live scan interface training necessary to properly operate the system. The training shall be designed and conducted to permit Using Agency personnel to become completely knowledgeable of the system's capabilities, and said personnel are able to operate the system properly.

The contractor shall provide two (2) copies of all mug photo system training materials for each live scan site. User documentation and training materials shall be written in English and shall not contain technical language or pseudo-code.

3.10 SITE PLANNING

It will be the responsibility of each Using Agency to provide/modify its individual sites for equipment installation. The contractor shall provide the State Contract Manager with equipment specifications which shall contain at a minimum:

1. Power requirements
2. Space requirements (footprint)
3. Equipment dimensions and weight
4. Air conditioning requirements
5. Number and type of each power receptacle
6. Any other information the contractor deems necessary for proper installation and utilization of the equipment.

3.11 DELIVERY, INSTALLATION, AND STARTUP

As part of the purchase process, the contractor shall provide the Using Agency with a project timetable. The timetable shall include the dates and timeframe for system delivery, installation, startup, testing, training, and when the system will be operational. To insure the security of the system, all deliveries will be coordinated with the Using Agency project manager. Equipment shall not be left unattended on a loading dock.

The contractor shall provide documentation on each piece of equipment supplied as part of the system configuration. An itemized equipment list shall be included as part of the delivery and must identify for each item:

- Quantity
- Manufacturer
- Model
- Serial Number
- Description of device, e.g., camera, PC, etc.
- Location
- Cost
- Warranty period
- Maintenance coverage
- Published performance specifications

The contractor shall provide documentation of all system software required to operate the hardware/software configuration to the Using Agency project manager and each live scan site.

3.12 ACCEPTANCE

The contractor shall, in conjunction with the Using Agency project manager, prepare a Live Scan Acceptance Test Plan, a Mug Photo System Acceptance Test Plan, and a Palm Capture Test Plan to verify that all hardware and software operates in accordance with the specifications as identified in this RFP and that the requirements of the contract have been met in full. The Acceptance Test Plans shall include at a minimum:

3.12.1 HARDWARE ACCEPTANCE CRITERIA

- The hardware meets all specifications documented in this RFP and is completely operational.
- All hardware and operating system components have been installed according to requirements and are operational.
- All system devices have been tested while connected to the server.

- All hardware documentation has been delivered.
- All hardware operating system software documentation has been delivered.

3.12.2 SOFTWARE ACCEPTANCE CRITERIA

- A demonstration that the software is operating in accordance with the specifications and requirements as documented in this RFP.
- All software documentation has been delivered to the State.

3.12.3 FINAL SYSTEM ACCEPTANCE

- Documentation of the applicable, satisfactory performance of the delivered hardware and software as specified under Section 3.12 of this RFP has been received.
- All required deliverables have been provided to and accepted by the Using Agency.

System acceptance shall occur when the Using Agency states in writing to the contractor that final acceptance as described in RFP Section 3.12.3 is fulfilled. Upon receiving that written notice from the Using Agency project manager, the contractor may invoice the Using Agency.

3.13 WARRANTY

The warranty period for all hardware and software shall begin upon final system acceptance by the Using Agency.

3.13.1 HARDWARE WARRANTY

- The contractor shall supply the full factory warranty at no additional cost for each component of the systems.
- All hardware must be free from defects for a period of one (1) year from the date of final system acceptance.
- All required repairs or replacements, including parts and labor, shall be completed at no expense to the Using Agency for a period of one (1) year from the date of final system acceptance.
- Routine preventive maintenance shall be completed at no additional charge for a period of one (1) year from the date of final system acceptance.

3.13.2 SOFTWARE WARRANTY

- All software must be free of defects or imperfections that prevent performance as specified herein for a period of one (1) year from the date of final system acceptance by the Using Agency.
- All corrections to the software shall be completed at the contractor's expense.

3.14 MAINTENANCE

The contractor shall provide maintenance for two (2) years following expiration of the warranty period.

The maintenance plan shall include:

- Remedial and preventive maintenance for all hardware and software at each individual live scan site.
- Telephone assistance within two (2) hours.

- On-site response within 24 hours, as necessary.
- All operating and system software updates, revisions, new versions, and patches.

Note: No dial-up connections for maintenance shall be permitted. The NJSP reserves the right to require virtual private network (VPN) Digital Certificate accounts of all its contractors. The NJSP also reserves the right to disable any Digital Certificate account found in violation of the State of New Jersey VPN Policy. Information regarding Digital Certificate accounts may be found at <http://www.state.nj.us/infobank/circular/cir0402s.htm>. Remote access will be considered for specific contractor hosts on a case-by-case basis.

3.15 OPTIONAL LIVE SCAN CABINET

The live scan cabinet must be freestanding and capable of housing the computer equipment, scanning block, mug photo equipment and cabling, and allow for the capture of fingerprints and mug photo. The cabinet must be ergonomically correct to capture fingerprints, built to ensure officer safety (resistant to tipping, no sharp edges) able to protect the equipment, contain a built-in fingerprint block and keyboard for ease of operation and allow enough ventilation to keep the equipment from overheating.

4.0 BID PROPOSAL PREPARATION AND SUBMISSION

4.1 GENERAL

The bidder is advised to thoroughly read and follow all instructions contained in this RFP, including the instructions on the RFP's signatory page, in preparing and submitting its bid proposal.

4.2 BID PROPOSAL DELIVERY AND IDENTIFICATION

In order to be considered, a bid proposal must arrive at the Purchase Bureau in accordance with the instructions on the RFP signatory page <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. Bidders are cautioned to allow adequate delivery time to ensure timely delivery of bid proposals. **State regulation mandates that late bid proposals are ineligible for consideration. THE EXTERIOR OF ALL BID PROPOSAL PACKAGES ARE TO BE LABELED WITH THE BID IDENTIFICATION NUMBER AND THE FINAL BID OPENING DATE OR RISK NOT BEING RECEIVED IN TIME.**

4.3 NUMBER OF BID PROPOSAL COPIES

The bidder must submit **one (1) complete ORIGINAL bid proposal**, clearly marked as the "ORIGINAL" bid proposal. The bidder should submit **seven (7) full, complete and exact copies** of the original. The copies requested are necessary in the evaluation of the bid proposal. A bidder failing to provide the requested number of copies will be charged the cost incurred by the State in producing the requested number of copies. It is suggested that the bidder make and retain a copy of its bid proposal.

4.4 BID PROPOSAL CONTENT

The bid proposal should be submitted in one volume and that volume divided into four (4) sections with tabs (separators), and the content of the material located behind each tab, as follows:

- Section 1 - Forms (Section 4.4.1 - 4.4.3.)
- Section 2 - Technical Proposal (Section 4.4.4)
- Section 3 - Organizational Support and Experience (Section 4.4.5)
- Section 4 - Cost Proposal (Section 4.4.6)

4.4.1 FORMS THAT MUST BE SUBMITTED WITH BID PROPOSAL

4.4.1.1 SIGNATORY PAGE

The bidder shall complete and submit the Signatory page provided on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. The Signatory page shall be signed by an authorized representative of the bidder. If the bidder is a limited partnership, the Signatory page must be signed by a general partner. If the bidder is a joint venture, the Signatory page must be signed by a principal of each party to the joint venture. Failure to comply will result in rejection of the bid proposal.

4.4.1.2 OWNERSHIP DISCLOSURE FORM

In the event the bidder is a corporation, partnership or sole proprietorship, the bidder must complete the attached Ownership Disclosure Form. A current completed Ownership Disclosure

Form must be received prior to or accompany the bid proposal. Failure to do so will preclude the award of a contract.

The Ownership Disclosure Form is located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

4.4.1.3 DISCLOSURE OF INVESTIGATIONS/ACTIONS INVOLVING BIDDER

The bidder shall provide a detailed description of any investigation, litigation, including administrative complaints or other administrative proceedings, involving any public sector clients during the past five years including the nature and status of the investigation, and, for any litigation, the caption of the action, a brief description of the action, the date of inception, current status, and, if applicable, disposition. The bidder shall use the Disclosure of Investigations and Actions Involving Bidder form located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

4.4.1.4 NOTICE OF INTENT TO SUBCONTRACT FORM

All bidders shall complete the attached Notice of Intent to Subcontract Form <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml> to advise the State as to whether or not a subcontractor will be utilized to provide any goods or services under the contract. If this is a Small Business Subcontracting set-aside contract, the bidder must comply with the Procedures for Small Business Participation as Subcontractors set forth in <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

4.4.1.5 SUBCONTRACTOR UTILIZATION FORM

If the bidder intends to utilize a subcontractor, the Subcontractor Utilization Form <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml> must be completed and submitted with the bid proposal.

