- A full or part-year resident filing jointly with a non-resident.
- NJ-1040 submissions will not be accepted with a country that is outside of the USA.
- New Jersey cannot accept more schedules than the amount accepted by the IRS.

Acknowledgment records are transmitted to the IRS to be retrieved by software developers and/or transmitters and forwarded to practitioners.

IV ACCEPTANCE INTO E-FILE PROGRAM

Federal registration into the e-file program is required. Therefore, the first step for new participants would be to contact the IRS. All required identification numbers are issued by the IRS. New Jersey does not issue EFIN's and ETIN's. The IRS imposes a deadline for filing applications. New Jersey imposes no such deadline. One should not attempt to file returns electronically until an identification number from the IRS has been received and made available to New Jersey.

For information about how to make your federal registration information available to New Jersey, please see item V in this publication.

V REGISTRATION

Transmitters who have not previously registered with New Jersey must submit a properly completed LOI (Letter of Intent) form for TY24. It is important that all ETIN numbers be registered. A completed LOI will be required at the beginning of every tax season. Transmitters are required to pass testing each year.

Practitioners need to have the IRS assign them an EFIN. Practitioners do not need to register with New Jersey. We will check the EFIN with the IRS database.

IMPORTANT: Software developer ID's, ETIN's, EFIN's, etc. are verified by New Jersey. Electronic submissions using ID numbers that are not registered with the IRS and verified by New Jersey will be rejected.

Note: There is no requirement to be bonded to participate in New Jersey's Program.

VII "STATE-ONLY" PROGRAM

New Jersey is a participant in the IRS MeF Program. In this program, New Jersey accepts NJ State returns "linked" or "unlinked" with the corresponding Federal return. This includes non-resident returns and part-year resident returns. In addition, New Jersey accepts the re-transmission of a previously rejected NJ State return. Please contact your software developer to verify whether you can resubmit rejected returns.

VIII MONITORING AND SUSPENSION OF PRIVILEGES

New Jersey monitors all parties involved in the electronic filing process. All entities involved in this process are subject to the rules and regulations set forth in this document, as well as the laws, statutes, rules, and regulations that relate to New Jersey Income Tax. Failure to comply with program mandates will result in warnings and/or suspension from the program. Electronically filed returns from suspended entities will not be accepted.

IX PROVIDING DOCUMENTS TO TAXPAYERS

ERO's must furnish taxpayers with documentation of all New Jersey forms filed on their behalf. These should include, but not be limited to the properly completed forms NJ-1040, NJ-1040NR and NJ-1041. Also, ERO's should advise taxpayers to retain copies of their W-2's, 1099's, and any other tax documents that were used to prepare their returns.

X CONTACTING THE DIVISION

Any questions dealing with the New Jersey schemas should be directed to our MeF Admin Group at e-GovServices@treas.nj.gov. This email is for developer use only and is not to be given out to general taxpayers or practitioners.

Practitioners

Practitioners have a special phone number that they can utilize when calling the Division of Taxation on tax related matters. Any other questions or concerns should be directed to the Division of Revenue hotline at 609-292-9292.

XI STATE ACKNOWLEDGMENTS

Electronic submissions of state tax forms can be sent as being either linked or unlinked to the federal submission. To link the state return to the federal return, the submission must include the Submission ID of the federal return in the state submission. The state submissions can also be sent unlinked as a standalone state submission.

On linked returns, the federal return must be accepted before the linked state return can be filed.

Submissions of returns that include only state information and are unlinked from the federal return must meet the following criteria:

- The return submission was previously rejected by the state.
- The submission originated separately from the federal return.
- The submission is a part-year residency return.
- The submission is a non-resident state return.
- The submission is submitted with the state filing status of “married filing separately” while the federal return was filed with the filing status of a “joint” return.

The Internal Revenue Service will provide State Acknowledgement service on its Front End Processing System (MeF platform). The State of New Jersey will send their Acknowledgements to MeF for trading partners to pick up, when they pick up their Federal Acknowledgement. New Jersey will store Submission ID provided by the IRS for use by our help desk.

New Jersey acknowledges all electronic returns received. Clients receive acknowledgments from both the IRS and the State of New Jersey. It should be noted that a Federal acknowledgment does not extend to the corresponding State return. A Federal acknowledgment means only that the State portion has been made available to that State.

An acceptance from New Jersey does not imply that the return, in its entirety, is correct. It acknowledges only that the return conforms to the required standards for electronic filing. Acknowledgments will be transmitted to the IRS System for retrieval.

If not using direct debit, payments with the voucher 1040-V/ 1040NR-V should be forwarded, along with the accompanying payment vouchers, to the following address:
