ORDERING

- Use designated **Speedwell™** or **NRA** Target or Product number and/or description. Order target quantities in standard carton lots to expedite delivery. There is a small up-charge for re-packaging less than standard carton lots.
- Custom targets printing, packaging, and private labeling are available upon request.
- Custom manufactured steel products and range equipment are available for special customer requirements.
- Professional design, engineering, and technical assistance is available at no cost.

TERMS

Net 30 Days for approved accounts. Check money order, VISA, Mastercard or AMEX are accepted. Add New Jersey Sales Tax (7%) where applicable

FOB

Union, New Jersey, unless otherwise specified. Inquires will be quoted FOB – Destination Upon Request.

PRODUCT WARRANTY

Speedwell™ Products are unconditionally guaranteed against defective materials or workmanship for ONE YEAR. They will be replaced or repaired at no cost.

MANUFACTURING STANDARDS

Speedwell™ Targets and Range Equipment are produced in a state-of-the-art plant utilizing the highest manufacturing and quality assurance technology. **Speedwell™** Paper targets are manufactured from 40% recycled stock, consisting of 25% pre-consumer, 15% post consumer content. All target paper is chlorine free.

The exclusive use of high grade NRA target paper guarantees compliance with stringent National Rifle Association Specifications. Each finished target must comply with precise dimensions, clear-cut, unbroken scoring lines, with no fill-in or feather edges on scoring lines. NRA grade paper stock assures clean bullet holes with adequate toughness to withstand reasonable handling, wind, and rain.

Speedwell™ Steel targets are manufactured from select ballistic grade stock with guaranteed minimum Brinell hardness for each grade. Refer to page 25 for additional information on Steel Products.

Military Target Paper

Specifications: Primary Military Specifications for Type I and Type II Target Paper

	Type I	Type II
Basic Weight 24 x 36	60# ± 3#	120# ± 6#
Caliper	.054 to .060	.106 to .114
Wax Pick	Min. 9 Avg. 11	Min. 9 Avg. 11
Mullen (Min.)	30	40

NRA Target Tag

Weight:	24 x 36 — 100/500
Furnish	25%–30% Sulphite 75%–70% Groundwood
Caliper	0.10, plus or minus .005
Mullen	Average 35 points
Tear	Average 54 grams
Brightness	Not to exceed 80 ASA

NRA Target Paper

Weight:	24 x 36 — 44/500
Furnish	20%–25% Sulphite 80%–75% Groundwood
Caliper	0.65, plus or minus .0025
Mullen	Average 14 points
Tear	Average 32 grams
Brightness	Not to exceed 80 ASA

Target Ink

Specifications:	Non-glare / WOS Black Ink
Tack (Stability)	5.5 @ 1200 rpm
Laray Viscometer	Shortness ratio 42 / Yield volume 1210
Water Pick	35-55
Fitness grind	0 / 0

Being the major manufacturer and supplier of paper, cardboard and steel targets for the NRA, law enforcement and civilian shooting markets, we pride ourselves on producing very high quality products in a state-of-the-art manufacturing facility.

Complimenting our traditional line of targets, we have added new unique targets and range products carefully selected for their high quality.

They include:

- New 600 Series Color Realistic/Situation Targets™ (page 6-7)
- New Reactive Steel Targets (page 28-29)
- Long Gun Data Books (page 63)
- Ultra Clean™ Weapons Cleaning Systems (page 30-32)
- Slugmaster Unloading System (page 8)
- Shotlog Data Card System (page 63)

It is our commitment to provide both the law enforcement and civilian shooting markets with the finest products available at reasonable prices.

You may buy cheaper, but you will never buy better quality. We are competitive with equal quality products.

Because of their popularity and your requests for new **REALISTIC/SITUATION™** targets, we have added 8 new color targets with overlays to our ever popular 600 series combat target line.

Self setting steel targets reduce down time on the range to reset targets after each shooter. We continue to maintain the largest inventory of steel targets in 3 grades of steel. Unlike some competitors we do not make steel targets that "can be turned around when they are warped or damaged" as this is very dangerous.

"A clean weapon may save your life – A dirty one might not." "Ultra Clean"™ Weapons Systems are the safest and most efficient means available to maintain clean serviceable firearms.

Every Police department, law enforcement agency, and range should have a **Slugmaster Unloading Station** to insure the safe handling of weapons.

There has always been a demand for a practical **Comprehensive Long Gun Data System**. Developed by Christopher Rogers, we have added this product to our catalog. It is an amazing method of maintaining a realistic log system for tactical and swat teams.

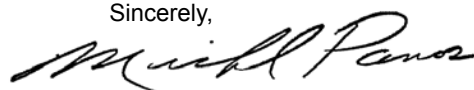

The **Shot Log System** also developed by Rogers provides data for long gun training and essential records.

Without question, our products are unconditionally guaranteed against defective materials or workmanship for ONE YEAR. They will be replaced or repaired at no cost to you.