4.4.2 PROOFS OF REGISTRATION THAT MUST BE SUBMITTED WITH THE BID PROPOSAL

4.4.2.1 BUSINESS REGISTRATION CERTIFICATE FROM THE DIVISION OF REVENUE

FAILURE TO SUBMIT A COPY OF THE BIDDER'S BUSINESS REGISTRATION CERTIFICATE (OR INTERIM REGISTRATION) FROM THE DIVISION OF REVENUE WITH THE BID PROPOSAL MAY BE CAUSE FOR REJECTION OF THE BID PROPOSAL.

The bidder may go to www.nj.gov/njbgs to register with the New Jersey Division of Revenue or to obtain a copy of an existing Business Registration Certificate.

Refer to Section 1.1. of the NJ Standard Terms and Conditions version 05 09 06 located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>

4.4.2.2 SMALL BUSINESS SET-ASIDE CONTRACTS

This is a contract with set aside subcontracting goals for Small Businesses. All bidders must include in their bid proposal a completed and signed **Notice of Intent to Subcontract** form located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. Bidders intending to utilize subcontractors must also include a completed and signed Subcontractor Utilization Plan

form located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. Failure to submit the required forms shall result in a determination that the bid is materially non-responsive. Bidders seeking eligible small businesses should contact the New Jersey Commerce, Economic Growth and Tourism Commission at (609) 292-2146.

4.4.3 FORMS THAT MUST BE SUBMITTED BEFORE CONTRACT AWARD AND SHOULD BE SUBMITTED WITH THE BID PROPOSAL.

4.4.3.1 MACBRIDE PRINCIPLES CERTIFICATION

The bidder is required to complete the attached MacBride Principles Certification evidencing compliance with the MacBride Principles. The requirement is a precondition to entering into a State contract. The MacBride Principles Certification Form is located on the Advertised Solicitation, Current Bid Opportunities webpage:

<http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

4.4.3.2 AFFIRMATIVE ACTION

The bidder is required to complete the attached Affirmative Action Employee Information Report, or, in the alternative, supply either a New Jersey Affirmative Action Certificate or evidence that the bidder is operating under a federally approved or sanctioned affirmative action program. The requirement is a precondition to entering into a State contract. The Affirmative Action Forms are located on the Advertised Solicitation, Current Bid Opportunities webpage

<http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

4.4.3.3 SERVICES SOURCE DISCLOSURE FORM

Pursuant to N.J.S.A. 52:34-13.2, the bidder is required to submit with its bid proposal a completed source disclosure form. <http://www.state.nj.us/treasury/purchase/bid/summary/07x38151.shtml>. Refer to section 7.1.2 of this RFP.

4.4.4 TECHNICAL PROPOSAL

In this Section, the bidder shall describe its approach and plans for accomplishing the work outlined in the Scope of Work Section, i.e., Section 3.0. The bidder must set forth its understanding of the requirements of this RFP and its ability to successfully complete the contract. This Section of the bid proposal should contain at least the following information:

4.4.4.1 MANAGEMENT OVERVIEW

The bidder shall set forth its overall technical approach and plans to meet the requirements of the RFP in a narrative format. This narrative should convince the State that the bidder understands the objectives that the contract is intended to meet, the nature of the required work and the level of effort necessary to successfully complete the contract. This narrative should convince the State that the bidder's general approach and plans to undertake and complete the contract are appropriate to the tasks and subtasks involved.

Mere reiterations of RFP tasks and subtasks are strongly discouraged, as they do not provide insight into the bidder's ability to complete the contract. The bidder's response to this section should be designed to convince the State that the bidder's detailed plans and approach proposed to complete the Scope of Work are realistic, attainable and appropriate and that the bidder's bid proposal will lead to successful contract completion.

4.4.4.2 CONTRACT MANAGEMENT

The bidder should describe its specific plans to manage, control and supervise the contract to ensure satisfactory contract completion according to the required schedule. The plan should include the bidder's approach to communicate with the State Contract Manager including, but not limited to, status meetings, status reports, etc.

4.4.4.3 CONTRACT SCHEDULE

Not applicable to this procurement.

4.4.4.4 MOBILIZATION AND IMPLEMENTATION PLAN

Not applicable to this procurement.

4.4.4.5 POTENTIAL PROBLEMS

The bidder should set forth a summary of any and all problems that the bidder anticipates during the term of the contract. For each problem identified, the bidder should provide its proposed solution.

4.4.5 ORGANIZATIONAL SUPPORT AND EXPERIENCE

The bidder should include information relating to its organization, personnel, and experience, including, but not limited to, references, together with contact names and telephone numbers, evidencing the bidder's qualifications, and capabilities to perform the services required by this RFP.

4.4.5.1 LOCATION

The bidder should include the location of the bidder's office that will be responsible for managing the contract. The bidder should include the telephone number and name of the individual to contact.

4.4.5.2 ORGANIZATION CHART (CONTRACT SPECIFIC)

The bidder should include a contract organization chart, with names showing management, supervisory and other key personnel (including sub-vendor's management, supervisory or other key personnel) to be assigned to the contract. The chart should include the labor category and title of each such individual.

4.4.5.3 RESUMES

Detailed resumes should be submitted for all management, supervisory and key personnel to be assigned to the contract. Resumes should be structured to emphasize relevant qualifications and experience of these individuals in successfully completing contracts of a similar size and scope to those required by this RFP. Resumes should include the following:

- Clearly identify the individual's previous experience in completing similar contracts.
- Beginning and ending dates should be given for each similar contract.
- A description of the contract should be given and should demonstrate how the individual's work on the completed contract relates to the individual's ability to contribute to successfully providing the services required by this RFP.

- With respect to each similar contract, the bidder should include the name and address of each reference together with a person to contact for a reference check and a telephone number.

4.4.5.4 BACKUP STAFF

The bidder should include a list of backup staff that may be called upon to assist or replace primary individuals assigned. Backup staff must be clearly identified as backup staff.

In the event the bidder must hire management, supervisory and/or key personnel if awarded the contract, the bidder should include, as part of its recruitment plan, a plan to secure backup staff in the event personnel initially recruited need assistance or need to be replaced during the contract term.

4.4.5.5 ORGANIZATION CHART (ENTIRE FIRM)

The bidder should include an organization chart showing the bidder's entire organizational structure. This chart should show the relationship of the individuals assigned to the contract to the bidder's overall organizational structure.

4.4.5.6 EXPERIENCE OF BIDDER ON CONTRACTS OF SIMILAR SIZE AND SCOPE

The bidder should provide a comprehensive listing of contracts of similar size and scope that it has successfully completed, as evidence of the bidder's ability to successfully complete the services required by this RFP. Emphasis should be placed on contracts that are similar in size and scope to the work required by this RFP. A description of all such contracts should be included and should show how such contracts relate to the ability of the firm to complete the services required by this RFP. For each such contract, the bidder should provide two names and telephone numbers of individuals for the other contract party. Beginning and ending dates should also be given for each contract.

4.4.5.7 FINANCIAL CAPABILITY OF THE BIDDER

In order to provide the State with the ability to judge the bidder's financial capacity and capabilities to undertake and successfully complete the contract, the bidder should submit certified financial statements to include a balance sheet, income statement and statement of cash flow, and all applicable notes for the most recent calendar year or the bidder's most recent fiscal year. If certified financial statements are not available, the bidder should provide either a reviewed or compiled statement from an independent accountant setting forth the same information required for the certified financial statements, together with a certification from the Chief Executive Officer and the Chief Financial Officer, that the financial statements and other information included in the statements fairly present in all material respects the financial condition, results of operations and cash flows of the bidder as of, and for, the periods presented in the statements. In addition, the bidder should submit a bank reference.

If the information is not supplied with the bid proposal, the State may still require the bidder to submit it. If the bidder fails to comply with the request within seven (7) business days, the State may deem the proposal non-responsive.

A bidder may designate specific financial information as not subject to disclosure when the bidder has a good faith legal/factual basis for such assertion. Bidder may submit specific financial documents in a separate, sealed package clearly marked "Confidential-Financial Information" along with the Bid Proposal.

The State reserves the right to make the determination to accept the assertion and shall so advise the bidder.

4.4.5.8 SUBCONTRACTOR(S)

- A. **All bidders** must complete the **Notice of Intent to Subcontract Form** whether or not they intend to utilize subcontractors in connection with the work set forth in this RFP. If the bidder intends to utilize subcontractor(s), then the **Subcontractor Utilization Plan** must also be submitted with the bid.

