NEW JERSEY UNCLAIMED PROPERTY HOLDER PACKET

To : Holders of Unclaimed Property

This packet is designed to provide the holder of Unclaimed Property with the information needed to report, pay and/or deliver abandoned property to the State Treasurer. The statute (Public Laws of 1989, Chapter 58; New Jersey Statutes 46:30B-1 et seq.) should be referenced for a complete statement of the law and its various details. The State reserves the right to alter or supplement any statement made in this packet.

IT IS IMPERATIVE THAT YOU READ THIS ENTIRE PACKET BEFORE PREPARING YOUR 2009 HOLDER REPORT.

The State of New Jersey uses an automated process for payment of claims. The Property Type Code that is reported generates documentation criteria automatically. Therefore, the correctness of the property type code is critical to claim repayment. There are some National Association of Unclaimed Property Administrators (NAUPA) Codes that NJ does not accept, these are listed as well. If you have a question about correct Property Type codes, please call the Holder Reporting Section at (609) 984-5214.

For Holders who are reporting $50,000 or more a Fed Wire or an ACH Transfer is required**. Do not use the Taxation EFT system.** You must call the Securities Section at (609) 984-2579 or e-mail details to **nj.upwire@treas.state.nj.us** prior to the wire transfer to assure proper credit to your account.   Please fill out the originator name on the Wire form. DO NOT USE the processing bank's name in that field. Proper credit cannot be applied if this line is incorrect, and penalties may be assessed. Please see Section III "Payment and Delivery of Unclaimed Property."

THE STATE OF NEW JERSEY accepts NAUPA Standard Electronic File Format on CD-ROM, 1.44 MB 3 ½ " floppy disks and HRS-Pro encrypted files via e-mail (see instructions on page 44). The State of New Jersey uses four bytes for the year designation on all reports (please see the Electronic Media specifications on pages 18-43). If you should have any questions, please call the Holder Reporting Section at (609) 984-5214.

MUTUAL FUNDS **must be liquidated and the cash proceeds reported with each owner's detail reported on the UP-2.   Please read the detailed instructions on page 48.**

STOCK REREGISTRATION OPTIONS **include the use of the Deposit and Withdrawal at Custodian (DWAC) system. This DWAC system is the preferred option for stock reregistration.   Please refer to the DTC/DWAC instructions on page 46.**

SAFE DEPOSIT BOX **reports must be submitted separately from other personal property reports.   See pages 53 through 55 for reporting Safe Deposit box items.**

STATE OF NEW JERSEY
GENERAL REPORTING REQUIREMENTS

I. Conditions for Reporting

In general, three conditions must be satisfied before any unclaimed property is reported and turned over to the State Treasurer:

1. Presumption of Abandonment

Property that has remained unclaimed by the owner for a certain period of time, as specified in the *Unclaimed Property Statute*. *Examples of typical properties are given on pages 5, 6 and 7.*

2. Address Requirement

The last known address of the owner of the abandoned property is in the State of New Jersey. For additional conditions **please see page 4 for statutory language** regarding address requirement. In addition, please note that the State in which the intermediary is incorporated has the right to escheat funds belonging to beneficial owners who cannot be identified or where there is no last known address. (See Delaware v. New York, 114 S.Ct. 2670 (1993)).

3. Notice to Apparent Owners

If the amount of the unclaimed property is $50.00 or more, the holder shall send a ***certified mail with return receipt requested*** R.S.46:30B-50 to the apparent owner at the last known address. This notice should inform the owner that the holder is in possession of unclaimed property that will be turned over to the State Treasurer unless the owner claims it from the holder before the report is filed. This notice to apparent owners should be mailed *not more than 120 days nor less than 60 days before filing the report.*

II. Reports and Content

Specific instructions for the UP-1 and UP-2 are attached.

- A properly completed report must include your Federal Tax Identification number on the Holder Summary (Form UP-1) and the owner details required for the determination of entitlement to property on Owner Information (Form UP-2).

