**Instructions for Form 307**  
**Smart Moves For Business Program Tax Credit**  
(Formerly the Employer Trip Reduction Plan / Ride Share Tax Credit)

**GENERAL INSTRUCTIONS**

The purpose of the Smart Moves for Business Program Tax Credit is to provide New Jersey employers with tax incentives for participation in employee commute option programs in this State. The effect of this initiative, which ultimately will reduce traffic congestion and air pollution in New Jersey, will enable New Jersey to comply with the mandates of the Federal Clean Air Act and the programs established by the Smart Moves Program Act, P.L. 1996, c. 121.

**Eligibility** - A taxpayer who has registered with the New Jersey Department of Transportation and who has an authorized report/plan to provide commuter transportation benefits may claim a tax credit based on the direct expenditures attributed to the report/plan. This credit may be taken on the following New Jersey tax returns: Corporation Business Tax, Fire Insurance Tax, Insurance Premium

Tax, and the partnership return filed for Gross Income Tax purposes. In addition, credit may also be applied against the Public Utility Franchise Tax, Gross Receipts Tax, Excise Tax and Marine Insurance Tax.

**Calculation of Credit** - The Smart Moves for Business Program credit may be taken for expenditures made after January 1, 1994 that are attributed to a report/plan providing commuter transportation benefits in this State. The credit is equal to 10% of the cost of implementing and operating the report/plan during the reporting period. The maximum calculation equals the per employee limit (i.e. \$120 for corporations during the period of January 1, 2002 through December 31, 2002) multiplied by the number of participating employees. The per employee limit will be adjusted in subsequent periods in proportion to the Consumer Price Index.

**Specific Instructions for Form 307**

**PART I**

**TAXPAYER QUALIFICATIONS**

This section refers to specific narrative reports/plans that have been submitted to the New Jersey Department of Transportation during the referenced tax period. A taxpayer must have a valid report/plan for the specified tax period to be eligible for the tax credit. If an amended narrative report/plan was submitted for a previous tax period, an amended return may be filed for that tax year.

**PART II**

**CALCULATION OF THE AVAILABLE TAX CREDIT**

Information is to be provided for each site designated in the trip reduction report/plan. If you have a report/plan with more than three sites, attach a supplemental schedule indicating the additional site information. Enter the totals for all approved sites in the total column.

**Line 1** - Enter the designated number that has been assigned by the New Jersey Department of Transportation for each site.

**Line 2** - Enter whether the site report/plan is for one or two years.

**Line 3** - Indicate if you have submitted an amended narrative report/plan to the New Jersey Department of Transportation.

**Line 4** - Indicate the number of employees that are actively participating at each site. In many cases, this number will be the same number of employees indicated in the report/plan.

**Line 5** - Indicate the anticipated costs to implement the program at each site. The amount is limited to the costs reported to the New Jersey Department of Transportation when the report/plan was originally submitted or was amended. If the costs are greater than those reported to the Department of Transportation, an amended narrative report/plan will need to be submitted.

**Line 6** - Enter the amount of qualifying expenditures from previous tax periods. This amount includes expenditures that were made even though the actual credit either was not allowed or was limited in the prior tax period.

**Line 8** - Enter the total qualifying expenditures (actual costs for the program) that were made during this tax period.

**Line 9** - Multiply the eligible costs (the lesser of line 7 or line 8) by the appropriate percentage. Two percentage rates are assigned as follows:

- 1) 10% for corporations subject to the corporation business tax or corporations otherwise exempt from the corporation business tax by statute, and
- 2) 157% for partnerships and limited liability companies that have filed Form NJ-1065.

**Line 10** - Multiply line 4 by the amount of the established per employee limit. For the period January 1, 2002 through December 31, 2002, the amounts are as follows:

- 1) \$120 for corporations subject to the corporation business tax or corporations otherwise exempt from the corporation business tax by statute, and
- 2) \$1,884 for partnerships and limited liability companies that have filed Form NJ-1065.

**Line 11** - The total amount available to be used in the tax credit computation is the lesser of the amounts computed on line 9 or line 10. This amount may need to be prorated if you are subject to more than one of the enumerated taxes.

**NOTE:** If you are subject to any of the designated taxes below, do not continue to Part III. Send this form to the address below to insure that the tax calculation will reflect the allowable Smart Moves for Business Program tax credit.

TAX	ADDRESS
Public Utility Franchise Tax Public Utility Gross Receipts Tax Public Utility Excise Tax	NJ Division of Taxation Public Utility Tax Section PO Box 246 Trenton, NJ 08695-0246
Marine Insurance Tax	NJ Division of Taxation Special Audit Section PO Box 269 Trenton, NJ 08695-0269

**PART III**

**CALCULATION OF THE ALLOWABLE CREDIT AMOUNT**

**Line 12** - Enter the name of the tax that this tax credit will be applied against in Column A. Use Column B if the taxpayer is subject to a second tax that is eligible for the tax credit application.

**Line 13** - Enter the tax liability for the tax reported in Column A, and B if applicable, from the appropriate tax return. Be sure to report the tax amount calculated excluding any other tax credit amounts. Taxpayers subject to the Corporation Business Tax should report the tax amount calculated after taking credit for taxes paid to other jurisdictions.

**Line 14** - Enter the statutory minimum tax liability for the tax reported in Column A, and B if applicable, as indicated in the chart below.

TAX FORMS	MINIMUM TAX - 2002
Corporation Business Tax BFC-1, CBT-100, CBT-100S	For returns with taxable periods beginning on or after January 1, 2002, the minimum tax shall be \$500 or the minimum tax shall be \$2,000 for a member of an affiliated group or a controlled group whose group has total payroll of \$5,000,000 or more for the privilege period.
Savings Institution Tax SIT-31	Assets less than \$1,000,000 - \$50 Assets greater than \$1,000,000 - \$250
Insurance Premiums Tax DEXM, EXM, DEM, EM	None
Fire Insurance Tax EM	None

**Line 20** - Enter the amount from Part II, line 11 in Column A if only one tax is reported on line 12. If more than one tax is eligible for the tax credit application, the taxpayer must allocate the amount of the credit available proportionately based on the tax liabilities for each tax.

**EXAMPLE:**

TAX	FIRE INSURANCE	INSURANCE PREMIUMS	TOTAL
Tax Liability	\$100,000	\$300,000	\$400,000
% of Total Liability	25%	75%	100%
Allocated Available Credit	\$900	\$2,700	\$3,600

**PART IV**

**OTHER TAX CREDITS TAKEN FOR CURRENT YEAR**

- a) Complete Part IV if any other tax credits were claimed for the current tax period. Currently this provision is only available for taxpayers who are subject to the Corporation Business Tax or the specific Insurance Premiums Taxes listed. The other tax credits claimed for these taxes must be reported on line 18, Part III.
- b) The priorities set forth in this tax form follow Regulation N.J.A.C. 18:7-3.17.