N.J.A.C. 17:13-4 and Executive Order 71 mandate that if the bidder proposes to utilize a subcontractor, the bidder must make a good faith effort to meet the set-aside subcontracting targets of awarding a total of twenty-five percent (25%) of the value of the contract to New Jersey-based, New Jersey Commerce, Economic Growth & Tourism Commission registered small businesses, with a minimum of five (5) percent awarded to each of the three categories set forth below, and the balance of ten (10) percent spread across the three annual gross revenue categories: Category I – \$1 to \$500,000; Category II - \$500,001 to \$5,000,000; Category III - \$5,000,001 to \$12,000,000.

- B. Should the bidder choose to use subcontractors and fail to meet the Small Business Subcontracting targets set forth above, the bidder must submit documentation demonstrating its good faith effort to meet the targets with its bid proposal or within seven (7) business days upon request.**
- C. Should the bidder propose to utilize a subcontractor(s) to fulfill any of its obligations, the bidder shall be responsible for the subcontractor's(s): (a) performance; (b) compliance with all of the terms and conditions of the contract; and (c) compliance with the requirements of all applicable laws.
- D. The bidder must provide a detailed description of services to be provided by each subcontractor, referencing the applicable Section or Subsection of this RFP.
- E. The bidder should provide detailed resumes for each subcontractor's management, supervisory and other key personnel that demonstrate knowledge, ability and experience relevant to that part of the work which the subcontractor is designated to perform.
- F. The bidder should provide documented experience to demonstrate that each subcontractor has successfully performed work on contracts of a similar size and scope to the work that the subcontractor is designated to perform in the bidder's proposal.

4.4.6 PRICE SCHEDULE

The bidder must submit its pricing using the format set forth in the State supplied price sheet(s) attached to this RFP. Failure to submit all information required will result in the bid being considered non-responsive. Each bidder is required to hold its prices firm through issuance of contract.

5.0 SPECIAL CONTRACTUAL TERMS AND CONDITIONS

5.1 PRECEDENCE OF SPECIAL CONTRACTUAL TERMS AND CONDITIONS

The contract awarded as a result of this RFP shall consist of this RFP, addendum to this RFP, the contractor's bid proposal and the Division's Notice of Award.

Unless specifically stated within this RFP, the Special Contractual Terms and Conditions of the RFP take precedence over the NJ Standard Terms and Conditions version 05 09 06 located on the Advertised Solicitation, Current Bid Opportunities webpage at <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

In the event of a conflict between the provisions of this RFP, including the Special Contractual Terms and Conditions and the NJ Standard Terms and Conditions version 05 09 06, and any Addendum to this RFP, the Addendum shall govern.

In the event of a conflict between the provisions of this RFP, including any Addendum to this RFP, and the bidder's bid proposal, the RFP and/or the Addendum shall govern.

5.2 CONTRACT TERM AND EXTENSION OPTION

The term of the contract shall be for a period of three (3) years. The anticipated "Contract Effective Date" is provided on the signatory page of this RFP located on the Advertised Solicitation, Current Bid Opportunities webpage, <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. If delays in the procurement process result in a change to the anticipated Contract Effective Date, the bidder agrees to accept a contract for the full term of the contract. The contract may be extended for additional periods of up to one (1) year for a total two (2) years, by mutual written consent of the contractor and the Director at the same terms, conditions and pricing. The length of each extension shall be determined when the extension request is processed.

Should the contract be extended, the contractor shall be paid at the rates in effect in the last year of the contract. Purchase orders may be placed against the contract up to and including the end of business on the last day of the contract, for delivery no more than 45 days after contract expiration.

5.3 CONTRACT TRANSITION

In the event that a new contract has not been awarded prior to the contract expiration date, as may be extended herein, it shall be incumbent upon the contractor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than one-hundred eighty (180) days beyond the expiration date of the contract.

5.4 CONTRACT AMENDMENT

Any changes or modifications to the terms of the contract shall be valid only when they have been reduced to writing and signed by the contractor and the Director.

5.5 CONTRACTOR RESPONSIBILITIES

The contractor shall have sole responsibility for the complete effort specified in the contract. Payment will be made only to the contractor. The contractor shall have sole responsibility for all payments due any subcontractor.

The contractor is responsible for the professional quality, technical accuracy and timely completion and submission of all deliverables, services or commodities required to be provided under the contract. The contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its deliverables and other services. The approval of deliverables furnished under this contract shall not in any way relieve the contractor of responsibility for the technical adequacy of its work. The review, approval, acceptance or payment for any of the services shall not be construed as a waiver of any rights that the State may have arising out of the contractor's performance of this contract.

5.6 SUBSTITUTION OF STAFF

If it becomes necessary for the contractor to substitute any management, supervisory or key personnel, the contractor will identify the substitute personnel and the work to be performed.

The contractor must provide detailed justification documenting the necessity for the substitution. Resumes must be submitted evidencing that the individual(s) proposed as substitution(s) have qualifications and experience equal to or better than the individual(s) originally proposed or currently assigned.

The contractor shall forward a request to substitute staff to the State Contract Manager for consideration and approval. No substitute personnel are authorized to begin work until the contractor has received written approval to proceed from the State Contract Manager.

5.7 SUBSTITUTION OR ADDITION OF SUBCONTRACTOR(S)

This Subsection serves to supplement but not to supersede Section 3.11 of the NJ Standard Terms and Conditions version 05 09 06 located on the Advertised Solicitation, Current Bid Opportunities webpage.

If it becomes necessary for the contractor to substitute a subcontractor, add a subcontractor or substitute its own staff for a subcontractor, the contractor will identify the proposed new subcontractor or staff member(s) and the work to be performed. The contractor must provide detailed justification documenting the necessity for the substitution or addition.

The contractor must provide detailed resumes of its proposed replacement staff or of the proposed subcontractor's management, supervisory and other key personnel that demonstrate knowledge, ability and experience relevant to that part of the work which the subcontractor is to undertake.

The qualifications and experience of the replacement(s) must equal or exceed those of similar personnel proposed by the contractor in its bid proposal.

The contractor shall forward a written request to substitute or add a subcontractor or to substitute its own staff for a subcontractor to the State Contract Manager for consideration. If the State Contract Manager approves the request, the State Contract Manager will forward the request to the Director for final approval.

No substituted or additional subcontractors are authorized to begin work until the contractor has received written approval from the Director.

5.8 OWNERSHIP OF MATERIAL

All data, technical information, materials gathered, originated, developed, prepared, used or obtained in the performance of the contract, including, but not limited to, all reports, surveys, plans, charts, literature, brochures, mailings, recordings (video and/or audio), pictures, drawings,

analyses, graphic representations, software computer programs and accompanying documentation and print-outs, notes and memoranda, written procedures and documents, regardless of the state of completion, which are prepared for or are a result of the services required under this contract shall be and remain the property of the State of New Jersey and shall be delivered to the State of New Jersey upon 30 days notice by the State. With respect to software computer programs and/or source codes developed for the State, the work shall be considered "work for hire", i.e., the State, not the contractor or subcontractor, shall have full and complete ownership of all software computer programs and/or source codes developed. To the extent that any of such materials may not, by operation of the law, be a work made for hire in accordance with the terms of this Agreement, contractor or subcontractor hereby assigns to the State all right, title and interest in and to any such material, and the State shall have the right to obtain and hold in its own name and copyrights, registrations and any other proprietary rights that may be available.

Should the bidder anticipate bringing pre-existing intellectual property into the project, the intellectual property must be identified in the bid proposal. Otherwise, the language in the first paragraph of this section prevails. If the bidder identifies such intellectual property ("Background IP") in its bid proposal, then the Background IP owned by the bidder on the date of the contract, as well as any modifications or adaptations thereto, remain the property of the bidder. Upon contract award, the bidder or contractor shall grant the State a non-exclusive, perpetual royalty free license to use any of the bidder/contractor's Background IP delivered to the State for the purposes contemplated by the Contract.

5.9 DATA CONFIDENTIALITY

All financial, statistical, personnel and/or technical data supplied by the State to the contractor are confidential. The contractor is required to use reasonable care to protect the confidentiality of such data. Any use, sale or offering of this data in any form by the contractor, or any individual or entity in the contractor's charge or employ, will be considered a violation of this contract and may result in contract termination and the contractor's suspension or debarment from State contracting. In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution.

5.10 NEWS RELEASES

The contractor is not permitted to issue news releases pertaining to any aspect of the services being provided under this contract without the prior written consent of the Director.

5.11 ADVERTISING

The contractor shall not use the State's name, logos, images, or any data or results arising from this contract as a part of any commercial advertising without first obtaining the prior written consent of the Director.