If you are looking for reliable products for the range, please give us a call at 1-800-243-8274. We will strive to give you the best service at the best prices. Special delivered prices at available for target quantities over \$1,000.00.

Visit our web site at www.speedwelltargets.com

Sincerely,

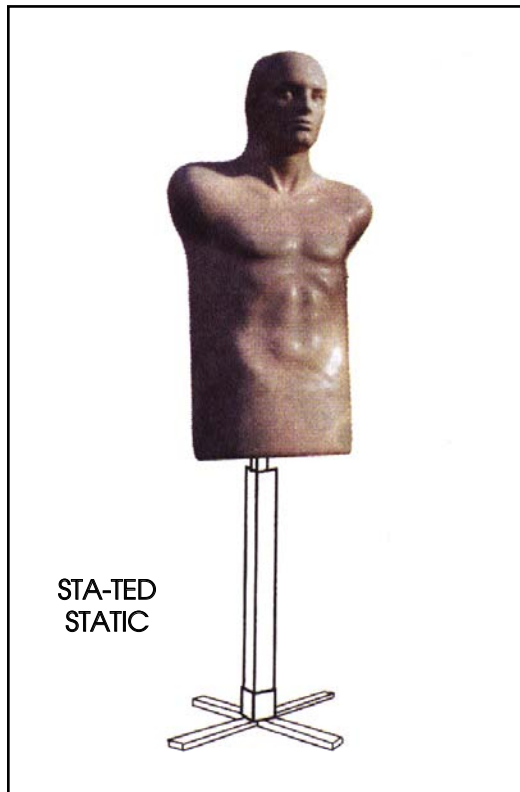

Michael J. Panos
President

REALISTIC-SITUATION™ 3-D HUMAN TARGET

- Precise Life Size Human
- Super Tough Molded Polymer
- Withstands Thousands of Hits
- No Patching Holes
- Anatomically Correct
- Shoot From Any Angle
- Insert Paper Target For Scoring
- Can Be Dressed In Clothing – Shirt, Cap, Wig
- Lightweight
- Targets Stack For Easy Storage
- Will Mount On Turning / Pop-up Target Actuators
- Average Measurements For Ranging Through Sniper Scopes

600 Series Realistic-Situation Color Targets with Overlays

PRICES ARE PER 100 TARGETS.

PAGE 6

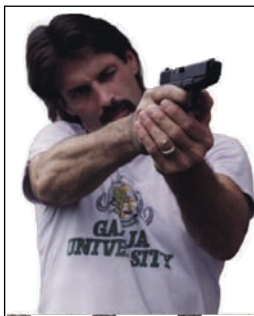

A series of "REALISTIC-SITUATION" COLOR Targets designed to provide a higher level of self defense skills during an actual lethal encounter, the New "REALISTIC-SITUATION 600" Series Targets are "dual tone" life-sized photographic targets.

Particularly adaptable for use with SPEEDWELL™ Reactive Range equipment, "600 Series" targets provide progressive Firearms Instructors with advanced training tools.

Target overlays presenting various degrees of threat, passive non-threat, or possible mistaken identity can be employed with the "600 Series" Targets.

“THE ULTIMATE FIREARMS SAFETY DEVICE”

Semi-automatics are quickly becoming standard issue and the SLUGMASTER UNLOADING STATION* can go a long way toward eliminating the risk of accidental discharge.

Every Law Enforcement agency and Police station should have a SLUGMASTER Unloading Station to insure the safe handling of weapons in a critical environment.

Unintentional firearm discharge is a danger you can do without. The SLUGMASTER Unloading Station is the choice of both professional and recreational associations. This stationary piece of safety equipment protects law enforcement and public alike. It uses NO sand or water and takes up little space.

- Bullet loses energy on impact with curved plate
- Chamber contains gases and fragments caused by discharged ammo
- Removable cartridge catcher
- Tensile strength: 190,000 psi
- Heat-treated steel plate, Unobstructive in high traffic areas
- Stops all caliber handguns, rifles and shotguns including .223, .308, .30-06 and .338 caliber ammunition
- Dimensions: 40 x 15 x 15"

Perfect for whatever firearms are stored or retrieved – throughout the station, investigative offices, cell blocks, booking facilities, ranges, etc.

Ease your concerns regarding firearm safety and liability.

The angle and position of the muzzle cone will not allow any ricocheting or fragments from exiting the mouth of the Unloading Station.

SLUGMASTER is only 15" in diameter and will not impede personnel traffic in corridors or within locker rooms. Its overall vertical length is only 40" making it portable and easy to locate.

SLUGMASTER is power coated with baked Safety Red polyester which provides excellent UV protection, impact resistant and visible appearance suitable for Police Station decor.

SLUGMASTER Unloading Station will serve its intended use to protect from an unintentional discharge in the course of unloading or loading of firearms only. The manufacturer warrants the workmanship and structural integrity of the SLUGMASTER as set forth in the instruction Sheet for a period of 20 years.