- Unreadable or incomplete reports will be construed as noncompliance and returned for presentation in an acceptable format. This may result in the application of appropriate charges.

- One original page of the Owner Information (Form UP-2) is being supplied with instructions. Please photocopy additional pages as necessary for your report. Computer generated formats are acceptable if approved by the Holder Reporting Section. If reporting by Electronic Media, please see Electronic Media Specifications.

- Holders reporting property from a life or endowment insurance policy or annuity contract must report the full name and address of the insured or annuitant as well as the named benficiary recorded and maintained by the company holding the funds.

- **Dividends are not to be reported as an aggregate.**

- **Encrypted Electronic files created in the HRS-Pro system software can be e-mailed to:**

  nj.unclaimedreports@treas.state.nj.us

  See Reports submitted via e-mail instructions on page 44.

III.   Payment and Delivery of Unclaimed Property

At the time of filing the report, the Holder must turn over to the State Treasurer all of the property remaining unclaimed. This remittance and report should include all applicable interest/dividend/income/corporate actions to the date of the report **not to the date of the end of the abandonment cycle**. Payment must accompany the report. All cash remittances are to be made payable to "Treasurer, State of New Jersey."

Securities should be submitted free receipt via DTC or **DWAC** system whenever possible. They must be re-registered in New Jersey's nominee name "Neary Penco". Dividend Reinvestment Plan (DRP) shares must be delivered in physical form or electronically via DTC (see instructions). For DWAC system and free receipt via DTC instructions see page 46 or dividend reinvestment plan (DRP) information see page 49, or call (609) 984-8236.

New Jersey Unclaimed Property is requiring Fed Wire Transfer for all payments of $50,000 or more. When utilizing a wire transfer, a copy of your transmittal should be attached to your Holder Report to verify payment.

Broker Reports are a unique environment regarding unclaimed property reporting. Each brokerage firm reports securities differently. Because of these variations, New Jersey Unclaimed Property has been experiencing difficulties in paying rightful owners promptly. We established a procedure to enable simplification and uniformity of reporting. It is of utmost importance that you follow this procedure (see page 47).

The Unclaimed Personal Property Report shall be filed with payment **before November 1**, of each year as of the preceding June 30, and the Unclaimed Life Insurance Report shall be filed **before May 1,** of each year as of the preceding December 31. Failure to meet this requirement will result in statutory interest and penalties. Pursuant to P.L. 1989, Chapter 58 Uniform Unclaimed Property Act, the consequences are as follows:

46:30B-103.   "Interest Payable For Failure To Pay Or Deliver Property In Time. A person who fails to pay or deliver property within the time prescribed by this chapter shall pay the administrator interest at the annual rate of 10% above the annual rate of discount in effect on the date the property should have been paid or delivered, for the most recent issue of 52-week United States Treasury Bills on the property or value thereof from the date the property should have been paid or delivered."

46:30B-104.   "Penalty for failure to render report or perform other duties.
Except as otherwise provided in R.S.46:30B-105 or 46:30B-105.1, a " holder who fails to report, pay or deliver property within the time prescribed by chapter 30B of Title 46 of the Revised Statutes, or fails to perform other duties imposed by that chapter, shall pay to the administrator, in addition to the interest as provided in R.S.46:30B-103, a civil penalty of $200.00 for each day the report, payment, or delivery is withheld, or the duty is not performed, up to a maximum of $100,000."

46:30B-105.   "Penalty for willful failure to report, pay, or deliver property. A holder who willfully fails to report, pay, or deliver property within the time prescribed by chapter 30B of Title 46 of the Revised Statutes, shall pay to the administrator, in addition to the interest provided in R.S.46:30B-103, a penalty of $1,000 for each day the report, payment, or delivery is withheld, or the duty is not performed, up to a maximum of $250,000, plus 25% of the value of any property that should have been but was not reported." For the purpose of this section, a willful failure to report includes the filing of a report which is plainly inaccurate, incomplete, or out of balance and the same is not corrected by the holder within six months after its original due date.

IV.   Release of Liability

A holder who pays and delivers property to the State of New Jersey in good faith is relieved of all liability to the extent of the money paid or property delivered.

V.   Advertising of Unclaimed Property

After the receipt of the report, the State Treasurer will publish a listing of the apparent owners of unclaimed property in a newspaper of general circulation in the county of the last known address of the owner.

VI.   Compliance Audits

In an effort to provide assistance and ensure compliance, the State Treasurer's audit staff may conduct periodic examinations of a Holder's records.

VII.   Retention of Records

Every holder must maintain records of its unclaimed property for 5 years after the property has been reported and turned over to the State Treasurer. In addition to the records, electronic media should be retained for two years after the report is filed.

VIII.   Electronic Media Reporting

The State of New Jersey is requiring holders reporting more than 20 records to do so on electronic media (CD-ROM, 3 ½ " floppy disk or e-mail submission). Any other holders wishing to submit on electronic media are encouraged to do so.   Instructions and specifications are enclosed.   Please see Electronic Media Specifications. Any questions can be directed to the Holder Reporting Section at (609) 984-5214 or e-mail your questions to: nj.unclaimedreportsinquiries@treas.state.nj.us.

IX.   Property Type Codes

The property type code selected should accurately reflect the type of property being reported. These codes determine the documentation required from the claimant.   It cannot be emphasized enough how critical correct reporting of property types is to the claim process. New Jersey has adopted many of the NAUPA Codes and retains a few Codes that are not NAUPA standard.   As mentioned previously, please refer to the property type codes.

46:30B-10. Further conditions to be satisfied to subject property to custody.

" To subject property to the custody of this State as unclaimed property, the following conditions shall be also satisfied:

a. The last known address, as shown on the records of the holder, of the apparent owner is in this State.

b. The records of the holder do not reflect the identity of the person entitled to the property and it is established that the last known address of the person entitled to the property is in this State;

c. The records of the holder do not reflect the last known address of the apparent owner, and it is established that:

(1) The last known address of the person entitled to the property is in this State, or

(2) The holder is a domiciliary or a government or governmental subdivision or agency of this State and has not previously paid or delivered the property to the state of the last known address of the apparent owner or other person entitled to the property;

d. e. The last known address, as shown on the records of the holder, of the apparent owner is in a foreign nation and the holder is a domiciliary or a government or governmental subdivision or agency of this State; or

f. The transaction out of which the property arose occurred in this State, and

(1) The last known address of the apparent owner or other person entitled to the property is unknown, or

(2) The last known address of the apparent owner or other person entitled to the property is in a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property, and

(3) The holder is a domiciliary of a state that does not provide by law for the escheat or custodial taking of the property or its escheat or unclaimed property law is not applicable to the property."

ELECTRONIC MEDIA REPORTING SPECIFICATIONS - UNCLAIMED PROPERTY

I. ELECTRONIC MEDIA SPECIFICATIONS

CD-ROM or IBM PC/AT compatible 1.44MB 3 ½" Floppy disks
E-mail attachment (encrypted) sent to:

nj.unclaimedreports@treas.state.nj.us

File must be in non-delimited ASCII format with no imbedded control characters or hexadecimal values etc…

Each record will be separated by a Carriage-return and Line-Feed (CR/LF)

All numeric fields (type Code N) must be right justified, zero filled, with decimal points assumed. No decimal points are actually entered.

All character fields (type code C) must be left-justified, space filled.

The file will be the only file on the CD or diskette and will be in the root directory. (See section on multiple holder reports for reporting more than one holder on a single CD or diskette).

External labels must be included with name, address of reporting organization and year. Paper printouts of the file are not required unless specifically requested.

Record length - 625 byte record layout – developed by NAUPA. The first byte of each record contains a TR-CODE that denotes the type of record, and the subsequent 624 bytes are used to store the fields for that particular record. The TR-CODE will be a number between 1 and 9 (see next page).

Do not use any punctuation (e.g. decimals, spaces).

MAXIMUM NUMBER OF RECORDS PER FILE IS 99,999

***NOTE : New Jersey accepts NAUPA 2 standard format–Free Reporting Software is available through a link on the NJ Unclaimed Property website:

- HRS Pro (Holder Reporting System)

    Or the ACS WAGERS HRS PRO software can be accessed directly at:

    www.wagers.net

II. RECORD TYPE DESCRIPTIONS and TR-CODES

The NAUPA standard for reporting unclaimed property is based upon 6 record types:

	RECORD TYPE	**TR-CODE**
1.	Holder Records	1 – then it is a HOLDER record
2.	Property Records	2 – then it is a PROPERTY record
3.	Property Additional Owners	3 – then it is a PROPADD record
4.	NOT IN USE IN NJ	
5.	Securities Additional Information	5 – then it is a SECURITY record
6.	Tangible Property Information	6 – then it is a TANGIBLE record
7.	NOT IN USE IN NJ	
8.	NOT IN USE IN NJ	
9.	Summary Information	9 – then it is a SUMINFO record

Holders using the NAUPA standard must use the file layouts as shown. The fields are comprehensive in nature, meaning some fields are not used by all states and some fields may only be used by one state.

In the Mandatory – Required - Optional column of each record type layout, it will state if the field is mandatory, required or optional. If the field is marked:

"mandatory" or "M", information must be supplied in order to process the file correctly or the file will be rejected.

"required" or "R", you must supply the information if you know it, i.e., the information is usually required by law or regulation.

"optional" or "O", the information is desired and will be used if supplied.

Multiple Holder Reports

Since the PROPERTY, PROPADD, SECURITIES, TANGIBLE and SUMINFO do not contain fields to link them with a certain holder record, using a single file for multiple Holder Reports requires some special handling. If multiple Holder Reports are put on a single medium, Holders MUST follow the instructions below:

Multiple Holder Reports may be included in a single diskette using one of the following options:

Option 1- Each Holder Report is located in a separate file in the root directory. The file begins with a HOLDER record, and ends with a SUMINFO record. Only one HOLDER and one SUMINFO record exists in the file.

Option 2 - All Holder Reports are in the same file in the root directory. The HOLDER record must be the first record in the file, and the SUMINFO record must be the last record in each Holder Report. All PROPERTY, PROPADD, SECURITY and TANGIBLE records located between the HOLDER and SUMINFO records will be assumed to belong to that HOLDER record. The HOLDER record for the second Holder Report should be the first record after the SUMINFO record for the previous Holder Report. The same criteria will hold true for subsequent Holder Reports.

Field Definitions / Specifications

HOLDER Record - Field Definitions / Specifications

Enter the number of shares which have been deleted since the original (advertising) report, i.e., this is the amount that will be subtracted from the total number of shares due the owner of this issue. The number of shares is a 12-digit field with four decimal places assumed. The decimal point is not actually entered.

Examples: 543 = 000005430000, 543.73 = 000005437300, 1,543.7334 = 000015437334

State of New Jersey
Unclaimed Safe Deposit Box or Other Repository Contents
<u>General Reporting Requirements</u>

The following information is intended only as a general guide of your obligations to report unclaimed safekeeping contents. The Statute (Public Laws of 1989, Chapter 58, New Jersey Statutes 46:30B-1 et seq.) and relevant administrative code attached should be referenced for a complete statement of the law and its various details.

<u>REPORTING</u>

The unclaimed safe deposit general reporting requirements <u>must</u> be sent to this office **before November 1,** of each year as of the proceeding June 30. If you have questions on safe deposit box reporting, please contact Kem Springsteen at (609) 633-2024.

State of New Jersey
Department of Treasury
Unclaimed Property
Safekeeping Unit
PO Box 446
Trenton, NJ 08695 – 0446
Attn: Kem Springsteen

<u>Please note:</u> This office will not accept delivery of safekeeping contents by mail or in person from a holder.   **You must not send the actual safekeeping contents**.   Safekeeping contents will only be accepted after representatives from our office have reviewed the report and contents **at your location**. This office will contact you prior to the inspection.