5.12 LICENSES AND PERMITS

The contractor shall obtain and maintain in full force and effect all required licenses, permits, and authorizations necessary to perform this contract. The contractor shall supply the State Contract Manager with evidence of all such licenses, permits and authorizations. This evidence shall be submitted subsequent to the contract award. All costs associated with any such licenses, permits and authorizations must be considered by the bidder in its bid proposal.

5.13 CLAIMS AND REMEDIES

5.13.1 CLAIMS

All claims asserted against the State by the contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1, et seq., and/or the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

5.13.2 REMEDIES

Nothing in the contract shall be construed to be a waiver by the State of any warranty, expressed or implied, of any remedy at law or equity, except as specifically and expressly stated in a writing executed by the Director.

5.13.3 REMEDIES FOR FAILURE TO COMPLY WITH MATERIAL CONTRACT REQUIREMENTS

In the event that the contractor fails to comply with any material contract requirements, the Director may take steps to terminate the contract in accordance with the State administrative code and/or authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the State by the defaulting contractor.

5.14 LATE DELIVERY

The contractor must immediately advise the State Contract Manager of any circumstance or event that could result in late completion of any task or subtask called for to be completed on a date certain. Notification must also be provided to the Director at the address below:

The State of New Jersey
Director, Division of Purchase and Property
Purchase Bureau
PO Box 230
33 West State St.
Trenton, New Jersey 08625-0230

5.15 RETAINAGE

Not applicable to this procurement.

5.16 STATE'S OPTION TO REDUCE SCOPE OF WORK

The State has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Director shall provide advance written notice to the contractor.

Upon receipt of such written notice, the contractor will submit, within five (5) working days to the Director and the State Contract Manager, an itemization of the work effort already completed by task or subtask. The contractor shall be compensated for such work effort according to the applicable portions of its price schedule.

5.17 SUSPENSION OF WORK

The State Contract Manager may, for valid reason, issue a stop order directing the contractor to suspend work under the contract for a specific time. The contractor shall be paid until the effective date of the stop order. The contractor shall resume work upon the date specified in the

stop order, or upon such other date as the State Contract Manager may thereafter direct in writing. The period of suspension shall be deemed added to the contractor's approved schedule of performance. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

5.18 CHANGE IN LAW

Whenever an unforeseen change in applicable law or regulation affects the services that are the subject of this contract, the contractor shall advise the State Contract Manager and the Director in writing and include in such written transmittal any estimated increase or decrease in the cost of its performance of the services as a result of such change in law or regulation. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

5.19 CONTRACT PRICE INCREASE (PREVAILING WAGE)

If the Prevailing Wage Act (N.J.S.A. 34:11-56 et seq.) is applicable to the contract, the contractor may apply to the Director, on the anniversary of the effective date of the contract, for a contract price increase. The contract price increase will be available only for an increase in the prevailing wages of trades and occupations covered under this contract during the prior year. The contractor must substantiate with documentation the need for the increase and submit it to the Director for review and determination of the amount, if any, of the requested increase, which shall be available for the upcoming contract year. No retroactive increases will be approved by the Director.

5.20 ADDITIONAL WORK AND/OR SPECIAL PROJECTS

The contractor shall not begin performing any additional work or special projects without first obtaining written approval from both the State Contract Manager and the Director.

In the event of additional work and/or special projects, the contractor must present a written proposal to perform the additional work to the State Contract Manager. The proposal should provide justification for the necessity of the additional work. The relationship between the additional work and the base contract work must be clearly established by the contractor in its proposal.

The contractor's written proposal must provide a detailed description of the work to be performed broken down by task and subtask. The proposal should also contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written price schedule must be based upon the hourly rates, unit costs or other cost elements submitted by the contractor in the contractor's original bid proposal submitted in response to this RFP. Whenever possible, the price schedule should be a firm, fixed cost to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the contractor in its original bid proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt and approval of the contractor's written proposal, the State Contract Manager shall forward same to the Director for the Director's written approval. Complete documentation from the Using Agency, confirming the need for the additional work, must be submitted.

Documentation forwarded by the State Contract Manager to the Director must include all other required State approvals, such as those that may be required from the State of New Jersey's Office of Management and Budget (OMB) and Office of Information and Technology (OIT).

No additional work and/or special project may commence without the Director's written approval. In the event the contractor proceeds with additional work and/or special projects without the Director's written approval, it shall be at the contractor's sole risk. The State shall be under no obligation to pay for work performed without the Director's written approval.

5.21 FORM OF COMPENSATION AND PAYMENT

This Section supplements Section 4.5 of the NJ Standard Terms and Conditions version 05 09 06, located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>. The contractor must submit official State invoice forms to the Using Agency with supporting documentation evidencing that work for which payment is sought has been satisfactorily completed. Invoices must reference the tasks or subtasks detailed in the Scope of Work section of the RFP and must be in strict accordance with the firm, fixed prices submitted for each task or subtask on the RFP pricing sheets. When applicable, invoices should reference the appropriate RFP price sheet line number from the contractor's bid proposal. All invoices must be approved by the State Contract Manager before payment will be authorized.

In addition, primary contractors must provide, on a monthly and cumulative basis, a breakdown in accordance with the budget submitted, of all monies paid to any small business subcontractor(s). This breakdown shall be sent to the Purchase Bureau Business Unit, Set-Aside Coordinator.

Invoices must also be submitted for any special projects, additional work or other items properly authorized and satisfactorily completed under the contract. Invoices shall be submitted according to the payment schedule agreed upon when the work was authorized and approved. Payment can only be made for work when it has received all required written approvals and has been satisfactorily completed.

5.21.1 PAYMENT TO CONTRACTOR - OPTIONAL METHOD

The State of New Jersey now offers State contractors the opportunity to be paid through the MasterCard procurement card (p-card). A contractor's acceptance and a State agency's use of the p-card, however, is optional.

P-card transactions do not require the submission of either a contractor invoice or a State payment voucher. Purchasing transactions using the p-card will usually result in payment to a contractor in three days.

A contractor should take note that there will be a transaction-processing fee for each p-card transaction. To participate, a contractor must be capable of accepting the MasterCard. Additional information can be obtained from banks or merchant service companies.

5.22 MODIFICATIONS AND CHANGES TO THE NJ STANDARD TERMS AND CONDITIONS VERSION 05 09 06

NJ Standard Terms and Conditions version 05 09 06 are located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>

5.22.1 PATENT AND COPYRIGHT INDEMNITY

Section 2.1 of the NJ Standard Terms and Conditions version 05 09 06 is deleted and replaced with the following:

2.1 Patent and Copyright Indemnity

- a. The Contractor shall hold and save the State of New Jersey, its officers, agents, servants and employees, harmless from liability of any nature or kind for or on account of the use of any copyrighted or uncopied composition, secret process, patented or unpatented invention, article or appliance furnished or used in the performance of the contract.
- b. The State of New Jersey agrees: (1) to promptly notify the Contractor in writing of such claim or suit; (2) that the Contractor shall have control of the defense of settlement of such claim or suit; and (3) to cooperate with the Contractor in the defense of such claim or suit, to the extent that the interests of the Contractor and the State are consistent.
- c. In the event of such claim or suit, the Contractor, at its option, may: (1) procure for the State of New Jersey the legal right to continue the use of the product; (2) replace or modify the product to provide a non-infringing product that is the functional equivalent; or (3) refund the purchase price less a reasonable allowance for use that is agreed to by both parties.

5.22.2 INDEMNIFICATION

Section 2.2 of the NJ Standard Terms and Conditions version 05 09 06, is deleted and replaced with the following:

2.2 Indemnification

The contractor's liability to the State for actual, direct damages resulting from the contractor's performance or non-performance, or in any manner related to the contract, for any and all claims, shall be limited in the aggregate to 500% of the value of the contract, except that such limitation of liability shall not apply to the following:

1. The contractor's obligation to indemnify the State of New Jersey and its employees from and against any claim, demand, loss, damage or expense relating to bodily injury or the death of any person or damage to real property or tangible personal property, incurred from the work or materials supplied by the contractor under the contract caused by negligence or willful misconduct of the contractor;
2. The contractor's breach of its obligations of confidentiality; and,
3. Contractor's liability with respect to copyright indemnification.

The contractor's indemnification obligation is not limited by but is in addition to the insurance obligations contained in Section 2.3 of the NJ Standard Terms and Conditions version 05 09 06.

The contractor shall not be liable for special, consequential, or incidental damages.

