

Breastfeeding is Welcome Here!

New Jersey supports women's rights to breastfeed. Breastfeeding is permitted anywhere in any place of public accommodation in New Jersey wherein you are otherwise permitted to be. [N.J.S.A. 26:4B-4]. New Jersey law also requires employers to provide accommodations to breastfeeding mothers to allow them to take breaks to breastfeed or pump at work. [P.L. 2017, Chapter 263].

A lactation room is available for those who prefer a private, comfortable place to breastfeed.

Breastfeeding provides health benefits for babies and mothers throughout the lifespan. Mother's milk offers the ideal nutrition for infants.