An estimated value must be provided for each individual item listed on the report per N.J.A.C. 18:13-1.4. If the value for the each item is not recorded, the report will be returned to the holder, unless the correct code is used such as: miscellaneous papers, important papers, miscellaneous items (contraband) or stock certificates. (See attached Codes)

<u>NOTICE</u>

You are required to give a written notice to the apparent owner not more than 120 days nor less than 60 days before the report is filed provided that you have a last known address and the property is valued at $ 50.00 or more (N.J.S.A. 46:30B-50).

<u>ABANDONMENT CRITERIA</u>

A holder of unclaimed safekeeping contents is required under N.J.S.A. 46:30B-45 to report the contents to the State if the safekeeping contents remain unclaimed by the owner for more than five years after the lease or rental period has expired.

REPORT YEAR

The statutory cycle for safekeeping contents is July 1 through June 30. The abandonment period is five years after the lease or rental period has expired. The report year is the year in which the report is due (before November 1 following the 12-month period ending on June 30).

OWNER REQUIREMENTS

Each owner's contents must be reported individually, and not intermingled with the contents of other owners. Each owner must stand alone with regard to lien charges, sale expenses, and sale proceeds.

INVENTORY OF CASH

Cash must be maintained in its original form, and not co-mingled with cash of other owners. It must not be converted to any other cash instruments.

INVENTORY OF MISCELLANEOUS PAPERS

Miscellaneous papers may be lumped together and listed under the code of Miscellaneous Paper. Only one important document should be detailed under the code of Important Paper

CONTRABAND

If weapons or contraband items (guns, bullets, knives over 4 1/2 inches long, illegal drugs, etc.) are found at the time of drilling, the Holder should immediately notify the proper authorities. ***Do not wait 5 years to inform the proper authorities!*** Follow your internal policy regarding Contraband. The Holder must document the action taken. (See attached letter for specific documentation.) Unclaimed contraband will not be accepted until the stated procedure is complete.

SALE BY HOLDER OF SAFEKEEPING CONTENTS

A holder of safekeeping contents may elect to conduct its own sale or auction (NJ 17:14A-51). If a holder conducts a sale or auction of safekeeping contents, the proceeds less any lien charges, storage costs, and advertising costs must be reported and remitted to the state five years after the lease or rental period has expired. The report must identify the individual items sold as well as items not sold on the safekeeping report. The excess proceeds must accompany the Unclaimed Safekeeping Report. The lien charges and sale expenses can only be deducted from each individual box/unit. The Holder may not add together proceeds from all box/units and seek total reimbursement for all lien charges and sale expenses. Proof of costs for each individual box/unit must be maintained by the holder. Each box/unit must be accounted for separately in all respects.

DESTRUCTION OF CONTENTS

Contents that remain after a sale or auction, may be destroyed by a holder **after** the items are verified as "worthless" by a state field representative (N.J.A.C. 18:13-1.6). Items considered "worthless" are items of insubstantial commercial value including, but not limited to, personal letters, food items (of any type), clothing (exclusive of furs), dentures, eyeglasses, personal prosthetic devices, inexpensive trinkets, ashtrays, paperweights, High School/College textbooks, notebooks-with/without personal writing,
personal snapshots/pictures, newspapers/magazines, personal documents, certificates, diplomas, receipts – gas/electric/telephone/rent, training manuals (any profession), paperback books, and paper clips/elastic bands (N.J.A.C. 18:13-1.4).

RECORD RETENTION

A holder of unclaimed safekeeping contents is required to maintain records related to safekeeping items for a period of five years after the report is filed with the State. This includes any records related to the original postings, certifications by notary public, lien charges, storage costs, advertising costs, the State of New Jersey Safe Deposit Box Audit Report or other records related to the safekeeping contents.