5.22.3 INSURANCE - PROFESSIONAL LIABILITY INSURANCE

Section 2.3 of the NJ Standard Terms and Conditions version 05 09 06 regarding insurance is modified with the addition of the following section regarding Professional Liability Insurance.

- d) Professional Liability Insurance: The Contractor shall carry Errors and Omissions, Professional Liability Insurance and/or Professional Liability Malpractice Insurance sufficient to protect the Contractor from any liability arising out the professional obligations performed pursuant to the requirements of the Contract. The insurance shall be in the amount of not less than \$5,000,000 and in such policy forms as shall be approved by the State. If the Contractor has claims-made

coverage and subsequently changes carriers during the term of the Contract, it shall obtain from its new Errors and Omissions, Professional Liability Insurance and/or Professional Malpractice Insurance carrier an endorsement for retroactive coverage.

5.23 CONTRACT ACTIVITY REPORT

In conjunction with the standard record keeping requirements of this contract, as required by in paragraph 3.19 of the NJ Standard Terms and Conditions version 05 09 06, located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>, contractor(s) must provide, on a calendar quarter basis, to the Purchase Bureau buyer assigned, a record of all purchases made under their contract award resulting for this Request for Proposal. This includes purchases made by all Using Agencies including the State and political sub-divisions thereof. This reporting requirement includes sales to State Using Agencies and, if permitted under the terms of the contract, sales to counties, municipalities, school districts, volunteer fire departments, first aid squads and rescue squads, and independent institutions of higher education. The requirement also includes sales to State and County Colleges and Quasi-State Agencies. Quasi-State Agencies include any agency, commission, board, authority or other such governmental entity which is established and is allocated to a State department or any bi-state governmental entity of which the State of New Jersey is a member.

This information must be provided in a tabular format such that an analysis can be made to determine the following:

- Contractor's total sales volume to each purchaser under the contract, subtotaled by product, including, if applicable, catalog number and description, price list with appropriate page reference and/or contract discount applied.
- Total dollars paid to subcontractors.

Submission of purchase orders, confirmations, and/or invoices do not fulfill this contract requirement for information.

Contractors are strongly encouraged to submit the required information in electronic spreadsheet format. The Purchase Bureau uses Microsoft Excel.

Failure to report this mandated information will be a factor in future award decisions.

6.0 PROPOSAL EVALUATION

6.1 PROPOSAL EVALUATION COMMITTEE

Bid proposals may be evaluated by an Evaluation Committee composed of members of affected departments and agencies together with representative(s) from the Purchase Bureau. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of outside consultant in an advisory role.

6.2 ORAL PRESENTATION AND/OR CLARIFICATION OF BID PROPOSAL

After the submission of bid proposals, unless requested by the State, contact with the State is limited to status inquiries only and such inquiries are only to be directed to the buyer. Any further contact or information about the proposal to the buyer or any other State official connected with the solicitation will be considered an impermissible supplementation of the bidder's bid proposal.

A bidder may be required to give an oral presentation and/or product demonstration to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid proposal.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid proposal. Original bid proposals submitted, however, cannot be supplemented, changed, or corrected in any way. No comments regarding other bid proposals are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid proposal. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid proposal. The Purchase Bureau buyer will be the sole point of contact regarding any request for an oral presentation or clarification.

6.3 EVALUATION CRITERIA

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process:

6.3.1 TECHNICAL EVALUATION CRITERIA

- A) The bidder's general approach and plans in meeting the requirements of this RFP.
- B) The bidder's detailed approach and plans to perform the services required by the Scope of Work of this RFP.
- C) The bidder's documented experience in successfully completing contracts of a similar size and scope to the work required by this RFP.
- D) The qualifications and experience of the bidder's management, supervisory or other key personnel assigned to the contract, with emphasis on documented experience in successfully completing work on contracts of similar size and scope to the work required by this RFP.

- E) The overall ability of the bidder to mobilize, undertake and successfully complete the contract. This judgment will include, but not be limited to, the following factors: the number and qualifications of management, supervisory and other staff proposed by the bidder to complete the contract, the availability and commitment to the contract of the bidder's management, supervisory and other staff proposed and the bidder's contract management plan, including the bidder's contract organizational chart.

6.3.2 BIDDER'S PRICE SCHEDULE

For cost proposal evaluation purposes, bidders will be ranked using the prices located on the Price Sheet attached to the end of this RFP as Attachment E. Bidder's price proposals will be ranked based on overall lowest price. Overall lowest price will be determined based on a combined weighted score for each price line. The weights for each price line will be determined prior to the bid opening.

6.3.3 BID DISCREPANCIES

In evaluating bids, discrepancies between words and figures will be resolved in favor of words. Discrepancies between unit prices and totals of unit prices will be resolved in favor of unit prices. Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated total of multiplied unit prices and units of work and the actual total will be resolved in favor of the actual total. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the corrected sum of the column of figures.

6.3.4 EVALUATION OF THE BID PROPOSALS

The Evaluation Committee will complete its evaluation and recommend to the Director for award the responsible bidder(s) whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered. The Evaluation Committee considers and assesses price, technical criteria, and other factors during the evaluation process.

6.4 NEGOTIATION AND BEST AND FINAL OFFER (BAFO)

Following the opening of bid proposals, the State shall, pursuant to N.J.S.A. 52:34-12(f), negotiate one or more of the following contractual issues: the technical services offered, the terms and conditions and/or the price of a proposed contract award with any bidder, and/or solicit a Best and Final Offer (BAFO) from one or more bidders.

Initially, the Evaluation Committee will conduct a review of all the bids and select bidders to contact to negotiate and/or conduct a BAFO based on its evaluation and determination of the bid proposals that best satisfy the evaluation criteria and RFP requirements, and that are most advantageous to the State, price and other factors considered. The Committee may not contact all bidders to negotiate and/or to submit a BAFO.

In response to the State's request to negotiate, bidders must continue to satisfy all mandatory RFP requirements but may improve upon their original technical proposal in any revised technical proposal. However, any revised technical proposal that does not continue to satisfy all mandatory requirements will be rejected as non-responsive and the original technical proposal will be used for any further evaluation purposes in accordance with the following procedure.

In response to the State's request for a BAFO, bidders may submit a revised price proposal that is equal to or lower in price than their original submission, but must continue to satisfy all

mandatory requirements. Any revised price proposal that is higher in price than the original will be rejected as non-responsive and the original bid will be used for any further evaluation purposes.

After receipt of the results of the negotiation and/or the BAFO(s), the Evaluation Committee will complete its evaluation and recommend to the Director for award that responsible bidder(s) whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for negotiation or BAFO, any revised technical and/or price proposals, the Evaluation Committee Report and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

7.0 CONTRACT AWARD

7.1 DOCUMENTS REQUIRED BEFORE CONTRACT AWARD

7.1.1 REQUIREMENTS OF N.J.S.A. 19:44A-20.13-25 (FORMERLY EXECUTIVE ORDER 134)

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the negotiation and award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, the Legislature enacted N.J.S.A. 19:44A-20.13 – 25 on March 22, 2005 the “Legislation”), retroactive to October 15, 2004, superseding the terms of Executive Order 134. Pursuant to the requirements of the Legislation, the terms and conditions set forth in this section are material terms of any contract resulting from this RFP:

7.1.1.1 DEFINITIONS

For the purpose of this section, the following shall be defined as follows:

a) Contribution – means a contribution reportable as a recipient under “The New Jersey Campaign Contributions and Expenditures Reporting Act.” P.L. 1973, c. 83 (C.19:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Through December 31, 2004, contributions in excess of \$400 during a reporting period were deemed "reportable" under these laws. As of January 1, 2005, that threshold was reduced to contributions in excess of \$300.

b) Business Entity – means any natural or legal person, business corporation, professional services corporation, Limited Liability Company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. The definition of a business entity includes (i)all principals who own or control more than 10 percent of the profits or assets of a business entity or 10 percent of the stock in the case of a business entity that is a corporation for profit, as appropriate; (ii)any subsidiaries directly or indirectly controlled by the business entity; (iii)any political organization organized under section 527 of the Internal Revenue Code that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv)if a business entity is a natural person, that person’s spouse or child, residing in the same household.

7.1.1.2 BREACH OF TERMS OF THE LEGISLATION

It shall be a breach of the terms of the contract for the Business Entity to (i)make or solicit a contribution in violation of the Legislation, (ii)knowingly conceal or misrepresent a contribution given or received; (iii)make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv)make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate or holder of the public office of Governor, or to any State or county party committee; (v)engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of the Legislation; (vi)fund contributions made by third parties, including consultants, attorneys, family members, and employees; (vii)engage in any exchange of contributions to circumvent the intent of the Legislation; or (viii)directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of the Legislation.

