February 2022

## PHASE I ENDS

The Healthy NJ 2030 Team wrapped up project development Phase I in November 2021. The major accomplishments of Phase I were:

- Establishing [Topic Areas and Cross-Cutting Issues](#) for the project
- Developing draft goals within each Topic Area
- Gathering community input through [Community Conversations: NJ's COVID-19 Storytelling Project](#)
- Recruiting new [team members](#) for Phase II

Thanks and congratulations to the [inaugural HNJ2030 Advisory Council](#) and [Action Teams](#) on all their hard work!

In other news, Yannai Kranzler, Director of the NJDOH Office of Population Health and HNJ2030's visionary, moved abroad in July 2021.

## PHASE II BEGINS

The Healthy NJ 2030 Team entered the second phase of development in December 2021.

- An orientation [meeting](#) for six new [Coordinating Committee](#) members was held in December.
- A new 14-member [Advisory Council](#) was established and had its [first meeting](#) in January.
- New Action Teams (ACTs) were formed, an initial [meeting](#) with 96 ACT members was held in January, and each of the four ACTs met separately in February.

Phase II will consist of

- Developing action plans to achieve the goals set in Phase I
- Establishing specific, measurable, achievable, realistic, time-bound (SMART) objectives for each goal
- Establishing target values to be met by 2030 for those SMART objectives
