

## **NGB Form 22/23**

To qualify for this exemption, you must have served at least 90 days on active duty. However, the 90 days does not have to be consecutive; it can be cumulative.

If you were a member of the National Guard and served at least 90 days on "active duty," but not continuously, you must submit a copy of your NGB Form 22 and Form 23.

NGB Form 22 will confirm your character of service at the time of your discharge, while the NGB Form 23 will verify your total time as "active duty."

In order to approve your application for this exemption, we must have both NGB Form 22 and Form 23.