7.1.1.3 CERTIFICATION AND DISCLOSURE REQUIREMENTS

a) The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall submit the Certification and Disclosure form, certifying that no contributions prohibited by the Legislation have been made by the Business Entity and reporting all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C.527 of the Internal Revenue Code that also meets the definition of a “continuing political committee” within the mean of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134>, shall be provided to the intended awardee for completion and submission to the Purchase Bureau with the Notice of Intent to Award. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Certification and Disclosure(s) within five (5) business days of the State’s request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134>, shall be provided to the intended awardee with the Notice of Intent to Award.

7.1.1.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

7.1.1.5 ADDITIONAL DISCLOSURE REQUIREMENT OF P.L. 2005, C. 271

Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to P.L. 2005, c. 271, section 3 if the contractor receives contracts in excess of \$50,000 from a public entity in a calendar year. It is the contractor’s responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

7.1.2 SOURCE DISCLOSURE REQUIREMENTS

7.1.2.1 REQUIREMENTS OF N.J.S.A. 52:34-13.2

Under the referenced statute, effective August 3, 2005, all contracts primarily for services awarded by the Director shall be performed within the United States, except when the Director certifies in writing a finding that a required service cannot be provided by a contractor or subcontractor within the United States and the certification is approved by the State Treasurer.

7.1.2.2 SOURCE DISCLOSURE REQUIREMENTS

Pursuant to the statutory requirements, the intended awardee of a contract primarily for services with the State of New Jersey must disclose the location by country where services under the contract, including subcontracted services, will be performed. The Source Disclosure Certification form is located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml>.

FAILURE TO SUBMIT SOURCING INFORMATION WHEN REQUESTED BY THE STATE SHALL PRECLUDE AWARD OF A CONTRACT TO THE BIDDER.

If any of the services cannot be performed within the United States, the bidder shall state with specificity the reasons why the services cannot be so performed. The Director shall determine whether sufficient justification has been provided by the bidder to form the basis of his certification that the services cannot be performed in the United States and whether to seek the approval of the Treasurer.

7.1.2.3 BREACH OF CONTRACT OF EXECUTIVE ORDER 129

A SHIFT TO PROVISION OF SERVICES OUTSIDE THE UNITED STATES DURING THE TERM OF THE CONTRACT SHALL BE DEEMED A BREACH OF CONTRACT.

If, during the term of the contract, the contractor or subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of any of the services outside the United States, the contractor shall be deemed to be in breach of its contract, which contract shall be subject to termination for cause pursuant to Section 3.5b.1 of the Standard Terms and Conditions version 05 09 06 of the RFP, unless previously approved by the Director and the Treasurer.

7.2 FINAL CONTRACT AWARD

Contract award[s] shall be made with reasonable promptness by written notice to that responsible bidder(s), whose bid proposal(s), conforming to this RFP, is(are) most advantageous to the State, price, and other factors considered. Any or all bid proposals may be rejected when the State Treasurer or the Director determines that it is in the public interest to do so.

7.3 INSURANCE CERTIFICATES

The contractor shall provide the State with current certificates of insurance for all coverages required by the terms of this contract, naming the State as an Additional Insured.

7.4 PERFORMANCE BOND

Not applicable to this procurement.

8.0 CONTRACT ADMINISTRATION

8.1 CONTRACT MANAGER

The State Contract Manager is the State employee responsible for the overall management and administration of the contract.

The State Contract Manager for this project will be identified at the time of execution of contract. At that time, the contractor will be provided with the State Contract Manager's name, department, division, agency, address, telephone number, fax phone number, and email address.

8.1.1 STATE CONTRACT MANAGER RESPONSIBILITIES

For an agency contract where only one State office uses the contract, the State Contract Manager will be responsible for engaging the contractor, assuring that Purchase Orders are issued to the contractor, directing the contractor to perform the work of the contract, approving the deliverables and approving payment vouchers. The State Contract Manager is the person that the contractor will contact **after the contract is executed** for answers to any questions and concerns about any aspect of the contract. The State Contract Manager is responsible for coordinating the use and resolving minor disputes between the contractor and any component part of the State Contract Manager's Department.

If the contract has multiple users, then the State Contract Manager shall be the central coordinator of the use of the contract for all Using Agencies, while other State employees engage and pay the contractor. All persons and agencies that use the contract must notify and coordinate the use of the contract with the State Contract Manager.

8.1.2 COORDINATION WITH THE STATE CONTRACT MANAGER

Any contract user that is unable to resolve disputes with a contractor shall refer those disputes to the State Contract Manager for resolution. Any questions related to performance of the work of the contract by contract users shall be directed to the State Contract Manager. The contractor may contact the State Contract Manager if the contractor can not resolve a dispute with contract users.

ATTACHMENT A

NEW JERSEY STATE POLICE STANDARDS FOR THE ELECTRONIC CAPTURE OF MUGSHOTS Version 2.1 April 20, 2006

These New Jersey State Police Standards for the electronic capture of mugshots are an adaptation of the National Institute of Standards and Technology's (NIST) "Best Practice Recommendation for the Capture of Mugshots." The goal of this document is to specify a minimum set of requirements for image capture in order to establish a uniform, statewide repository of high quality mugshots associated with criminal arrests. The provisions of this recommendation are largely keyed to the quality aspects of unaltered mugshot images. For new mugshot images, the specifications contained in this recommendation are applicable equally to direct (or live) digital capture of mugshots and to the electronic conversion (or scanning) of traditional photographic images. For the conversion of legacy files of photographs, most of the provisions of this recommendation are also applicable.

POSE

The full- face or frontal pose is the most commonly used pose in photo lineups and shall always be captured. This pose is in addition to profiles or intermediate angled poses captured to acquire perspective and other information. For subjects who normally wear eyeglasses, a frontal mugshot image should be captured of the subject without glasses. This is required due to potential glare from the sources of illumination. An additional image can optionally be captured of the subject wearing eyeglasses.

SUBJECT DISTANCE

The purpose of this requirement is to minimize radial distortion due to photo capture with a short focal length lens and the subject too close to the camera. For a typical photo capture system with a subject 1.5 to 2.5 meters (5 to 8 feet) from the camera, the focal length of the camera lens should be that of a medium telephoto lens. For 35 mm photography, this means that the focal length should be between 90 mm and 130 mm. For other formats/sensors the recommended focal length is 2 to 3 times the diagonal of the sensor.

DEPTH OF FIELD

The subject's captured facial image shall be in focus from the nose to the ears. Although this may result in the background behind the subject being out of focus, it is not a problem. For optimum quality of the captured mugshot, the f-stop of the lens should be set at two f-stops below the maximum aperture when possible.

CENTERING AND HEAD SIZE

The facial image being captured (full-face pose) shall be positioned to satisfy all of the following conditions:

- The approximate horizontal mid-points of the mouth and of the bridge of the nose shall lie on an imaginary vertical straight line positioned at the horizontal center of the image.
- An imaginary horizontal line through the center of the subject's eyes shall be located at approximately the 55% point of the vertical distance up from the bottom edge of the captured image.
- The width of the subject's head shall occupy approximately 50% of the width of the captured image. This width shall be the horizontal distance between the mid-points of two imaginary vertical lines. Each imaginary line shall be drawn between the

upper and lower lobes of each ear and shall be positioned where the external ear connects to the head.

LIGHTING

To minimize shadows on the face and background and to eliminate hot spots on the face, the subject and background shall be uniformly illuminated through the use multi-point, balanced illumination or a large, diffuse illumination source. Such hot spots may appear on highly reflective areas such as cheeks and foreheads. Proper lighting will minimize hot spots and ensure uniformity of illumination of the background.

BACKGROUND

The subject whose image is being captured shall be positioned in front of and close to a white or off-white background having a smooth, plain surface. The reflectance of the background should be about 70%.

WHITE BALANCE AND EXPOSURE

If a digital camera is employed, a piece of white paper or a neutral gray test target shall be used to perform a white balance operation for the illumination chosen. The exposure shall be keyed to the background with several areas of the background used to determine the proper exposure. The image of the background shall not be saturated (clipped) in any of the color channels. Once set, the exposure should not be changed to accommodate varying subject flesh tones or apparel.

IMAGE ASPECT RATIO

The Width:Height aspect ratio of the captured image shall be 1:1.25.

MINIMUM NUMBER OF PIXELS

The minimum number of pixels in a digital image shall be 480 pixels in the horizontal direction by 600 pixels in the vertical direction. It should be noted that the image quality of the captured mugshots and facial images will be improved as the number of pixels in both directions is increased. However, if images are captured with an increased number of pixels, the 1:1.25 (Width:Height) image aspect ratio will be maintained. The image should contain a minimum of 90 to 120 pixels between the eyes on all frontal poses.

