RESOLUTION 2022-28
ACCEPTANCE OF CERTIFICATION FOR ALTERNATIVE TREATMENT CENTER
GSD NJ, LLC TO EXPAND OPERATIONS TO THE
ADULT PERSONAL-USE CANNABIS MARKET

WHEREAS, the authority to regulate and enforce activities related to medicinal cannabis previously was vested in the New Jersey Department of Health (“the Department”), and now vests in the New Jersey Cannabis Regulatory Commission (“the Commission”) pursuant to P.L. 2019, c.153; and

WHEREAS, pursuant to N.J.S.A. 24:6I-46.a(3)(a)(ii), in order for an Alternative Treatment Center (“ATC”) to begin engaging in the cultivation, manufacturing, retailing, wholesaling, distributing, or delivery of personal-use cannabis items, the Commission shall not require a full application from the ATC; and

WHEREAS, pursuant to N.J.S.A. 24:6I-46.a(3)(a)(iii), an ATC “shall not engage in activities related to the growing, manufacturing, wholesaling, transporting or delivering of cannabis or cannabis items until it has certified to the [Commission that that it has sufficient quantities of medical cannabis and medical cannabis products available to meet the reasonably anticipated needs of registered qualifying patients, and the [C]ommission has accepted the alternative treatment center’s certification”; and

WHEREAS, pursuant to N.J.S.A. 24:6I-46.a(3)(a)(iv), in determining whether to accept, an ATC’s certification, the Commission “shall assess patient enrollment, inventory, sales of medical cannabis and medical cannabis products, and any other factors determined by the commission through regulation”; and

WHEREAS, pursuant to N.J.A.C. 17:30-7.1(b), the Commission requires submission of certain documentation and certifications from any ATC wishing to engage in the cultivation, manufacturing, retailing, wholesaling, distributing, or delivery of personal-use cannabis items, including but not limited to:

1. A letter of intent notifying the Commission of the licenses sought by the ATC;
2. Municipal approval for each class of license sought by the ATC;
3. Evidence that the ATC has sufficient quantities of medical cannabis and medical cannabis products to meet the reasonably anticipated needs of

registered qualifying patients, and that the ATC shall not make any operational changes that reduce access to medical cannabis for current and newly registered qualifying patients;

4. A list of owners, principals, management services contractors, financial sources, and vendor-contractors associated with the proposed cultivation, manufacturing, retailing, wholesaling, distributing, or delivery of personal-use cannabis items, as applicable; and
5. An attestation signed by a bona fide labor organization stating that the ATC has entered into a labor peace agreement with such bona fide labor organization; and

WHEREAS, pursuant to the Executive Director's Expanded Alternative Treatment Center memorandum of November 23, 2021, each currently permitted ATC was reminded of the overall process, requirements, fees, and review procedure that the ATCs must satisfy to be granted approval from the Commission to expand operations into the adult personal-use cannabis market; and

WHEREAS, on February 4, 2022, Executive staff for the Commission held an informational call with the current group of ATCs to address outstanding questions with the certification process and to ensure that the group was aware of all privileges and prohibitions regarding expanding ATC operations; and

WHEREAS, pursuant to N.J.A.C. 17:30-7.1(c), the Commission has assessed the following criteria before determining whether to accept each ATC's certification:

1. Total qualifying patient enrollment in the Statewide medical cannabis program;
2. Qualifying patient enrollment at the ATC that has submitted for certification;
3. Statewide inventory of medical cannabis items and inventory of the ATC that has submitted for each certification;
4. Statewide sales of medical cannabis and medical cannabis products, as well as the sales at the ATC that has submitted for certification;
5. The current medical cannabis canopy of the ATC that has submitted for certification;
6. The total medical cannabis canopy needed to serve the qualifying patients of the ATC that has submitted for certification, on an ongoing basis;
7. The total medical cannabis canopy needed to serve the total number of qualifying patients in the medical cannabis program on an ongoing basis; and
8. The operational plans and capacity of the ATC that has submitted for certification to maintain or expand medical cannabis access for qualifying patients; and