Speedwell™, the industry leader, manufactures more than 120 Steel Range Products for tactical training and combat type competition. Range products are available for shipment from stock or from the factory in 1 to 2 weeks.

Speedwell™ Steel Range products are designed and manufactured to stringent specification using selected raw materials and components to insure the highest quality products. Technical assistance is available at no cost for custom designed products to meet specific customer requirements. Custom products can be manufactured and shipped in 3 to 4 weeks.

Speedwell™ Steel Products are unconditionally guaranteed against defective material or workmanship for one year. They will be repaired or replaced at no cost.

Speedwell™ Reactive Steel Targets are available in 3 grades of ballistic grade steel plate.

Steel products designed **MS** are produced from steel plate with a Brinell Hardness (BHN) range of 200 – 325. **MS** Grade Steel is intended for light handgun or rimfire cartridge use. Only “all lead” light target ammunition for calibers .22 through .38 should be fired at **MS** Grade Steel. Jacketed or High Velocity service ammunition should not be fired at **MS** Grade Steel plate.

Steel products designed **HS** are produced from steel plate with a guaranteed minimum Brinell Hardness (BHN) of 400. **HS** Grade Steel Plate will withstand heavy use from handguns with factory service ammunition and shotgun shot shells without damage of the plate. Do not fire shotgun slugs or rifle ammunition at **HS** Grade Steel plate.

Steel products designated **RS** are produced from steel plate with a guaranteed Brinell Hardness (BHN) of 500 – 525. **RS** Grade Steel plate will withstand heavy use from handguns with service or special high-velocity police ammunition, rifles firing .223 Rem, .308 Win, and 30-06 ammunition, and shotgun slugs. Do not fire rifle ammunition or shotgun slugs at **RS** Grade Steel plates at less than 100 yards. Do not use armor piercing ammunition. ALL STEEL PLATES ARE 3/8" THICK UNLESS OTHERWISE NOTED.

Shooting at Steel Targets Can Be Hazardous. Jacketed service ammunition is particularly dangerous. When firing metallic ammunition (lead or jacketed), the shooter and observer distance to steel targets must be at least 25 yards. Steel targets may send bullet splatter back toward the firing line. EYE protection with side shields, EAR protection, long sleeved shirts and long pants must be worn by anyone within 75 yards of the steel targets.

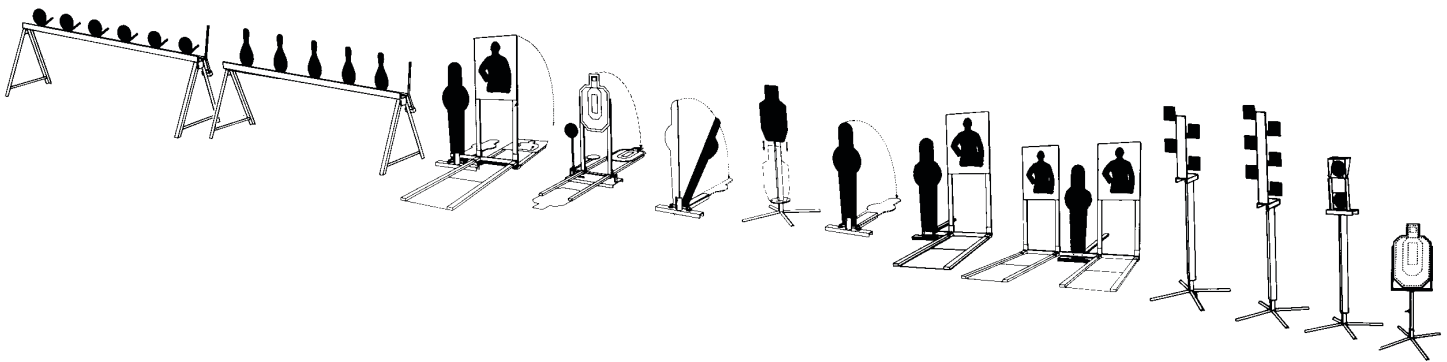

Steel Reactive Targets are angled to deflect bullet fragments downward upon impact. When a Reactive Steel Target is hit while falling, very dangerous bullet ricochet or fragment splatter can be deflected back toward the shooter(s) or toward the ceiling in an indoor range.