COLORSPACE

Captured color facial images shall be represented using 24-bit RGB pixels. For every pixel, 256 levels or eight (8) bits will be used to encode the values of each of the Red, Green, and Blue components. The color space shall be sRGB—a colorimetric space commonly used in digital cameras and scanners. (See <http://www.w3.org/Graphics/Color/sRGB>).

PIXEL ASPECT RATIO

Digital cameras and scanners used to capture facial images shall use square pixels with a pixel aspect ratio of 1:1.

COMPRESSION ALGORITHM

The algorithm used to compress mugshot and facial images shall conform to the JPEG Sequential Baseline mode of operation, as described in the specification approved by the ANSI X3L3 Standards Committee. The target size for a JPEG-compressed color mugshot image file should be between 35,000 and 55,000 bytes.

FILE FORMAT

The JPEG File Interchange Format (JFIF) shall contain the JPEG compressed image data. The JFIF file shall then be part of the transaction file for interchange which conforms to the requirements as contained in ANSI/NIST-CSL 1-1993 and ANSI/NIST-ITL 1a-1997.

IMAGE VALIDATION

Ideally, all of the captured frontal images will be enrolled in the state's facial recognition system. In order to ensure the maximum effectiveness of the facial matching process, the captured images must be of the highest quality possible. Consequently, an automated process for capturing and evaluating images must be utilized. This process must provide the means to find heads and faces in the captured images, and perform image quality measurements. If the resultant image quality measurements indicate that the frontal image does not comply with any of the standards outlined in this document, feedback will be given to the individual capturing the image, the image will be discarded, and the capture process will be repeated until the image quality is determined to be sufficient.

1 INTRODUCTION

This document contains the format and content of the Live Scan Workstation message which is the basis of all messages passed between the New Jersey State Police Store and Forward System and any external ANSI-NIST live scan device.

1.1 SCOPE

This specification details the global content of the messages that originate and flow between the systems. The messages are compliant with the ANSI/NIST Format for the Exchange of Fingerprint Data, and to some extent are based on the Electronic Fingerprint Transmission Specification defined by the U.S. Department of Justice, Federal Bureau of Investigation.

1.2 APPLICABLE REFERENCE DOCUMENTS

- *Data Format for the Interchange of Fingerprint Information*, National Institute of Standards and Technology (NIST) Document [ANSI/NIST-ITL 1-2000](#)
- *Electronic Fingerprint Transmission Specification*, Criminal Justice Information Services (CJIS), Federal Bureau of Investigation, Department of Justice, IAFIS-DOC-01078-7.1, May 2005.

2. GENERAL INFORMATION

2.1 ANSI/NIST FORMATTING

Each of the messages contained herein uses the tagged format defined in the ANSI/NIST-ITL 1-2000.

2.2 AVAILABLE CARD TYPES

3.1 ANSI/NIST IMAGE RECORD DATA FORMAT

When a transaction requires that the Type-4 images be included the images are to be concatenated to the end of the last character of the Type 2 record defined above. Refer to the *Data Format for the Interchange of Fingerprint Information*, National Institute of Standards and Technology (NIST) Document ANSI/NIST-ITL 1-2000, for the precise format of this record.

3.2 ANSI/NIST TYPE-8 RECORD

Raster Uncompressed.

3.3 ANSI/NIST TYPE-10 RECORD

Up to two Type-10 records shall be transmitted to the NJSP SFU containing facial image data and related ASCII information pertaining to the specific image contained in the record. The Type-10 record is used to exchange both gray-scale and color image data either in a compressed or an uncompressed form.

Currently only Facial image data will be captured. Capture of mugshots will be optional and must accompany Type-4 records. If mugshots are captured, a Frontal pose is required and a left profile is optional. SMT capture may be a future enhancement.

3.4 ANSI-NIST TYPE 15 RECORD

This section defines the content, format, and units of measurement for the exchange of automated palm print image information used to identify a criminal subject.

This section shall describe the ANSI/NIST-compliant Type-15 Palm Print image records acquired from a subject in a criminal booking using a New Jersey livescan device. Specifications are also provided for printing a generic Palm card.

When Capturing Palms, the livescan will be required to capture, at a minimum, lower and writers palm prints. The palmprint record set for one individual will include the *hypothenar* (writer’s palm) as a single scanned image, and the area of the *thenar* (lower palm) for each hand per the ANSI-NIST ITL-2000.

The order of the Type-15 records within each group shall consistently be in order of first to last (e.g., palm code 22 –27) as shown in the table below. Table 1 also defines specific measurements of the palm codes included in each record.

Table 1. Palm codes, areas, & sizes

Palm Position	Palm code	Image area (mm ²)	Width		Height	
			(mm)	(in)	(mm)	(in)
Right Writer’s Palm	22	5645	44.5	1.8	127.0	5.0
Left Writer’s Palm	24	5645	44.5	1.8	127.0	5.0
Right Lower Palm	25	19516	139.7	5.5	139.7	5.5
Left Lower Palm	27	19516	139.7	5.5	139.7	5.5

Note: This table was extracted from the ANSI/NIST *Data Format for the Interchange of Fingerprint Information* document.

Raw images captured at 1000 dpi must be WSQ compressed to 500 dpi for storing on the NJSP AFIS. WSQ compression ratio will be 15:1 on average.

The New Jersey Livescans and AFIS will support up to four ANSI/NIST Type-15 Palm Print image records. The Type-15 records may be concatenated as a group to the end of the Type 1, 2, and 4 records submitted from the New Jersey livescan.

Type-15 ANSI/NIST Palm Print Record

Type-15s are tagged field records with field identifiers embedded in the record. For each field of the Type-15 record, the table below lists the condition code as being mandatory (M) or optional (O), the field number, the field name, character type, field size, and occurrence limits. Based on a three-digit field number, the maximum byte count size for the field is given in the last column. As more digits are used for the field number, the maximum byte count will also increase. The maximum byte count includes the field number, the information, and all the character separators including the “^G_S” character.

In the following table, constant values are depicted in bold under Sample Data.

Variable values shall be compliant with the ANSI NIST ITL 1-2000 definition.

Field Number	Identifier	Field Name	Sample Data	Condition Code	Char Type	Field Size Per Occurrence		Max # Occurrence

15.999	DAT	Image Data		M	B	2	-	1	1

Field 15.006, Horizontal line length (HLL) is the number of pixels contained on a single horizontal line of the transmitted image. This field shall contain the values "2400" for the lower palm and "600" for a writer's palm,

Date: October 27, 2006 (2:00 PM Eastern Time)

ADDENDUM #1

The following constitutes Addendum #1 to the above-referenced solicitation. This addendum is divided into the following parts:

Part 1: Answers to questions.

Part 2: Additions, deletions, clarifications and modifications to the RFP

It is the bidder's responsibility to ensure that all changes are incorporated into the original RFP.

All other instructions, terms and conditions of the RFP shall remain the same.

PART 1
Workstations: 10 Print Live Scan System
Solicitation Number 07-X-38251

Answers to Questions

Note: Some of the questions have been paraphrased in the interest of readability and clarity. Each question is referenced by the appropriate RFP page number(s) and section where applicable.

#	Page(s)	RFP Section Reference	Question	Answer
1.			Review of the Standard Forms file indicates that the following forms are missing: 4.4.1.4 - Notice of Intent to Subcontract 4.4.1.5 - Subcontractor Utilization Form 4.4.3.8 - Source Disclosure Form	These forms have been added to the website at: http://www.state.nj.us/treasury/purchase/bid/summary/07x38251.shtml
2.	5	1.1 Purpose and Intent	Is this a multi-vendor contract or will award be made to the one vendor who can best address all requirements?	To meet the needs of the Using Agencies and Cooperative Purchasing Partners, the State intends to award up to four (4) contracts as a result of this RFP. Each contractor awarded a contract as a result of this RFP shall be a primary contractor. A Using Agency and/or Cooperative Purchasing Partner may purchase from the contract that best supports its existing technology and/or strategic information technology (IT) plans or goals at the Using Agencies discretion. A contract will be issued to up to four (4) bidders whose bid proposals, conforming to this RFP, are most advantageous to the State price and other factors included. (See Section 2 below for update to RFP Section 1.1 Purpose and Intent.)
3.	5	1.2 Background	How many of the existing live scan installation are currently palm capable (i.e. the live scan is capable of taking ten prints and palms but palms are not activated)? How many of the existing live scan installations that are not palm capable are in rugged cabinets?	The State does not know the number of existing live scans that are palm capable. The State does not currently accept palm prints and has had no need to capture this information.
4.	5	1.2 Background	Is the incumbent vendor amenable	The State does not know what

