TRENTON NJ 08695-0269

CERTIFICATION OF NON-LIABILITY NEW JERSEY SPILL COMPENSATION AND CONTROL TAX

Check below the reason why your company is not liable for payment of the Spill Compensation and Control Tax.

I have reviewed the current New Jersey Department of Environmental Protection and Energy's "List of Hazardous Substances" and have determined that:

- A. Our company does not receive, store or manufacture any of the substances on the "List of Hazardous Substances" or receive or store petroleum products (other than to heat our facility or operate our vehicles) in the State of New Jersey.
- B. Our company does receive or store hazardous substances on the "List of Hazardous Substances" but we have a total storage capacity for all hazardous substances other than petroleum products at any of our facilities in New Jersey of less than 20,000 gallons. (20,000 gallons is equal to 167,043 pounds or 476 barrels or 364 55-gallon drums.)
- C. Our company does receive or store petroleum or petroleum products but we have a total storage capacity at any of our facilities in New Jersey of less than 200,000 gallons.
- D. Our company is not liable for filing and payment of tax under the Spill Compensation and Control Act for the following other reason:
(Please specify in full)

I the undersigned, hereby certify that the information provided is true, correct and complete.