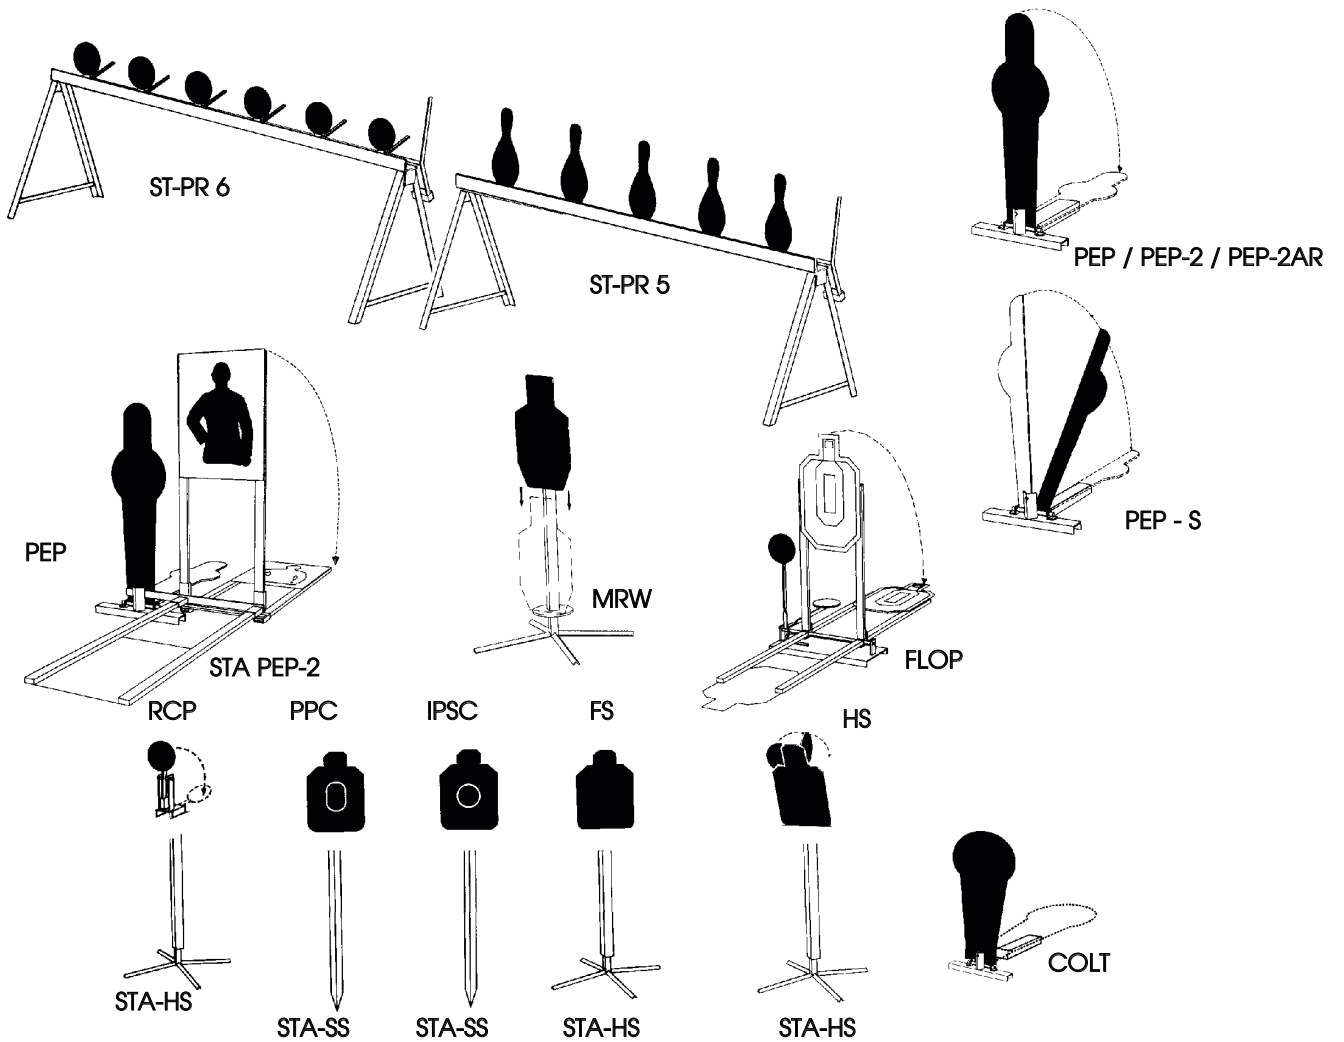

The use of lead free composite (non-metallic) frangible ammunition which disintegrates upon impact and eliminates fragmentation and metallic splatter is strongly recommended for use with steel targets.

Extreme caution should be taken to position steel targets on the firing range(s) to minimize ricocheting of bullet fragments back to the firing line. Range Safety Rules must be strictly observed.

