

GIT-5, Exempt Obligations

Introduction

Generally, interest and dividends are taxable and must be included in gross income on your New Jersey income tax return. However, New Jersey law exempts certain income from tax including:

- Interest and gains from obligations of the State of New Jersey or any of its political subdivisions;
- Interest and gains from direct obligations of the Federal Government, such as U.S. Savings Bonds; and
- Certain distributions from “New Jersey Qualified Investment Funds;” and
- Distributions paid by mutual funds to the extent the distributions are attributable to interest earned on Federal obligations; and
- Earnings on qualified withdrawals from qualified State tuition program accounts, including the New Jersey Better Educational Savings Trust Program (NJBEST) accounts.

This bulletin explains how to report taxable and tax-exempt interest income on your New Jersey income tax return, and provides a list of obligations which are exempt from New Jersey income tax.

General Information

Exempt Obligations

Interest and gains received from obligations of the State of New Jersey or any of its political subdivisions are not includable in gross income (subject to tax) on your New Jersey income tax return (Form NJ-1040, Form NJ-1040EZ, or Form NJ-1040NR). This exemption includes interest and gains on obligations issued by counties, municipalities, school or other districts, and New Jersey agencies and authorities. Also, interest and gains from certain Federal obligations are exempt from State or local taxation by State or Federal law.

Reporting Tax Exempt Interest

If you file a New Jersey resident income tax return (Form NJ-1040 or NJ-1040EZ), you must show the amount of exempt interest earned on Line 15b (Form NJ-1040) or Line 14b (Form NJ-1040EZ). If the amount of exempt interest you report is more than \$10,000, you must include an itemized schedule, by source. This does not change your tax-exempt interest to taxable interest. Taxable interest is reported separately on Line 15a (Form NJ-1040) or Line 14a (Form NJ-1040EZ). The nonresident return (Form NJ-1040NR) does not have a separate line for reporting exempt interest.

NOTE: Do not include exempt interest on the taxable interest income line on your return, since tax-exempt interest is not part of New Jersey gross income.

Taxable Obligations

Interest and gains from obligations of states and their political subdivisions (other than New Jersey and its political subdivisions) are fully taxable for New Jersey income tax purposes, *even though such interest and gains may be exempt for Federal income tax purposes.*

All taxable interest income must be reported on your New Jersey income tax return at Line 15a, Form NJ-1040, Line 14a, Form NJ-1040EZ, or Line 35, Column A, Form NJ-1040NR. Likewise, gains from the sale of obligations whose interest is taxable must be taken into account when computing your net gain from the disposition of property. See *Gain or Loss from Sale*, below.

Gain or Loss From Sale

In determining net gains or income from disposition of property for New Jersey income tax purposes (e.g., capital gains), do not include income or gains from obligations whose interest is exempt from New Jersey tax. Likewise, losses from sales of exempt obligations may not be deducted when computing net gains (or losses) on Schedule B, Form NJ-1040 (or Part II, Form NJ-1040NR).

Qualified Investment Funds

Distributions and gains from a New Jersey “qualified investment fund” are excludable from income to the extent that the distributions and gains come from the qualified exempt obligations held by the fund.

To be a “qualified investment fund” the fund must:

- Be a regulated investment company;

- Have 80% or more (other than cash or receivables) of its investments in obligations which are exempt from New Jersey income tax; and
- Certify its “qualified” status to the Division of Taxation annually.

A fund may hold up to 20% of its investments in obligations which are not tax-exempt. The portion of the fund’s distributions and gains which comes from those taxable investments must be reported as dividends and/or capital gains (as indicated on your Form 1099) on your New Jersey income tax return (Line 16 and Schedule B, Form NJ-1040, or Lines 36 and 38, Column A, Form NJ-1040NR). If you file Form NJ-1040EZ, report taxable dividends on Line 15. However, you cannot use Form NJ-1040EZ if you have taxable capital gains.

A fund that is a qualified investment fund for New Jersey purposes is required to notify its shareholders by February 15 of the portion of their distribution which may be excluded from gross income. You should contact your broker to determine if yours is a “qualified investment fund” for New Jersey income tax purposes.

Mutual Funds

The distributions received by shareholders of regulated investment companies, commonly referred to as “mutual funds,” are subject to the New Jersey gross income tax as distributions constituting dividends and/or capital gains, unless the fund is a “qualified investment fund” for New Jersey purposes (see *Qualified Investment Funds*, above), or the distributions are attributable to interest earned on Federal obligations. (Interest on Federal obligations is excludable whether or not such obligations are held by a “qualified investment fund.”) Tax-

able distributions should be included on Line 16 and/or Line 2, Schedule B, Form NJ-1040, or Lines 36 and/or 38, Column A, Form NJ-1040NR. If you file Form NJ-1040EZ, report taxable dividends on Line 15. However, you cannot use Form NJ-1040EZ if you have taxable capital gains. The tax-exempt portion of any distribution is reported on Line 15b, Form NJ-1040, or Line 14b, Form NJ-1040EZ.

Unit Investment Trusts

Interest received by a shareholder in a unit investment trust is exempt from New Jersey income tax, provided that the investments of the trust consist of exempt obligations.

State Tuition Program Accounts

Earnings on qualified withdrawals from qualified State tuition program accounts, including the New Jersey Better Educational Savings Trust (NJBEST) accounts are exempt from New Jersey income tax. If you file a New Jersey resident income tax return, you must show the amount of tax-exempt interest earned on Line 15b (Form NJ-1040) or Line 14b (Form NJ-1040EZ). The nonresident return does not have a line for reporting exempt interest.

Earnings on nonqualified withdrawals from NJBEST accounts, however, are taxable. Taxable interest is reported on Line 15a, Form NJ-1040, Line 14a, Form NJ-1040EZ, or Line 35, Column A, Form NJ-1040NR. Taxable dividends and/or capital gains (as

indicated on Form 1099) must be reported on Line 16 and/or Line 2, Schedule B, Form NJ-1040, or Lines 36 and/or 38, Column A, Form NJ-1040NR. If you file Form NJ-1040EZ, report taxable dividends on Line 15. However, you cannot use Form NJ-1040EZ if you have taxable capital gains.

Nonresidents

When completing the New Jersey nonresident income tax return (Form NJ-1040NR), complete Column A as if you were a resident of New Jersey. Report interest and dividends in Column A only if they would have been taxable to a New Jersey resident. When completing Column B, however, do not report any interest or dividends unless they were earned as part of a business activity in New Jersey.

Personal interest and dividends (even if from a New Jersey bank or broker) should not appear in Column B. If you have an entry in Column A of the NJ-1040NR that represents personal interest or dividends, report "0" on the corresponding line in Column B.