#	Page(s)	RFP Section Reference	Question	Answer
			to working with new and/or outside vendors in order to upgrade existing systems that will be not be maintained by them after the upgrades?	work, and is not responsible for work, the incumbent contractor may or may not be amenable to once the existing contract expires.
5.	5	1.2 Background	If the existing system can not be utilized and the live scan has to be replaced in order to offer all options that the State is interested in, will the vendor be expected to offer a trade in allowance? As a follow on if the existing cabinets cannot allow for the upgrade of the live scan deck only to one that can accommodate the capture of palms (due to size differences in the deck) will the State be open to replacing the cabinet at a cost?	The contractor will not be responsible for offering a trade in allowance. If an agency upgrades to palm capture capability and the existing cabinet will not accommodate the new equipment, it will be the agency's responsibility to replace the existing cabinet with a new one or do without a cabinet.
6.	5	1.2 Background	Section 1.2 indicates that there is a possibility to upgrade existing Live Scan work stations to include Mug shot and Palm capture. The section states that there are more than 250 live scan sites. Are all 250 sites using the same hardware? Would it be the desire of New Jersey for the existing site application software for 10 print capture be upgraded, using the existing live scan device or is the expectation than the live scan capture software at these site remain the same and that a mug shot capture or palm capture system added as an option interface to the existing live scan? What is the hardware configuration at the existing sites? Are the scan decks currently housed in a ruggedized cabinet designed to be a Live Scan Workstation?	No, the sites are not all using the same hardware. The state will not dictate how the contractor upgrades the current live scans so as long as the upgrade conforms to the standards put forth in this RFP. The state does not keep track of all the hardware in place at all the sites. All sites have not opted to house the live scan equipment in a live scan cabinet.
7.	11-12	3.2 Live Scan Requirements	Item Q: Will the incumbent contractor be responsible for upgrading the existing live scan systems to conform with the AFIS ICD updates? If not, this would be a service that in our opinion should be at the expense of the using agency.	Upgrading existing live scan systems to conform with the AFIS ICD updates is outside the scope of this RFP. All new systems purchased under a contract resulting from this RFP shall conform to the AFIS ICD updates.
8.	12	3.2 Live Scan Requirements	Item L makes reference to a NJSP Store and Forward	a. SMTP E-mail is correct. b. The live scan will retransmit

9.	12	3.2 Live Scan Requirements	<p>Item P makes reference to a requirement for live scan systems to retrieve validation table updates from a centralized server at the New Jersey State Police. The NJSP ICD does not contain any information on the protocols, formats and business rules used in this process.</p> <p>a. Is the referenced central server NJSP provided, designed and maintained?</p> <p>b. Is the referenced central server live scan vendor provided, designed and maintained?</p> <p>c. The Central Server will be designed, provided and maintained by the live scan contractor. See question #14 for additional information.</p> <p>b. Yes. See a. above.</p> <p>c. See a. above. The contractor will be responsible for designing the central server. The contractor should perform all updates (table updates, security patches) through the central server.</p>
10	12	3.2 Live Scan Requirements	<p>Q. - is the referenced central server live scan vendor designed, provided, and maintained? Or NJSP designed, provided and maintained?</p>	<p>See answer to question #9b.</p>

Data requiring encryption is the data used to update the live scan system software and comes from a contractor provided server to a contractor provided live scan system. The contractor must provide the encryption and decryption methodology for the contractor's equipment.</p>
12	14	3.5 Telecom. Network	<p>Where (in reference to the live scan system location) will the reference router hardware be located? Is the live scan system vendor expected to run network cabling through agency buildings to wiring closets/etc. to provide the necessary connectivity?</p>	<p>The contractor will not be responsible for running cable through agency walls to connect to the router or an available port that connects to the router. If the router or an active port to the router is not within 10 feet of the live scan machine, the user agency is responsible for providing the appropriate means to connect to the router.</p>
13	14	3.6 Optional Mug Photo System	<p>Is the vendor to provide appropriate three point lighting and 18% grey backdrop to accompany the mug shot system?</p>	<p>Yes. The contractor shall be responsible for providing the three-point lighting and 18% grey backdrop.</p>
14	17	3.14 Maintenance	<p>Regarding remote connection capability to the individual live scan workstations through the NJSP concentrator via VPN; could you please provide more details, and indicate that there is "proof of concept" for this particular method of connection?</p>	<p>The New Jersey State Police will provide a DMZ one hop away from the Garden State Network. This DMZ will house any vendor Windows Update Servers and Anti-virus Servers. These servers will accept connections from the remote Operating System and Anti-Virus client and will provide updates to all of the AFIS Machines statewide. These servers will be managed by the vendor remotely via VPN access. This DMZ will have access list limiting access at a port level. Vendors should be cognizant that the use of standard Microsoft ports such as port 137, 138, 139, 445 will be blocked to prevent the propagation of viruses/worms. Any data transmitted between</p>

15	18	3.15 Optional Live Scan Cabinet	Is it a requirement that the cabinet have the ability to hang or house the appropriate lighting necessary for the capture of NIST compliant mug shot images?	No. It is not a requirement that the cabinet have the ability to house the appropriate lighting equipment.
16	18	3.15 Optional Live Scan Cabinet	The SOW paragraph 3.15 requires an optional Live Scan cabinet. Should there be a line item in the price sheet for the optional cabinet?	Yes, see response to question number 17 below.
17	182	Attachment E Price Sheets	The existing price sheets do not allow for us to offer prices broken out for items such as cabinets (which could be purchased to upgrade existing live scan systems? If we offer items and/or solutions not listed on the price sheets that we feel could benefit the State can we add these items in an attachment?	Yes. On a separate sheet of paper, the bidder must provide information and pricing for a cabinet capable of housing the offered live scan system including computer equipment, scanning block, mug photo equipment and cabling, and allow for the capture of fingerprints and mug photo. The cost of this cabinet will be included in the ranking of the cost proposal. In addition, bidders may offer pricing for other live scan equipment cabinets if available. Price lines for other live scan equipment cabinets will not be included in the bid proposal cost ranking and, at the State's option, may/may not be awarded.
18	182	Attachment E Price Sheets	Price Sheet Item 00002: Is this an additional year of hardware maintenance on the product detailed in item 00001 of the Price Sheet?	This is an additional year of hardware maintenance for the hardware detailed in item 00001 of the Price Sheet.
19	182	Attachment E Price Sheets	Price Sheet Item 00007: For this option to upgrade a 10 Print Live Scan to add a palm capture, can vendors assume that this upgrade option will be selected at the time of order of the original 10 Print Live Scan rather than an upgrade to an existing installed 10 Print Live	Yes, the upgrade option is selected at the time of order of the original 10 print live scan system.

20	182	Attachment E Price Sheets	Print Sheet Item 00008: This requests a price for an additional year of software support for the base 10 Print Live Scan and three optional configurations. Does the State also request pricing for an additional year of hardware support for the three options?	No. The hardware support maintenance options are included in price lines 00002, 000
21	N/A	General Question	Is there an initial purchase quantity, or initial list of proposed sites that will be implementing systems?	No. The contracts will be awarded and as Using Agencies require live scan systems, the Using Agency will place orders with a contractor.
22	N/A	General Question	What is the projected timeframe for implementation for the systems?	Please see Section 3.11 Delivery, Installation and Startup.
23	139-153	Type 1 and Type 2 Field Definitions	Please clarify the references to "Mug Photo" in the Card Type / * Mandatory column for each field element. What is meant by this reference? Additionally what is the red text in this column meant to signify?	This indicates that when a mug photo is attached to the record, these fields are mandatory in order to submit the mug photo to the State Police.

Additions, Deletions, Clarifications and Modifications to the RFP

#	Page(s)	RFP Section Reference	Additions, Deletions, Clarifications and Modifications
1.	5	1.1 Purpose and Intent	The second paragraph under Section 1.1 is changed to read: The intent of this RFP is to award up to four (4) contracts to those responsible bidders whose bid proposals, conforming to this RFP, are most advantageous to the State, price and other factors considered. Each contractor awarded a contract as a result of this RFP shall be a primary contractor. A Using Agency and/or Cooperative Purchasing Partner may purchase from the contract that best supports its existing technology and/or strategic information technology (IT) plans or goals at the Using Agencies discretion. However, the State reserves the right to separately procure individual requirements that are the subject of the contract during the contract term, when deemed by the Director to be in the State's best interest.