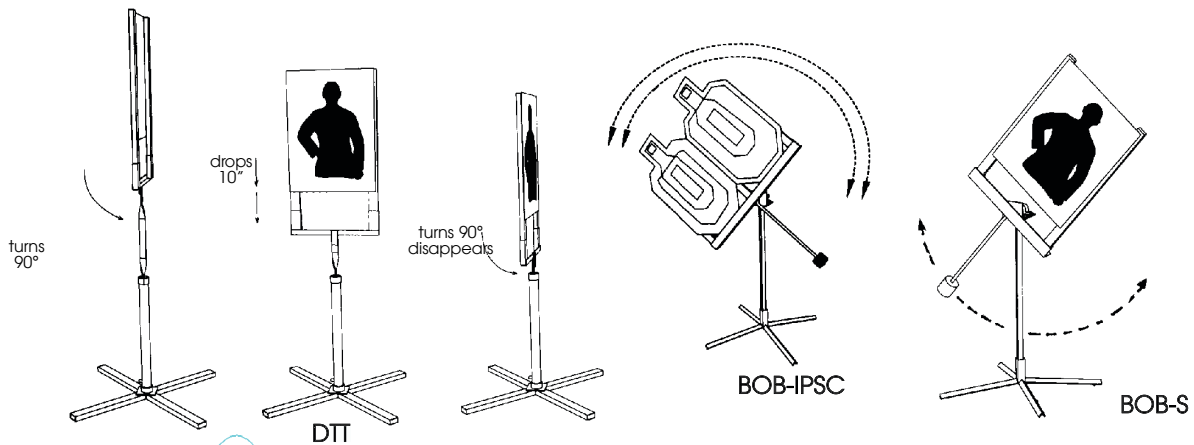

Since we cannot control the use of our steel products, we neither imply nor accept any liability for results of their use or misuse.

Please read and carefully observe the **Hazardous Warning** labels affixed to all **Speedwell™** Steel products.

Gun Care "UltraClean™" Weapons Cleaning Systems

"A clean weapon may save your life—a dirty one may not"

Designed and manufactured for **Speedwell™** by the world's leading manufacturer of aqueous-based weapons cleaning systems. "UltraClean™" state-of-the-art water-based Ultrasonic cleaning/lubricating systems do not require conventional hazardous solvents.

Speedwell™ UltraClean™ Solutions are non-hazardous, safe, and virtually odorless which require only normal room ventilation.

Speedwell™ UltraClean™ Systems reduce downtime and are used by Law Enforcement agencies, Armories, Training Officers, Training facilities, Ranges and Security Firms.

Speedwell™ UltraClean™ Systems include the following: stainless steel tanks, stainless steel baskets, stainless steel lubricating pans, non-hazardous safety solutions, and an easy-to-read operations manual.

Speedwell™ UltraClean™ Systems meet ISO 9001 requirements.

Speedwell™ UltraClean™ units come with state-of-the-art transducers, automatic tuning, temperature control sensors, drains and timers.

UltraClean™ 650 Tactical Set-Up with Heat

Dimensions: 19³/₄" x 11³/₄" x 6¹/₂" Tank size

- UltraClean™ 650
- Timer and Heat
- Streamline Kit
- 2 Ga. Cleaning Solution
- 2 Ga. Lubricating Solution
- Covers and Drain Included

\$3560.00

UltraClean™ 420 with Heat

- 2 Ultraclean™ 210's with Heat

Dimensions: 11³/₄" x 6" x 6" Tank Size Each

- Timer and Heat
- 2 Baskets
- 2 Ga. Cleaning Solution
- 2 Ga. Lubricating Solution
- Covers and Drain Included

\$2320.00

Gun Care "Ultraclean™" Weapons Cleaning Systems

UltraClean™ 210 Set-Up with Heat

Dimensions: 11³/₄" x 6" x 6" Tank Size

- Timer and Heat
- Basket
- Auxiliary Lubricating Pan
- 1 Ga. Weapon Cleaning Solution
- 1 Ga. Weapon Lubricating Solution
- Covers and Drain Included

\$1360.00

UltraClean™ 36 with Heat

Dimensions: 36" x 6" x 8" Tank Size

- Digital Timer and Thermostatically Controlled Heater
- Weapon/Lubricating Rack
- Full Length Auxiliary Lubricating Pan and Cover
- 2 Ga. Weapon Cleaning Concentrate
- 4 Ga. Weapon Lubricating Solution
- Covers and Drain Included

\$7100.00

ULTRA CC – Non-hazardous Cleaning Concentrate

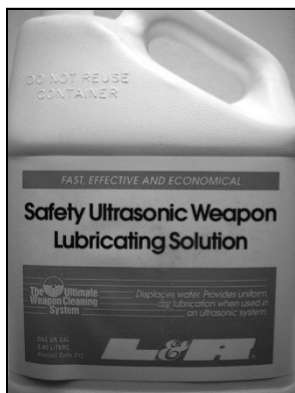

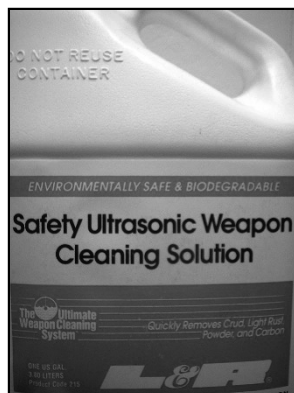

SW – 9 Lbs. \$73.00 / Gal.

