IV. Other Business:

Mr. Klett mentioned that Heather Taylor from the Governor's Council's office contacted State Archives regarding the transfer of gubernatorial records at the end of the term and asked specifically how the electronic records will be retained at the State Archives. Mr. Klett hopes that will be a catalyst to move forward with the archives electronic records infrastructure.

Mr. Tyger stated that he had an item that does not require an action by the SRC but wanted to update the Committee about the approved flow chart from the July 21, 2016 SRC meeting. This flow chart is for the review of the disposal of the hard copy versions of scanned records with permanent archival review retention. Mr. Tyger stated that, although non-routine requests have not yet been presented to the SRC, progress has been made. Mr. Tyger mentioned that DORES has offered to pay for storage of non-routine records temporarily during the review process.

Ms. Carthan stated that DORES has offered to store records that have been pending for 45 business days or more. Ms. Carthan also noted that DORES has taken possession of three boxes from Bernards Township that are still pending archival review and also has extended the storage offer to Sussex County who has a large volume of boxes pending. Mr. Klett had concerns regarding the storage of non-routine requests by DORES in that he did not wish to inconvenience the agency for the storage of records for a short time pending the review and approval for destruction. Mr. Klett also stated that the relocation of the records might further complicate the review process, and stressed that keeping order of the records if moved to temporary storage is extremely important.

Ms. Carthan presented an activity report of the non-routine requests that are currently pending for archival review to the SRC members to be included as part of the January 19, 2017 packet. Mr. Klett mentioned that there should be meetings between Archives and DORES to streamline the non-routine records storage procedure. He also noted that the review process has been very valuable in identifying certain records series currently listed as permanent that should not be permanent. Mr. Klett stated that, because this is the first year using the new procedures, the process is taking longer for archival review. Mr. Tyger agreed with Mr. Klett that there are a lot of precedents to establish, but the process should go smoother and quicker with time.

There being no other business, the Committee adjourned at 10:28 a.m.

Michael J. Tyger