WHEREAS, pursuant to N.J.A.C. 17:30-7.1(d), the Commission shall only accept a

certification from an ATC when an ATC has proven, by clear and convincing evidence that engaging in the cultivation, manufacturing, retailing, wholesaling, distributing, or delivery of cannabis items, as applicable, shall not adversely impact access for registered qualifying medical cannabis patients and shall not adversely impact the availability of medical cannabis or medical cannabis products; and

WHEREAS, pursuant to N.J.A.C. 17:30-7.1(e) the Commission shall approve an expanded ATC in accordance with the regulation where:

1. An ATC has submitted complete and accurate and verifiable information, as determined by the Commission;
2. The Commission accepts the ATC's certifications pursuant to N.J.A.C. 17:30-7.1(b) through (d); and
3. The ATC pays the Expanded ATC certification fee pursuant to N.J.A.C. 17:30-7.17; and

WHEREAS, GSD NJ LLC sent its initial submission on January 11, 2022, and in response to Commission staff's concerns regarding necessary canopy and patient access, submitted additional materials to support its certification on May 5, 2022; and

WHEREAS, the Commission has determined that the following ATC has submitted complete and accurate and verifiable information:

GSD NJ, LLC

NOW, THEREFORE, BE IT RESOLVED by the New Jersey Cannabis Regulatory Commission pursuant to N.J.S.A. 24:6I-46.a(3)(a)(ii) and N.J.A.C. 17:30-7.1, the following ATC has satisfied the requirements set forth in the regulation and the Commission has determined to accept its certifications to become an expanded alternative treatment center, allowing for expansion of operations in the adult personal-use cannabis market as set forth below, pending the payment of the requisite Expanded ATC certification fee:

ATC	Location(s)	License Requested
GSD NJ, LLC	950 U.S. Highway 1, Woodbridge, NJ	Class 1 Cannabis Cultivator and Class 5 Cannabis Retailer
	2000 East Park Blvd. Suite 2002, South Brunswick, NJ	Class 2 Cannabis Manufacturer
	2536 Route 22, Union, NJ	Class 5 Cannabis Retailer
	59 NJ-35, Eatontown, NJ	Class 5 Cannabis Retailer

Pursuant to N.J.A.C. 17:30-7.1(g) and (h), and prior to commencement of operations in the adult personal-use cannabis market, an expanded ATC must complete any necessary construction or preparation of expansion, comply with all terms and conditions contained in its Final Agency Decision, and satisfy a Commission final onsite inspection to ensure that the premises, operations, and procedures are consistent with the documentation and certifications required, as well as

compliant with the law and regulations.

Additionally, while the Commission shall immediately issue Class 2 Cannabis Manufacturer and Class 5 Cannabis Retailer licenses to GSD NJ LLC following final onsite inspections of each, the Class 1 Cannabis Cannabis Cultivator license for Woodbridge shall not be issued until the ATC has its first harvest from its second medicinal cannabis cultivation facility in Lakewood, NJ. GSD NJ LLC has limited cultivation canopy in its Woodbridge cultivation facility, and issuance of its adult personal-use cannabis cultivation license without additional capacity in active production could have a detrimental effect on the medicinal cannabis market. GSD NJ LLC shall notify the Commission of its first harvest at the Lakewood facility, at which time the Commission will complete an onsite inspection of Woodbridge and, upon GSD NJ LLC's successful passing of the inspection, issue the Class 1 Cannabis Cultivator license, as hereby authorized by the Board.

The expanded ATC shall maintain compliance with applicable regulations and shall comply with any continued or future onsite assessments to evaluate current or future undertakings or guarantees included in the expanded ATC's certification materials.

Submitted by:

Dianna Houenou, Chair

CERTIFICATION

I hereby certify that the foregoing is a true copy of the Resolution adopted by the Cannabis Regulatory Commission at its meeting held on the 24th day of May, 2022.