ULTRA LS – Lubricating Solution

SW – 9 Lbs. \$68.95 / Gal.

Professional Handgun Cleaning System

POWERED WITH ULTRASONICS

New Item

The Ultra-200 cleaning system offers the best cleaning & lubricating of handguns and revolvers available. Powered with Ultrasonic, the Ultra-200 reaches all surfaces of the handgun including those that are hard to access by hand.

- Designed for the recreational shooter, hobbyist, collector, sportsman.
- Cleans and lubricates in under 20 minutes.
- Comes complete with Ultra-200 cleaning & lubricating solutions, basket, lubricating pan, oiler, brush, cloth and more.
- ETL approved.
- Holds 1-6" Revolver or 2 full size Semi-Automatic Handguns.
- Tank internal dimension: 11.75" x 6" x 4"

Ultra-200 \$699.00

Speedwell Targets is an authorized dealer of Wiley-X eyewear. Wiley-X eyewear has a distinguished history that we are very proud of; shatterproof eye protection for Military, Law Enforcement, and Professional Sport Shooters Worldwide. All Wiley-X eyewear is constructed from nearly indestructible triloid nylon and the strongest die-cut, shatterproof polycarbonate lenses on the market today.

GL-SABER SHOOTER WRAPS

2.5mm optical quality shatterproof polycarbonate wrap around lens for increased field of vision and peripheral protection. Blocks 100% of harmful UV rays. Six base optical curve provides distortion free sight. Exceeds Mil-S-44366A Military standards for fragmentation. Lightweight felt brow, barrel screw hinge, comfortable nose piece, interchangeable paddle and cable ear pieces that are adjustable, soft case, leash cord. *Specify Color: Clear, Yellow, Amber, Slate, Vermilion*SW – 1 lb.
\$37.95

GL-ROMER II

2.0 mm optical quality shatterproof polycarbonate interchangeable lenses. Two, and three lens system are used for different times of day and light conditions. Technologically advanced triloid nylon frames are virtually unbreakable. Knob and 8 slot technology make changing of lenses hassle free. *Colors Include: Clear, Yellow, Slate.*
SW – 1 lb.
\$84.95

GL-AC: HI-IMPACT ECONOMY POLYCARBONATE

One piece with side shields. Designed to fit over prescription glasses. *Specify Color: Clear, Yellow, Slate, Vermilion.*
(Not Illustrated)
SW – 1 lb.
\$11.50

GL-NS: LOW LIGHT NIGHT STIMULATION GOGGLES

Formulated to function in bright overhead sun to cloudy overcast days. Transforms broad daylight into the shadowy, darkened conditions encountered in low light situations. *(Not Illustrated)*
SW – 1 lb.
\$22.50

TINT & APPLICATION

Clear: Indoor/Outdoor eye protection for those who prefer natural light. Provides clear protection from ultraviolet rays. Favorite of indoor pistol shooters. Ideal for industrial or professional use.

Yellow: Heighten Contrast. Brightens dimly lit areas. Ideal for cloudy, hazy weather conditions provides sharply improved visibility and contrast. Reduces glare for night driving. 100% UV Protection. Not recommended for use in bright sunlight.

Amber: Used to brighten and enhance target definition in all light conditions. Blocks all ultra-violet and blue light, the chief components of glare. The most versatile tint, effective for both outdoor and indoor shooting. Good for overcast weather and night driving. 100% UV Protection.

Slate: All purpose neutral tint. Transmits color evenly without changing light values. Does not impair vision. Provides greatest protection against glare. Popular in southwest. 100% UV Protection.

Vermillion: Enhance and improve detail and depth perception against blue and green backgrounds. First choice of Trap, Skeet and Sporting Clay enthusiasts. 100% UV Protection.

PENTAX "DCF" HIGH RESOLUTION BINOCULARS

Newly designed high resolution roof prism optics, streamlined, lightweight, wide aperture, long eye relief for easy viewing through glasses or sunglasses. Superb multicoating to reduce glare and prevent light from escaping. Special click-stop diopter setting means that your preset focusing adjustments remains securely in place — always. Rubber covered exterior finish with weatherproof and fogproof construction. Limited lifetime warranty. These are superb binoculars, superior to most brands priced much higher.

BIN-8DCF	Binoculars, 8 x 42 DCF HR with Case	Wt. 26 oz. \$455.75
BIN-10DCF	Binoculars, 10 x 42 DCF HR with Case	Wt. 26 oz. 519.25

PENTAX "UCF" COMPACT WEATHERPROOF BINOCULARS

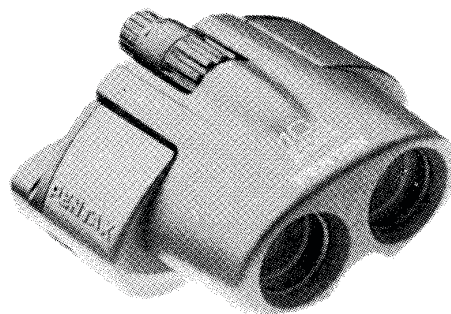

Newly designed dual axis, single body housing with synchronized eye piece adjustment. For all weather conditions without fogging. Central fingertip control. Inverted porro prism designed for lightweight compact design. Widest view of field. Limited lifetime warranty.

BIN-8UCF	Binoculars, 8 x 24 UCF WR Synchronized Adjustment	Wt. 9.9 oz. \$190.75

Hearing Protection

Gun reports assault the ears and gradually cause damage that leads to permanent loss of hearing. Proper hearing protection will eliminate flinching, improve concentration and scores.

It is absolutely essential that hearing protection be worn on or near firing lines. Keep it quiet on the firing line with the finest quality hearing protection on the market.

These SILENCIO products have been especially selected to provide law enforcement personnel the very best hearing protection available.

To insure maximum protection, it is strongly recommended that earplugs be worn with earmuffs.

EARPLUGS

MDD-02	Disposable Soft Foam Plug. 200 Wrapped pairs in Display Box. NRR-29	.1 lb.	38.95
SDI-100	Soft vinyl earplug containing an air cushion for maximum comfort and protection against harmful impulse noise. (NRR-26)	.1 lb.	4.20

EARMUFFS

RBW-71	Economical and durable Earmuff with spring steel headband to allow 3-position use (overhead, behind head, under chin). Cups individually adjustable with foam filled ear cushions. (NRR-25 OH) Blue or Orange	1 lb.	\$ 17.95
CDS-80	Magnum Deluxe Earmuff, fully adjustable comfortable foam head pad, liquid-filled ear cushions to provide exceptional protection and comfort. (NRR-29) Black	1 lb.	37.95
Falcon	Rangesafe Monaural electronic hearing protector with 2 speakers. On/off switch with volume control and automatic shutdown at 82db. Designed for indoor/outdoor range and competition shooting. Black	1 lb.	142.95

RANGE CAPS

Finest Quality Poplin Cap – Embroidered

- Full Cut Featuring a High Crown.
- One Piece Stiff Front Construction
- 100% Cotton Sweatband, Non-Reflective Undervisor.
- Adjustable Size Slide Tab
- One Size Fits All

Colors

- Navy Blue with Gold Embroidery
- Red with Black Embroidery
- Black with Silver Embroidery
- Gold with Black Embroidery

PRO-4: PRO-TIMER IV SUPER – BEST COMPETITION MODEL

Time is only half and data needed to find out who won. You must have your score divided by time to get your HIT FACTOR. With the Pro-Timer IV Super, you enter your maximum stage points once. You then only need to enter your points down to get your HIT FACTOR. Nothing

could be simpler. Now you can compare your final score (HIT FACTOR) with you shooting buddy to find out who is really the best. It is also great for club matches since the final stage score is computed instantly.

Now with 3 Modes of Operation:

- Simplified Mode - Displays time, shot no, split time, start delay, par time & par no for Club Matches.
- Standard Mode - Displays time, shot no, split time, review time, review shot no & review split time for individual practice.
- Extended Mode - Same as standard mode plus runs multiple par times for cadence practice.

Other features:

- Automatic power down after 10 minutes of non use.
- Power down memory of up to 6 par times
- Selection of instant, random or settable fixed start delay.
- Plate input jack
- Remote start jack
- Relay driver jack
- Shot sensing sensitivity adjustment
- Horn on/off switch

SW – 2 lbs.

\$252.50

PRO-PR

Thermal Printer for use with the Pro-Timer IV. Infrared remote signal from PRO-IV activates unit to print shot string. PRO-IV screen displays printing data while transmitting to printer.

SW – 2 lbs.

\$198.50

PRO-C: PRO-CHRONO PLUS – BEST BULLET VELOCITY MEASUREMENT

A highly accurate, easily used portable chronograph utilizing ambient light-driven shadow sensors (Sky Screens) to activate a remote electronic counter.

- Largest Shooting Area
- 50 Shot Review
- Power Down Memory
- Greatest Velocity Range
- Extreme Spread
- Printer Interface
- Remote Jack

SW – 8 lbs.

\$129.95

PRO-P: PRO-TIMER P – COMPACT POCKET TIME

- Review four shot at a time with shot numbers, times & splits.
- 3 types of main screens selectable
 - a. Old Pocket Pro emulation (single number).
 - b. Shot time with shot number, split, 1st shot time, start delay type, time & date & battery condition.
 - c. Shot time with shot number, partime, 1st shot time, start delay type, time & date & battery condition.
- Review directly or set par time directly with up/down buttons.
- Set shot dead time to eliminate echos.
- Digital shot sensitivity adjustment.
- Random start delay minimum and maximums are settable between .5 & 9.9 seconds. Default is minimum 1 sec and maximum of 4 seconds per USPSA. Setting min. and Max. the same gives a fixed start delay.

\$176.95

Premium quality Gun Care products properly used may just save a life. These HOPPE products have been specially selected to insure the very best weapons maintenance and storage possible.

FAMOUS NO. 9 NITRO POWDER SOLVENT

The most universally used solvent for removing primer, powder, lead, and metal fouling. Prevents rust, flows freely, and penetrates rapidly

HOP-904 4 oz. bottle \$5.75 HOP-916 Pint \$14.00

BENCH REST NO. 9 COPPER SOLVENT

Cleans gun bores of copper fouling overnight, instead of 3-4 days. Powerful, safe, fast, and contains no abrasives. Also removes powder, lead, and plastic foulings from all handguns and shotguns.

HOP-BR-904 4 oz. bottle \$8.25 HOP-BR-916 Pint \$26.25

MDL

Moisture Displacing Lubricant. Drives out moisture, cleans, lubricates, protects and prevents corrosion. Prevents damage from moisture, salt, and friction. Ideal for after gun use.

HOP-MDL Aerosol Can \$5.50

LUBRICATING GUN OIL

High viscosity oil refined for use in firearms. Does not harden, gum, or become rancid. Extra long service.

HOP-1003 2-1/4 oz. \$2.75 HOP-1016 Pint \$10.25

SILICONE GUN CLEANING CLOTH

Flannel cloth treated to remove fingerprints and corrosive oils while polishing and coating gun surfaces with protective finish.

HOP-1218 Silicone Gun Cloth \$3.50

HANDGUN CLEANING KIT

Contains aluminum handgun rod, No. 9 solvent, lubricating oil, patches, knob ends, and brushes

The Long Gun Data Books™ were developed by Christopher Rodgers and provide a unique system to efficiently organize, document and access critical information related to tactical observation and long range shooting situations.

Three data books offer a variety of formulas, charts and formatted information which is vital to accurate training and legal documentation.

Provide your marksman with the The Long Gun Data Books™ today and benefit immediately with standardized record keeping and enhanced performance.

DATA BOOK 1

Provides the foundation for training documentation, observation technique and precision shooting. Best suited as a training aid. Excellent resource for logging detailed information that would not normally be required on an operation. Incorporates a series of removable formatted training logs for supervisors and external record keeping. Black Cordura™ zip cover with pouch, 3-ring internal poly-binder, large tabbed sections include: Communications, Observations, Range Estimations, Elevations, Wind & Moving Targets, Cold Bore & Temperature Logs, Conversion Table & Training Logs.

Operational & Common Range Data Cards. Each section loaded with various

charts and marksmanship information. 68 double-sided pages, measures 9" x 7" x 1 1/2".

DB-1 SW 1lb \$69.95

DATA BOOK 2

Same basic format as Data Book 1 with-out the non-operational administrative logs. Tailored to meet the needs of the operational personnel in the field. Compact, waterproof never-tear paper will hold up in any environment. Black Cordura™ zip cover with internal pouch, two hole internal poly cover, low profile tabbed sections. Red lens flashlight & temp. gauge. 38 double-sided pages, measures 8" x 5 3/4" x 3/4".

DB-2 SW 1lb \$89.95

DATA BOOK 3

Fitting in the palm of your hand, this data book is the perfect reference to keep with your weapon at all times. Same basic format as above, but condensed to include some helpful hints and Mill scale chart for estimating ranges. Spiral bound poly-cover, waterproof never-tear paper, 27 double-sided pages, measures 4 1/4" x 3 1/2" x 1/8".

DB-3 SW 1/2lb \$19.95

LIABILITY

SHOT LOG / DATA CARD SYSTEM

Developed for the law enforcement marksman, our new Shot Log/Data Card System™ will provide the most versatile and compact record keeping log available today. Formatted information is provided on each side of the Shot Log/Data Cards enabling the marksman to efficiently log pre & post shooting information. Each Shot Log/Data Card comes complete with our full size and mini T-Section Targets. Place the full size target down range and paste the mini target in the space provided. With the exact image of the target being observed located at the shooters position, bullet placement and all necessary information can be recorded with consistency and precision.

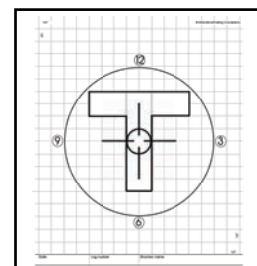

Once target is fired upon and cards are completed, simply fold target in half and combine with matching Shot Log / Data Card. The shooter now has a complete admissible record of marksmanship and training performance which can be submitted in the event of litigation.

The system includes: forty 8-1/2" x 5-1/2" heavy card stock Shot Log / Data Cards, forty 8-1/2" x 11" heavy card stock T-Section Targets, forty mini targets, 3- ring binder and thermometer.
